FOREWORD

The Kentucky Constitution requires each house of the General Assembly to keep a journal as a public accounting of daily legislative activity. It is the official record of action by the General Assembly.

The *Kentucky Revised Statutes* require the Legislative Research Commission to compare, edit, correct, and publish the journals of each chamber. This is the *House Journal* for the Regular Session of 1998.

The texts of simple and concurrent resolutions appear on first reading or adoption. Appendices contain a list of elected representatives, tables of actions on bills and resolutions, roll call votes, the budget memorandum, and a subject index.

Ms. Linda Attkisson and Ms. Gene Wallace prepared the *House Journal* for the 1998 Regular Session. The edited copy and appendices in this volume reflect the cooperative efforts of the LRC Staff.

A local school board or superintendent may also request a management audit of the district.

(3) If a management audit, conducted for any of the reasons set forth in subsection (2) of this section, indicates that there is a pattern of a significant lack of efficiency and effectiveness in the governance or administration of a school district, the chief state school officer shall recommend the district to the Kentucky Board of Education either as a "state assisted

In the case of a member of a school council, the written charges shall be provided to the local board of education.

(2) The chief state school officer shall recommend by written charges the suspension by the Kentucky Board of Education of any district board member, superintendent of schools, or other public school officer whom he has reason to believe is guilty of immorality, misconduct in office, incompetency, willful neglect of duty, nonfeasance, or who shall be removed pursuant to KRS 158.6455(7) ***or Section 9 of this Act***. If the charges brought under this subsection represent an immediate threat to the public health, safety, or welfare, the Kentucky Board of Education shall summarily suspend the person against whom the charges are made. The action by the Kentucky Board of Education may be taken upon a recommendation of the chief state school officer, or the action may be taken by a majority vote of the Kentucky Board of Education without recommendation from the chief state school officer.

(3) The Kentucky Board of Education may suspend a district superintendent of schools or other public school officer under subsection (2) of this section or remove him pursuant to subsection (5) of this section only if, after thirty (30) days of receipt of the written charges specified in subsection (1) of this section, the proper school authorities having immediate jurisdiction, either the superintendent or the district board of education, have refused to act, have acted in bad faith, arbitrarily, or capriciously, or if a recommendation to the district board would have been futile.

(4) Any officer suspended by the Kentucky Board of Education under subsection (2) of this section shall be furnished with an emergency order specifying in detail the reasons for suspension and notifying the officer of his right to appeal the action and have an emergency hearing pursuant to KRS 13B.125.

(6) The hearing shall be public or private at the discretion of the accused former or current superintendent and shall be public when testimony is taken for board members.

(7) The Kentucky Board of Education may meet in closed session to consider the evidence and may by a majority vote remove the officer. If the board votes to remove the officer, the board shall prepare final order specifying which charge or charges it found to be the basis for removal. If within ninety (90) days from the date of suspension if applicable, the state board has not removed the officer, or has dismissed the charges, the suspended officer shall be reinstated and shall be paid his full salary for the period of suspension.

(8) The officer shall have a right to appeal on the record to the Circuit Court located in the county of the school district in accordance with KRS Chapter 13B. If the decision of the court is against removal, the officer shall be paid his full salary from the date of suspension. The payment shall be made from funds appropriated to the State Department of Education.

(9) If a superintendent of schools is removed from office or resigns while charges are pending pursuant to this section after July 15, 1994, any continuing contract pursuant to KRS 161.720 to 161.810 shall be terminated. Section 17. KRS 160.470 is amended to read as follows:

(1) Each district board of education shall prepare a general school budget in formats prescribed and furnished by the Kentucky Board of Education, showing the amount of money needed for current expenses, debt service, capital outlay, and other necessary expenses of the schools during the succeeding fiscal year, the estimated total amount that will be received from the common school fund and other sources, the assessed valuation of property subject to local taxation in the school district furnished as provided in subsection (3) of KRS 160.460, an estimate made by the Revenue Cabinet of public service company assessments and assessments of other property in the school district not furnished under the provisions of subsection (3) of KRS 160.460, and the amount that will be needed to be raised by local taxation, including the rate of levy necessary to raise such an amount.

(2) (a) Notwithstanding any statutory provisions to the contrary, no district board of education shall levy a general tax rate, voted general tax rate, or voted building tax rate for 1979-80 which will produce more revenue, exclusive of revenue from net assessment growth as defined in KRS 132.010, than would be produced by application of the maximum general tax rate, voted general tax rate, or voted building tax rate, respectively, that could have been levied in 1978-79, to the 1978-79 assessment, except as provided in ***subsections***[~~subsection~~] (12) ***and (13)*** of this section and KRS 157.440. In succeeding years, no district board of education shall levy a general tax rate, a voted general tax rate, or a voted building tax rate which will produce more revenue, exclusive of revenue from net assessment growth as defined in KRS 132.010, than would be produced by application of the general tax rate, maximum voted general tax rate, or maximum voted building tax rate, respectively, that could have been levied in the preceding year to the preceding year's assessment, except as provided in ***subsections***[~~subsection~~] (12) ***and (13)*** of this section and KRS 157.440.

(b) If an election is held as provided for in KRS 132.017 and the question should fail, such failure shall not reduce the ". . .general tax rate, maximum voted general tax rate, or maximum voted building tax rate, respectively, that could have been levied in the preceding year. . .," referred to in subsection (2)(a) of this section, for purposes of computing the general tax rate, voted general tax rate, or voted building tax rate for succeeding years.

In the event of a merger of school districts, the limitations contained in this section shall be based upon the combined revenue of the merging districts, as computed under the provisions of this section.

(3) No district board of education shall levy a general tax rate, voted general tax rate, or voted building tax rate within the limits imposed in subsection (2) of this section which respectively exceeds the compensating tax rate defined in KRS 132.010, except as provided in subsection (12) of this section, KRS 157.440, and KRS 157.621, until the district board of education has complied with the provisions of subsection (10) of this section.

(4) The chief state school officer shall certify the following to each district board of education, by June 30 of each year:

(a) The general tax rate, voted general tax rate, or voted building tax rate that a district board of education could levy under the provisions of subsection (2) of this section, and the amount of revenue expected to be produced by each;

(5) Upon completion of action on property assessment data, the Revenue Cabinet shall submit certified property assessment data as required in KRS 133.125 to the chief state school officer.

(6) Within thirty (30) days after the district board of education has received its assessment data, three (3) copies of the budget shall be forwarded to the Kentucky Board of Education for its approval or disapproval. The failure of the district board of education to furnish the budget within the time prescribed shall not invalidate any levy made thereafter.

(7) The budget shall be disapproved by the Kentucky Board of Education if it is financially unsound or fails to provide for:

(a) Payment of maturing principal and interest on any outstanding voted school improvement bonds of the school district, authorized and issued pursuant to KRS 162.080 and 162.090 with the written approval of the Kentucky Board of Education; or

(b) Payment of rentals in connection with any outstanding school building revenue bonds issued for the benefit of a school district by the appropriate city or county as authorized and provided under the provisions of KRS 162.120 to 162.300 and KRS 58.010 to 58.140, with the written approval of the Kentucky Board of Education; or

(c) Fails to comply with the law.

The Kentucky Board of Education shall state the reason for disapproval and the district board of education shall amend its budget, within the limitations of this section, to obviate the reasons for disapproval and resubmit the budget to the Kentucky Board of Education for final approval.

(8) If the budget as amended specifies a tax levy different from that levied under the disapproved budget, the tax-levying authority shall amend its levy so that the levy as amended shall comply with the provisions of subsection (1) of KRS 160.460. No general school budget shall become effective and no ad valorem levy shall be made until approved by the Kentucky Board of Education.

(9) (a) Each district board of education shall, on or before January 31 of each calendar year, formally and publicly examine detailed line item estimated revenues and proposed expenditures for the subsequent fiscal year. On or before May 15 of each calendar year, each district board of education shall adopt a tentative working budget which shall include a minimum reserve of two percent (2%) of the total budget.

(b) Each district board of education shall submit to the Kentucky Board of Education no later than September 15, a close estimate or working budget which shall conform to the administrative regulations prescribed by the Kentucky Board of Education, and which shall be consistent in its major divisions with the general school budget previously prepared.

(10) (a) Except as provided in subsection (12) of this section and KRS 157.440, a district board of education proposing to levy a general tax rate, voted general tax rate, or voted building tax rate within the limits of ***subsections***[~~subsection~~] (2) ***and (13)*** of this section which exceed the compensating tax rate defined in KRS 132.010 shall hold a public hearing to hear comments from the public regarding the proposed tax rate. The hearing shall be held in the principal office of the taxing district or, in the event the taxing district has no office, or the office is not suitable for such a hearing, the hearing shall be held in a suitable facility as near as possible to the geographic center of the district.

(b) The district board of education shall advertise the hearing by causing the following to be published at least twice for two (2) consecutive weeks, in the newspaper of largest circulation in the county, a display type advertisement of not less than twelve (12) column inches:

1. The general tax rate, voted general tax rate, and voted building tax rate levied in the preceding year, and the revenue produced by those rates;
2. The general tax rate, voted general tax rate, and voted building tax rate proposed for the current year, and the revenue expected to be produced by those rates;

4. The revenue expected from new property and personal property;
5. The general areas to which revenue in excess of the revenue produced in the preceding year is to be allocated;
6. A time and place for the public hearing which shall be held not less than seven (7) days nor more than ten (10) days after the day that the second advertisement is published;
7. The purpose of the hearing; and
8. A statement to the effect that the General Assembly has required publication of the advertisement and the information contained herein.

(c) In lieu of the two (2) published notices, a single notice containing the required information may be sent by first-class mail to each person owning real property, addressed to the property owner at his residence or principal place of business as shown on the current year property tax roll.

(d) The hearing shall be open to the public. All persons desiring to be heard shall be given an opportunity to present oral testimony. The district board of education may set reasonable time limits for testimony.

(11) (a) That portion of a general tax rate, a voted general tax rate, or a voted building tax rate, except as provided in subsection (12) of this section, KRS 157.440, and KRS 157.621, levied by an action of a district board of education which will produce, respectively, revenue from real property, exclusive of revenue from new property, more than four percent (4%) over the amount of revenue produced by the compensating tax rate defined in KRS

132.010, shall be subject to a recall vote or reconsideration by the district board of education as provided for in KRS 132.017, and shall be advertised as provided for in paragraph (b) of this subsection.

(b) The district board of education shall, within seven (7) days following adoption of an ordinance, order, resolution, or motion to levy a general tax rate, voted general tax rate, or voted building tax rate, except as provided in subsection (12) of this section and KRS 157.440, which will produce revenue from real property, exclusive of revenue from new property as defined in KRS 132.010, more than four percent (4%) over the amount of revenue produced by the compensating tax rate defined in KRS 132.010, cause the following to be published, in the newspaper of largest circulation in the county, a display type advertisement of not less than twelve (12) column inches:

1. The fact that the district board of education has adopted such a rate;

2. The fact that the part of the rate which will produce revenue from real property, exclusive of new property as defined in KRS 132.010, in excess of four percent (4%) over the amount of revenue produced by the compensating tax rate defined in KRS 132.010 is subject to recall; and

3. The name, address, and telephone number of the county clerk of the county or urban-county in which the school district is located, with a notation to the effect that that official can provide the necessary information about the petition required to initiate recall of the tax rate.

(12) (a) Notwithstanding any statutory provisions to the contrary, effective for school years beginning after June 30, 1990, the board of education of each school district shall levy a minimum equivalent tax rate of thirty cents ($0.30) for general school purposes. Equivalent tax rate is defined as the rate which results when the income collected during the prior year from all taxes levied by the district for school purposes is divided by the total assessed value of property plus the assessment for motor vehicles certified by the Revenue Cabinet. School districts collecting school taxes authorized by KRS 160.593 to 160.597, 160.601 to 160.633, or 160.635 to 160.648 for less than twelve (12) months during a school year shall have included in income collected under this section the pro rata tax collection for twelve (12) months.

(b) The general tax rate, voted general tax rate, or voted building tax rate voted by a district board of education under the provisions of this subsection shall be subject only to the public hearing requirements as provided in this subsection.

Section 18. KRS 160.473 is amended to read as follows:

(1) In the event that a general tax rate, voted general tax rate, or voted building tax rate applicable to real property levied by a district board of education will produce a percentage increase in revenue from personal property less than the percentage increase in revenue from real property, the district board of education may levy a general tax rate, voted general tax rate, or voted building tax rate applicable to personal property which will produce the same percentage increase in revenue from personal property as the percentage increase in revenue from real property; however, ***except in the case of a general tax rate, voted general tax rate, or voted building tax rate levied under the provisions of subsection (13) of Section 17 of this Act,***[~~in no event shall~~] the general tax rate, voted general tax rate, or voted building tax rate levied by the district board of education applicable to personal property ***shall not*** exceed the prior year general tax rate, voted general tax rate, or voted building tax rate applicable to personal property levied by the respective district board of education.

(2) The general tax rate, voted general tax rate, or voted building tax rate applicable to personal property levied by a district board of education under the provisions of subsection (1) of this section shall not be subject to the public hearing provisions of KRS 160.470(10) and to the recall provisions of KRS 160.470(11).

Section 19. KRS 157.621 is amended to read as follows:

(1) Local school districts that have experienced student population growth during a five (5) year period may levy a five cents ($0.05) tax for debt service and new facilities in addition to the five cents ($0.05) levied under the school construction funding program provided in KRS 157.620. The tax rate levied by the district under this provision shall not be subject to a recall vote as provided in KRS 160.470(11) and shall not be equalized by state funding.

(2) A local school district shall meet the following criteria in order to levy the tax provided in subsection (1) of this section:

(a) Growth of at least one hundred fifty (150) students in average daily attendance and three percent (3%) overall growth for the five (5) preceding years;

(b) Bonded debt to the maximum capability of at least eighty percent (80%) of capital outlay from the Support Education Excellence in Kentucky funding program, all revenue from the local facility tax, and all receipts from state equalization on the local facility tax;

(c) Current student enrollment in excess of available classroom space; and

(d) A local school facility plan that has been approved by the Kentucky Board of Education and certified to the School Facilities Construction Commission.

(3) When the state appropriations amount to the total cost of equalizing the five cents ($0.05) at the rate prescribed in KRS 157.620, as evidenced in the biennial budget and the budget memorandum, the provisions of this section shall expire.

(4) Notwithstanding any statutory provisions to the contrary, a local school district that levied a special voted building fund tax prior to July 13, 1990, shall be permitted to levy up to five cents ($0.05) of a special voted building fund tax above the tax levied in accordance with KRS 157.440(1)(a), subject to the public hearing provisions of KRS 160.470(10). The provisions concerning recall votes and reconsideration by the local school district shall not apply.

Section 20. The Kentucky Department of Education shall conduct a study of professional development and training for school personnel in the use of educational technology to determine the adequacy and effectiveness of the training activity in improving teaching, and student learning and achievement. A report shall be submitted to the Kentucky Board of Education for approval and to the Legislative Research Commission no later than April, 1999.

Section 21. Beginning with the 1998-99 school year, each local school district and the Department of Education shall calculate the number of pupils in average daily membership as well as the number in average daily attendance as required under the provisions of KRS Chapter 157. The Department of Education shall conduct a study of the data to determine the impact of the two (2) methods of calculation on the distribution of funds from the Support Education Excellence in Kentucky program for the 1998-2000 biennium and submit a report to the Kentucky Board of Education and the Legislative Research Commission by October, 1999.

Section 22. Whereas school districts begin their fiscal years July 1 and must adjust their operations to be responsive to the amendments of this Act, an emergency is declared to exist and Sections 17, 18, and 19 of this Act take effect on this Act's passage and approval of the Governor or upon its otherwise becoming a law.

HB 735, AN ACT relating to workers' compensation.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 342.730 is amended to read as follows:

(1) Except as provided in KRS 342.732, income benefits for disability shall be paid to the employee as follows:

(a) For temporary or permanent total disability, sixty-six and two-thirds percent (66-2/3%) of the employee's average weekly wage but not more than one hundred percent (100%) of the state average weekly wage and not less than twenty percent (20%) of the state average weekly wage as determined in KRS 342.740 during that disability. Nonwork-related impairment and conditions compensable under KRS 342.732 and hearing loss covered in KRS 342.7305 shall not be considered in determining whether the employee is totally disabled for purposes of this subsection.

(b) For permanent partial disability, sixty-six and two-thirds percent (66-2/3%) of the employee's average weekly wage but not more than seventy-five percent (75%) of the state average weekly wage as determined by KRS 342.740, multiplied by the permanent impairment rating caused by the injury or occupational disease as determined by "Guides to the Evaluation of Permanent Impairment," American Medical Association, latest edition available, times the factor set forth in the table that follows:

AMA Impairment	Factor
0 to 5%	***1.25***[~~0.75~~]
6 to 10%	***1.50***[~~1.00~~]
11 to 15%	***1.75***[~~1.25~~]
16 to 20%	***2.00***[~~1.50~~]
21 to 25%	***2.25***[~~1.75~~]
26 to 30%	***2.50***[~~2.00~~]
31 to 35%	***2.70***[~~2.25~~]
36% and above	***3.00***[~~2.50~~]

Any temporary total disability period within the maximum period for permanent, partial disability benefits shall extend the maximum period but shall not make payable a weekly benefit exceeding that determined in subsection (1)(a) of this section. Notwithstanding any section of this chapter to the contrary, there shall be no minimum weekly income benefit for permanent partial disability and medical benefits shall be paid for the duration of the disability.

(c) 1. If, due to an injury, an employee does not retain the physical capacity to return to the type of work that the employee performed at the time of injury, the benefit for permanent partial disability shall be one and one-half (1-1/2) times the amount otherwise determined under paragraph (b) of this subsection, but this provision shall not be construed so as to extend the duration of payments.

2. If an employee returns to work at a weekly wage equal to or greater than the average weekly wage at the time of injury, the weekly benefit for permanent partial disability otherwise payable under paragraph (b) of this subsection shall be reduced by one-half (1/2) for each week during which that employment is sustained. During any period of cessation of that employment, temporary or permanent, for any reason, with or without cause, payment of weekly benefits for permanent partial disability during the period of cessation shall be restored to the rate prescribed in paragraph (b) of this subsection.

3. Notwithstanding the provisions of KRS 342.125, a claim may be reopened at any time during the period of permanent partial disability in order to conform the award payments with the requirements of subparagraph 2. of this paragraph.

(d) For permanent partial disability, if an employee has a permanent disability rating of fifty percent (50%) or less as a result of a work-related injury, the compensable permanent partial disability period shall be four hundred twenty-five (425) weeks, and if the permanent disability rating is greater than fifty percent (50%), the compensable permanent partial disability period shall be five hundred twenty (520) weeks from the date the impairment or disability exceeding fifty percent (50%) arises. Benefits payable for permanent partial disability shall not exceed ninety-nine percent (99%) of sixty-six and two-thirds percent (66-2/3%) of the employee's average weekly wage as determined under KRS 342.740 and shall not exceed seventy-five percent (75%) of the state average weekly wage, except for benefits payable pursuant to paragraph (c)1. of this subsection, which shall not exceed one hundred percent (100%) of the state average weekly wage, nor shall benefits for permanent partial disability be payable for a period exceeding five hundred twenty (520) weeks, notwithstanding that multiplication of impairment times the factor set forth in paragraph (b) of this subsection would yield a greater percentage of disability.

(e) For permanent partial disability, impairment for nonwork-related disabilities, conditions previously compensated under this chapter, conditions covered by KRS 342.732, and hearing loss covered in KRS 342.7305 shall not be considered in determining the extent of disability or duration of benefits under this chapter.

(2) The period of any income benefits payable under this section on account of any injury shall be reduced by the period of income benefits paid or payable under this chapter on account of a prior injury if income benefits in both cases are for disability of the same member or function, or different parts of the same member or function, and the income benefits payable on account of the subsequent disability in whole or in part would duplicate the income benefits payable on

account of the pre-existing disability.

(3) Subject to the limitations contained in subsection (4) of this section, when an employee, who has sustained disability compensable under this chapter, and who has filed, or could have timely filed, a valid claim in his lifetime, dies from causes other than the injury before the expiration of the compensable period specified, portions of the income benefits specified and unpaid at the individual's death, whether or not accrued or due at his death, shall be paid, under an award made before or after the death, for the period specified in this section, to and for the benefit of the persons within the classes at the time of death and in the proportions and upon the conditions specified in this section and in the order named:

(a) To the widow or widower, if there is no child under the age of eighteen (18) or incapable of self-support, benefits at fifty percent (50%) of the rate specified in the award; or

(b) If there are both a widow or widower and such a child or children, to the widow or widower, forty-five percent (45%) of the benefits specified in the award, or forty percent (40%) of those benefits if such a child or children are not living with the widow or widower; and, in addition thereto, fifteen percent (15%) of the benefits specified in the award to each child. Where there are more than two (2) such children, the indemnity benefits payable on account of two (2) children shall be divided among all the children, share and share alike; or

(c) If there is no widow or widower but such a child or children, then to the child or children, fifty percent (50%) of the benefits specified in the award to one (1) child, and fifteen percent (15%) of those benefits to a second child, to be shared equally. If there are more than two (2) such children, the indemnity benefits payable on account of two (2) children shall be divided equally among all the children; or

(d) If there is no survivor in the above classes, then the parent or parents wholly or partly actually dependent for support upon the decedent, or to other wholly or partly actually dependent relatives listed in paragraph (g) of subsection (1) of KRS 342.750, or to both, in proportions that the commissioner provides by administrative regulation.

(e) To the widow or widower upon remarriage, up to two (2) years, benefits as specified in the award and proportioned under paragraphs (a) or (b) of this subsection, if the proportioned benefits remain unpaid, to be paid in a lump sum.

(4) All income benefits payable pursuant to this chapter shall terminate as of the date upon which the employee qualifies for normal old-age Social Security retirement benefits under the United States Social Security Act, 42 U.S.C. secs. 301 to 1397f, or two (2) years after the employee's injury or last exposure, whichever last occurs. (4) No attorney's fee ***in excess of one thousand dollars ($1,000)*** in any case involving benefits under this chapter shall be paid until the fee is approved by the arbitrator or administrative law judge, and any contract for the payment of attorney's fees otherwise than as provided in this section shall be void. (5) At the commencement of the attorney-client relationship, the attorney shall explain to the employee the methods by which this section provides for the payment of the attorney's fee, and the employee shall select the method in which his attorney's fee is to be paid. His selection and statement that he fully understands the method to be used shall be submitted by his attorney, on a notarized form signed by the employee, at the time the motion for approval of the attorney's fee is submitted. The commissioner shall develop the format and content of the form to be used pursuant to this section. (7) In a claim that has been reopened pursuant to the provisions of this chapter, an attorney's fee may be awarded by the arbitrator or administrative law judge subject to the limits set forth in subsection (2) of this section. "Injury" when used generally, unless the context indicates otherwise, shall include an occupational disease and damage to a prosthetic appliance, but shall not include a psychological, psychiatric, or stress-related change in the human organism, unless it is a direct result of a physical injury.

(2) "Occupational disease" means a disease arising out of and in the course of the employment.

(3) An occupational disease as defined in this chapter shall be deemed to arise out of the employment if there is apparent to the rational mind, upon consideration of all the circumstances, a causal connection between the conditions under which the work is performed and the occupational disease, and which can be seen to have followed as a natural incident to the work as a result of the exposure occasioned by the nature of the employment and which can be fairly traced to the employment as the proximate cause. The occupational disease shall be incidental to the character of the business and not independent of the relationship of employer and employee. An occupational disease need not have been foreseen or expected but, after its contraction, it must appear to be related to a risk connected with the employment and to have flowed from that source as a rational consequence.

(4) "Injurious exposure" shall mean that exposure to occupational hazard which would, independently of any other cause whatsoever, produce or cause the disease for which the claim is made.

(5) "Death" means death resulting from an injury or occupational disease.

(b) "Permanent partial disability" means the condition of an employee who, due to an injury, has a permanent disability rating but retains the ability to work; and

(c) "Permanent total disability" means the condition of an employee who, due to an injury, has a permanent disability rating and has a complete and permanent inability to perform any type of work as a result of an injury, except that total disability shall be irrebuttably presumed to exist for an injury that results in:

1. Total and permanent loss of sight in both eyes;
2. Loss of both feet at or above the ankle;
3. Loss of both hands at or above the wrist;
4. Loss of one (1) foot at or above the ankle and the loss of one (1) hand at or above the wrist;

A business entity engaged in the severance or processing of coal, including, but not limited to, administrative or selling functions, shall be considered wholly engaged in the severance or processing of coal for the purpose of this chapter. However, a business entity which is engaged in a separate business activity not related to coal, for which a separate premium charge is not made, shall be deemed to be engaged in the severance or processing of coal only to the extent that the number of employees engaged in the severance or processing of coal bears to the total number of employees. Any employee who is involved in the business of severing or processing of coal and business activities not related to coal shall be prorated based on the time involved in severance or processing of coal bears to his total time.

(24) "Premium" for every group of self-insurers means any and all assessments levied on its members by such group or contributed to it by the members thereof. For special fund assessment purposes, "premium" also includes any and all

The cost for coverage calculated under this paragraph by insurance companies that issue only deductible insurance policies in Kentucky shall be actuarially adequate to cover the entire liability of the employer for compensation under this chapter, including all expenses and allowances normally used to calculate the cost for coverage. For policies with provisions for deductibles with effective dates of May 6, 1993, through December 31, 1993, for which the insurance company did not report premiums and remit special fund assessments based on the calculated cost for coverage prior to the reduction for deductibles, "premiums received" includes the initial premium plus any reimbursements invoiced for losses, expenses, and fees charged under the deductibles. The special fund assessment rates in effect for reimbursements invoiced for losses, expenses, or fees charged under the deductibles shall be those percentages in effect on the effective date of the insurance policy. For policies covering leased employees as defined in KRS 342.615, "premiums received" means premiums calculated using the experience modification factor of each lessee as defined in KRS 342.615 for each leased employee for that portion of the payroll pertaining to the leased employee.

(b) "Direct written premium" for insurance companies means the gross premium written less return premiums and premiums on policies not taken but including policy and membership fees.

(c) "Premium," for policies effective on or after January 1, 1994, for insurance companies means all consideration, whether designated as premium or otherwise, for workers' compensation insurance paid to an insurance company or its representative, including, on insurance policies with provisions for deductibles, the calculated cost for coverage, including experience modification and premium surcharge or discount, prior to any reduction for deductibles. The rates, factors, and methods used to calculate the cost for coverage under this paragraph for insurance policies or other evidence of coverage with provisions for deductibles shall be the same rates, factors, and methods normally used by the insurance company in Kentucky to calculate the cost for coverage for insurance policies or other evidence of coverage without provisions for deductibles, except that, for insurance policies or other evidence of coverage with provisions for deductibles effective on or after January 1, 1995, the calculated cost for coverage shall not include any schedule rating modifications, debits, or credits. The cost for coverage calculated under this paragraph by insurance companies that issue only deductible insurance policies in Kentucky shall be actuarially adequate to cover the entire liability of the employer for compensation under this chapter, including all expenses and allowances normally used to calculate the cost for coverage. For policies with provisions for deductibles with effective dates of May 6, 1993, through December 31, 1993, for which the insurance company did not report premiums and remit special fund assessments based on the calculated cost for coverage prior to the reduction for deductibles, "premium" includes the initial consideration plus any reimbursements invoiced for losses, expenses, or fees charged under the deductibles.

(d) "Return premiums" for insurance companies means amounts returned to insureds due to endorsements, retrospective adjustments, cancellations, dividends, or errors.

(26) "Insurance policy" for an insurance company or group self-insurer means the term of insurance coverage commencing from the date coverage is extended, whether a new policy or a renewal, through its expiration, not to exceed the anniversary date of the renewal for the following year.

(27) "Self-insurance year" for a group self-insurer means the annual period of certification of the group created pursuant to KRS 342.350(4).

(28) "Premium" for each employer carrying his own risk pursuant to KRS 342.340(1) shall be the projected value of the employer's workers' compensation claims for the next calendar year as calculated by the commissioner using generally-accepted actuarial methods as follows:

(a) The base period shall be the earliest three (3) calendar years of the five (5) calendar years immediately preceding the calendar year for which the calculation is made. The commissioner shall identify each claim of the employer which has an injury date or date of last injurious exposure to the cause of an occupational disease during each one

(1) of the three (3) calendar years to be used as the base, and shall assign a value to each claim. The value shall be the total of the indemnity benefits paid to date and projected to be paid, adjusted to current benefit levels, plus the medical benefits paid to date and projected to be paid for the life of the claim, plus the cost of medical and vocational rehabilitation paid to date and projected to be paid. Adjustment to current benefit levels shall be done by multiplying the weekly indemnity benefit for each claim by the number obtained by dividing the statewide average weekly wage which will be in effect for the year for which the premium is being calculated by the statewide average weekly wage in effect during the year in which the injury or date of the last exposure occurred. The total value of the claims using the adjusted weekly benefit shall then be calculated by the commissioner. Values for claims in which awards have been made or settlements reached because of findings of permanent partial or permanent total disability shall be calculated using the mortality and interest discount assumptions used in the latest available statistical plan of the advisory rating organization defined in Subtitle 13 of KRS Chapter 304. The sum of all calculated values shall be computed for all claims in the base period.

(b) The commissioner shall obtain the annual payroll for each of the three (3) years in the base period for each employer carrying his own risk from records of the department and from the records of the Department for Employment Services,, Cabinet for Workforce Development. The commissioner shall multiply each of the three (3) years of payroll by the number obtained by dividing the statewide average weekly wage which will be in effect for the year in which the premium is being calculated by the statewide average weekly wage in effect in each of the years of the base period.

(c) The commissioner shall divide the total of the adjusted claim values for the three (3) year base period by the total adjusted payroll for the same three (3) year period. The value so calculated shall be multiplied by 1.25 and shall then be multiplied by the employer's most recent annualized payroll, calculated using records of the department and the Department for Employment Services data which shall be made available for this purpose on a quarterly basis as reported, to obtain the premium for the next calendar year for assessment purposes under KRS 342.122.

(d) For November 1, 1987, through December 31, 1988, premium for each employer carrying his own risk shall be an amount calculated by the board pursuant to the provisions contained in this subsection and such premium shall be provided to each employer carrying his own risk and to the funding commission on or before January 1, 1988. Thereafter, the calculations set forth in this subsection shall be performed annually, at the time each employer applies or renews his application for certification to carry his own risk for the next twelve (12) month period and submits payroll and other data in support of the application. The employer and the funding commission shall be notified at the time of the certification or recertification of the premium calculated by the commissioner, which shall form the employer's basis for assessments pursuant to KRS 342.122 for the calendar year beginning on January 1 following the date of certification or recertification.

(e) If an employer having fewer than five (5) years of doing business in this state applies to carry his own risk and is so certified, his premium for the purposes of KRS 342.122 shall be based on the lesser number of years of experience as may be available including the two (2) most recent years if necessary to create a three (3) year base period. If the employer has less than two (2) years of operation in this state available for the premium calculation, then his premium shall be the greater of the value obtained by the calculation called for in this subsection or the amount of security required by the commissioner pursuant to KRS 342.340(1).

(f) If an employer is certified to carry his own risk after having previously insured the risk, his premium shall be calculated using values obtained from claims incurred while insured for as many of the years of the base period as may be necessary to create a full three (3) year base. After the employer is certified to carry his own risk and has paid all amounts due for assessments upon premiums paid while insured, he shall be assessed only upon the premium calculated under this subsection.

(g) "Premium" for each employer defined in KRS 342.630(2) shall be calculated as set forth in this subsection.

(h) Notwithstanding any other provision of this subsection, the premium of any employer authorized to carry its own risk for purposes of assessments due under this chapter shall be no less than thirty cents ($0.30) per one hundred dollars ($100) of the employer's most recent annualized payroll for employees covered by this chapter.

(29) "SIC code" as used in this chapter means the Standard Industrial Classification Code contained in the latest edition of the Standard Industrial Classification Manual published by the Federal Office of Management and Budget.

(30) "Investment interest" means any pecuniary or beneficial interest in a provider of medical services or treatment under this chapter, other than a provider in which that pecuniary or investment interest is obtained on terms equally available to the public through trading on a registered national securities exchange, such as the New York Stock Exchange or the American Stock Exchange, or on the National Association of Securities Dealers Automated Quotation System.

(31) "Managed health care system" means a health care system that employs gatekeeper providers, performs utilization review, and does medical bill audits.

(35) "Permanent impairment rating" means percentage of whole body impairment caused by the injury or occupational disease as determined by "Guides to the Evaluation of Permanent Impairment," American Medical Association, latest available edition.

(36) "Permanent disability rating" means the permanent impairment rating selected by an arbitrator or administrative law judge times the factor set forth in the table that appears at KRS 342.730(1)(b)."

(b) ***If it is determined that an employee has a radiographic classification of category 1/1, 1/2, 2/1, or 2/3, based on the latest ILO International Classification of Radiographic and respiratory impairment resulting from exposure to coal dust as evidenced by spirometric test values of eighty percent (80%) or above of the predicted normal values contained in the chapter on the respiratory system of the latest edition available of the "Guides to the Evaluation of Permanent Impairment" published by the American Medical Association, there shall be an irrebutable presumption that the employee has an occupational disability rating of ten percent (10%) resulting from exposure to coal dust, and the employee shall be awarded an income benefit which shall be an amount equal to sixty-six and two-thirds percent (662/3%) of the employee's average weekly wage multiplied by a disability rating of ten percent (10%) but not to exceed seventy-five percent (75%) of the state average weekly wage as determined under KRS 342.740. The award shall be payable for a period not to exceed four hundred twenty-five (425) weeks but in no event shall benefits be paid under this subsection while the employee continues to work in the mining industry in the severance and processing of coal as defined in KRS 342.001(23)(a).***

(2) The presence of respiratory impairment resulting from exposure to coal dust shall be established by using the largest forced vital capacity (FVC) value or the largest forced expiratory volume in one second (FEV1) value determined from the totality of all such spirometric testing performed in compliance with accepted medical standards.

(3) When valid spirometric tests are not provided and a physician certifies to the administrative law judge or arbitrator that spirometric testing is not medically indicated because of the permanent physical condition of the employee, the administrative law judge or arbitrator shall make his decision on the basis of evidence admitted which establishes the existence of a diagnosis of occupational pneumoconiosis and respiratory impairment due to the occupational pneumoconiosis. The evidence submitted by the employee shall include one (1) or more arterial blood gas studies performed in accordance with accepted medical standards. Income benefits shall not be awarded in the absence of valid spirometric tests if the claimant's PO2 arterial blood gas value is equal to or higher than one (1) standard deviation from the normal value obtained by the formula (103.5 - 0.42X), where X equals the claimant's age at the time of the arterial blood gas study.

(4) In no event shall income benefits awarded under this section be stacked or added to income benefits awarded under KRS 342.730 to extend the period of disability.".

Floor Amendment No. 6 to **HB 735**, by Representative Deskins:

On page 6, after line 4 by adding the following section:

"Section 2. KRS 342.125 is amended to read as follows:

(1) Upon motion by any party or upon an arbitrator's or administrative law judge's own motion, an arbitrator or administrative law judge may reopen and review any award or order on any of the following grounds:
  (a) Fraud;
  (b) Newly-discovered evidence which could not have been discovered with the exercise of due diligence;
  (c) Mistake; and
  (d) Change of disability as shown by objective medical evidence of worsening or improvement of impairment due to a condition caused by the injury since the date of the award or order.

(2) No claim which has been previously dismissed or denied on the merits shall be reopened except upon the grounds set forth in this section.

(3) Except for reopening solely for determination of the compensability of medical expenses~~[,]~~ ***or*** fraud, ~~[or conforming the award as set forth in KRS 342.730(1)(c)2., or for reducing a permanent total disability award when an employee returns to work,]~~ no claim shall be reopened more than ~~[four (4) years]~~ ***five hundred twenty (520) weeks*** following the date of the original award or order granting or denying benefits ***becomes final*** , or ***except in situations involving surgical intervention*** within ***one (1) year*** ~~[two (2) years]~~ of such award or order, and ***except in situations involving surgical intervention,*** no party may file a motion to reopen within ***one (1) year*** ~~[two (2) years]~~ of any previous motion to reopen by the same party.

(4) Reopening and review under this section shall be had upon notice to the parties and in the same manner as provided for an initial proceeding under this chapter. Upon reopening, the arbitrator or administrative law judge may end, diminish, or increase compensation previously awarded, within the maximum and minimum provided in this chapter, or change or revoke a previous order. The arbitrator or administrative law judge shall immediately send all parties a copy of the subsequent order or award. Reopening shall not affect the previous order or award as to any sums already paid thereunder, and any change in the amount of compensation shall be ordered only from the date of filing the motion to

reopen. No employer shall suspend benefits during pendency of any reopening procedures except upon order of the arbitrator or administrative law judge.

(5) (a) Upon the application of the affected employee, and a showing of progression of his previously-diagnosed occupational pneumoconiosis resulting from exposure to coal dust and development of respiratory impairment due to that pneumoconiosis and two (2) additional years of employment in the Commonwealth wherein the employee was continuously exposed to the hazards of the disease, the arbitrator or administrative law judge may review an award or order for benefits attributable to coal-related pneumoconiosis under KRS 342.732. An application for review under this subsection shall be made within one (1) year of the date the employee knew or reasonably should have known that a progression of his disease and development or progression of respiratory impairment have occurred. Review under this subsection shall include a review of all evidence admitted in all prior proceedings.

(b) Benefits awarded as a result of a review under this subsection shall be reduced by the amount of retraining incentive benefits or income benefits previously awarded under KRS 342.732. The amount to be deducted shall be subtracted from the total amount awarded, and the remaining amount shall be divided by the number of weeks, for which the award was made, to arrive at the weekly benefit amount which shall be apportioned in accordance with the provisions of KRS 342.316.

(6) In a reopening or review proceeding where there has been additional permanent partial disability awarded, the increase shall not extend the original period, unless the combined prior disability and increased disability exceeds fifty percent (50%), but less than one hundred percent (100%), in which event the awarded period shall not exceed five hundred twenty (520) weeks, from commencement date of the original disability previously awarded. The law in effect on the date of the original injury controls the rights of the parties.

(7) Where an agreement has become an award by approval of the arbitrator or administrative law judge, and a reopening and review of that award is initiated, no statement contained in the agreement, whether as to jurisdiction, liability of the employer, nature and extent of disability, or as to any other matter, shall be considered by the arbitrator or the administrative law judge as an admission against the interests of any party. The parties may raise any issue upon reopening and review of this type of award which could have been considered upon an original application for benefits.

(8) The time limitation prescribed in this section shall apply to all claims irrespective of when they were incurred, or when the award was entered, or the settlement approved. However, claims decided prior to ***the effective date of this Act*** ~~[December 12, 1996]~~, may be reopened within ***five hundred twenty (520) weeks*** ~~[four (4) years]~~ of the award or order or within ***five hundred twenty (520) weeks*** ~~[four (4) years]~~ of ***the effective date of this Act*** ~~[December 12, 1996]~~, whichever is later, provided that the exceptions to reopening established in subsections (1) and (3) of this section shall apply to these claims as well."

As used in this chapter, unless the context otherwise requires:

(1) "Injury" means any work-related traumatic event or series of traumatic events, including cumulative trauma, arising out of and in the course of employment which is the proximate cause producing a harmful change in the human organism evidenced by objective medical findings. "Injury" does not include the effects of the natural aging process, and does not include any communicable disease unless the risk of contracting the disease is increased by the nature of the employment. "Injury" when used generally, unless the context indicates otherwise, shall include an occupational disease and damage to a prosthetic appliance, but shall not include a psychological, psychiatric, or stress-related change in the human organism, unless it is a direct result of a physical injury.

(2) "Occupational disease" means a disease arising out of and in the course of the employment.

(3) An occupational disease as defined in this chapter shall be deemed to arise out of the employment if there is apparent to the rational mind, upon consideration of all the circumstances, a causal connection between the conditions under which the work is performed and the occupational disease, and which can be seen to have followed as a natural incident to the work as a result of the exposure occasioned by the nature of the employment and which can be fairly traced to the employment as the proximate cause. The occupational disease shall be incidental to the character of the business and not independent of the relationship of employer and employee. An occupational disease need not have been foreseen or expected but, after its contraction, it must appear to be related to a risk connected with the employment and to have flowed from that source as a rational consequence.

(4) "Injurious exposure" shall mean that exposure to occupational hazard which would, independently of any other cause whatsoever, produce or cause the disease for which the claim is made.

(5) "Death" means death resulting from an injury or occupational disease.

(6) "Carrier" means any insurer, or legal representative thereof, authorized to insure the liability of employers under this chapter and includes a self-insurer.

(7) "Self-insurer" is an employer who has been authorized under the provisions of this chapter to carry his own liability on his employees covered by this chapter.

(b) "Permanent partial disability" means the condition of an employee who, due to an injury, has a permanent disability rating but retains the ability to ***engage in substantial gainful employment*** [~~work~~]; and

(c) "Permanent total disability" means the condition of an employee who, due to an injury, has a permanent disability [~~rating~~]and has [~~a complete and~~] permanent inability to perform any type of ***substantial gainful employment*** [~~work~~] as a result of an injury, except that total disability shall be irrebuttably presumed to exist for an injury that results in:

1. Total and permanent loss of sight in both eyes;
2. Loss of both feet at or above the ankle;
3. Loss of both hands at or above the wrist;
4. Loss of one (1) foot at or above the ankle and the loss of one (1) hand at or above the wrist;

5. Permanent and complete paralysis of both arms, both legs, or one (1) arm and one (1) leg;

6. Incurable ***psychiatric or psychological disease or disorder as defined by the "Guides to Evaluation of Permanent Impairment," American Medical Association, latest available edition*** ~~[insanity or imbecility]~~; or

(18) "Agriculture" means the operation of farm premises, including the planting, cultivation, producing, growing, harvesting, and preparation for market of agricultural or horticultural commodities thereon, the raising of livestock for food products and for racing purposes, and poultry thereon, and any work performed as an incident to or in conjunction with the farm operations. It shall not include the commercial processing, packing, drying, storing, or canning of such commodities for market, or making cheese or butter or other dairy products for market.

(19) "Beneficiary" means any person who is entitled to income benefits or medical and related benefits under this chapter.

(20) "United States," when used in a geographic sense, means the several states, the District of Columbia, the Commonwealth of Puerto Rico, the Canal Zone, and the territories of the United States.

(21) "Alien" means a person who is not a citizen, a national, or a resident of the United States or Canada. Any person not a citizen or national of the United States who relinquishes or is about to relinquish his residence in the United States shall be regarded as an alien.

(22) "Insurance carrier" means every insurance carrier or insurance company authorized to do business in the Commonwealth writing workers' compensation insurance coverage and includes the Kentucky Employers Mutual Insurance Authority and every group of self-insurers operating under the provisions of this chapter.

Severance or processing of coal shall not include acts performed by a final consumer if the acts are performed at the site of final consumption.

(b) "Engaged in severance or processing of coal" shall include all individuals, partnerships, corporations, joint ventures, associations, or any other business entity in the Commonwealth which has employees on its payroll who perform any of the acts stated in paragraph (a) of this subsection, regardless of whether the acts are performed as owner of the coal or on a contract or fee basis for the actual owner of the coal. A business entity engaged in the severance or processing of coal, including, but not limited to, administrative or selling functions, shall be considered wholly engaged in the severance or processing of coal for the purpose of this chapter. However, a business entity which is engaged in a separate business activity not related to coal, for which a separate premium charge is not made, shall be deemed to be engaged in the severance or processing of coal only to the extent that the number of employees engaged in the severance or processing of coal bears to the total number of employees. Any employee who is involved in the business of severing or processing of coal and business activities not related to coal shall be prorated based on the time involved in severance or processing of coal bears to his total time.

(24) "Premium" for every group of self-insurers means any and all assessments levied on its members by such group or contributed to it by the members thereof. For special fund assessment purposes, "premium" also includes any and all membership dues, fees, or other payments by members of the group to associations or other entities used for underwriting, claims handling, loss control, premium audit, actuarial, or other services associated with the maintenance or operation of the self-insurance group.

(25) (a) "Premiums received" for policies effective on or after January 1, 1994, for insurance companies means direct written premiums as reported in the annual statement to the Kentucky Department of Insurance by insurance companies, except that "premiums received" includes premiums charged off or deferred, and, on insurance

policies or other evidence of coverage with provisions for deductibles, the calculated cost for coverage, including experience modification and premium surcharge or discount, prior to any reduction for deductibles. The rates, factors, and methods used to calculate the cost for coverage under this paragraph for insurance policies or other evidence of coverage with provisions for deductibles shall be the same rates, factors, and methods normally used by the insurance company in Kentucky to calculate the cost for coverage for insurance policies or other evidence of coverage without provisions for deductibles, except that, for insurance policies or other evidence of coverage with provisions for deductibles effective on or after January 1, 1995, the calculated cost for coverage shall not include any schedule rating modification, debits, or credits. The cost for coverage calculated under this paragraph by insurance companies that issue only deductible insurance policies in Kentucky shall be actuarially adequate to cover the entire liability of the employer for compensation under this chapter, including all expenses and allowances normally used to calculate the cost for coverage. For policies with provisions for deductibles with effective dates of May 6, 1993, through December 31, 1993, for which the insurance company did not report premiums and remit special fund assessments based on the calculated cost for coverage prior to the reduction for deductibles, "premiums received" includes the initial premium plus any reimbursements invoiced for losses, expenses, and fees charged under the deductibles. The special fund assessment rates in effect for reimbursements invoiced for losses, expenses, or fees charged under the deductibles shall be those percentages in effect on the effective date of the insurance policy. For policies covering leased employees as defined in KRS 342.615, "premiums received" means premiums calculated using the experience modification factor of each lessee as defined in KRS 342.615 for each leased employee for that portion of the payroll pertaining to the leased employee.

(b) "Direct written premium" for insurance companies means the gross premium written less return premiums and premiums on policies not taken but including policy and membership fees.

(c) "Premium," for policies effective on or after January 1, 1994, for insurance companies means all consideration, whether designated as premium or otherwise, for workers' compensation insurance paid to an insurance company or its representative, including, on insurance policies with provisions for deductibles, the calculated cost for coverage, including experience modification and premium surcharge or discount, prior to any reduction for deductibles. The rates, factors, and methods used to calculate the cost for coverage under this paragraph for insurance policies or other evidence of coverage with provisions for deductibles shall be the same rates, factors, and methods normally used by the insurance company in Kentucky to calculate the cost for coverage for insurance policies or other evidence of coverage without provisions for deductibles, except that, for insurance policies or other evidence of coverage with provisions for deductibles effective on or after January 1, 1995, the calculated cost for coverage shall not include any schedule rating modifications, debits, or credits. The cost for coverage calculated under this paragraph by insurance companies that issue only deductible insurance policies in Kentucky shall be actuarially adequate to cover the entire liability of the employer for compensation under this chapter, including all expenses and allowances normally used to calculate the cost for coverage. For policies with provisions for deductibles with effective dates of May 6, 1993, through December 31, 1993, for which the insurance company did not report premiums and remit special fund assessments based on the calculated cost for coverage prior to the reduction for deductibles, "premium" includes the initial consideration plus any reimbursements invoiced for losses, expenses, or fees charged under the deductibles.

(d) "Return premiums" for insurance companies means amounts returned to insureds due to endorsements, retrospective adjustments, cancellations, dividends, or errors.

(26) "Insurance policy" for an insurance company or group self-insurer means the term of insurance coverage commencing from the date coverage is extended, whether a new policy or a renewal, through its expiration, not to exceed the anniversary date of the renewal for the following year.

(27) "Self-insurance year" for a group self-insurer means the annual period of certification of the group created pursuant to KRS 342.350(4).

(28) "Premium" for each employer carrying his own risk pursuant to KRS 342.340(1) shall be the projected value of the employer's workers' compensation claims for the next calendar year as calculated by the commissioner using generally-accepted actuarial methods as follows:

(a) The base period shall be the earliest three (3) calendar years of the five (5) calendar years immediately preceding the calendar year for which the calculation is made. The commissioner shall identify each claim of the employer which has an injury date or date of last injurious exposure to the cause of an occupational disease during each one (1) of the three (3) calendar years to be used as the base, and shall assign a value to each claim. The value shall be the total of the indemnity benefits paid to date and projected to be paid, adjusted to current benefit levels, plus the medical benefits paid to date and projected to be paid for the life of the claim, plus the cost of medical and vocational rehabilitation paid to date and projected to be paid. Adjustment to current benefit levels shall be done by multiplying the weekly indemnity benefit for each claim by the number obtained by dividing the statewide average weekly wage which will be in effect for the year for which the premium is being calculated by the statewide average weekly wage in effect during the year in which the injury or date of the last exposure occurred.

The total value of the claims using the adjusted weekly benefit shall then be calculated by the commissioner. Values for claims in which awards have been made or settlements reached because of findings of permanent partial or permanent total disability shall be calculated using the mortality and interest discount assumptions used in the latest available statistical plan of the advisory rating organization defined in Subtitle 13 of KRS Chapter 304. The sum of all calculated values shall be computed for all claims in the base period.

(b) The commissioner shall obtain the annual payroll for each of the three (3) years in the base period for each employer carrying his own risk from records of the department and from the records of the Department for Employment Services, Cabinet for Workforce Development. The commissioner shall multiply each of the three (3) years of payroll by the number obtained by dividing the statewide average weekly wage which will be in effect for the year in which the premium is being calculated by the statewide average weekly wage in effect in each of the years of the base period.

(c) The commissioner shall divide the total of the adjusted claim values for the three (3) year base period by the total adjusted payroll for the same three (3) year period. The value so calculated shall be multiplied by 1.25 and shall then be multiplied by the employer's most recent annualized payroll, calculated using records of the department and the Department for Employment Services data which shall be made available for this purpose on a quarterly basis as reported, to obtain the premium for the next calendar year for assessment purposes under KRS 342.122.

(d) For November 1, 1987, through December 31, 1988, premium for each employer carrying his own risk shall be an amount calculated by the board pursuant to the provisions contained in this subsection and such premium shall be provided to each employer carrying his own risk and to the funding commission on or before January 1, 1988. Thereafter, the calculations set forth in this subsection shall be performed annually, at the time each employer applies or renews his application for certification to carry his own risk for the next twelve (12) month period and submits payroll and other data in support of the application. The employer and the funding commission shall be notified at the time of the certification or recertification of the premium calculated by the commissioner, which shall form the employer's basis for assessments pursuant to KRS 342.122 for the calendar year beginning on January 1 following the date of certification or recertification.

(e) If an employer having fewer than five (5) years of doing business in this state applies to carry his own risk and is so certified, his premium for the purposes of KRS 342.122 shall be based on the lesser number of years of experience as may be available including the two (2) most recent years if necessary to create a three (3) year base period. If the employer has less than two (2) years of operation in this state available for the premium calculation, then his premium shall be the greater of the value obtained by the calculation called for in this subsection or the amount of security required by the commissioner pursuant to KRS 342.340(1).

(f) If an employer is certified to carry his own risk after having previously insured the risk, his premium shall be calculated using values obtained from claims incurred while insured for as many of the years of the base period as may be necessary to create a full three (3) year base. After the employer is certified to carry his own risk and has paid all amounts due for assessments upon premiums paid while insured, he shall be assessed only upon the premium calculated under this subsection.

(g) "Premium" for each employer defined in KRS 342.630(2) shall be calculated as set forth in this subsection.

(h) Notwithstanding any other provision of this subsection, the premium of any employer authorized to carry its own risk for purposes of assessments due under this chapter shall be no less than thirty cents ($0.30) per one hundred dollars ($100) of the employer's most recent annualized payroll for employees covered by this chapter.

(29) "SIC code" as used in this chapter means the Standard Industrial Classification Code contained in the latest edition of the Standard Industrial Classification Manual published by the Federal Office of Management and Budget.

(30) "Investment interest" means any pecuniary or beneficial interest in a provider of medical services or treatment under this chapter, other than a provider in which that pecuniary or investment interest is obtained on terms equally available to the public through trading on a registered national securities exchange, such as the New York Stock Exchange or the American Stock Exchange, or on the National Association of Securities Dealers Automated Quotation System.

(31) "Managed health care system" means a health care system that employs gatekeeper providers, performs utilization review, and does medical bill audits.

(32) "Physician" means physicians and surgeons, psychologists, optometrists, dentists, podiatrists, and osteopathic and chiropractic practitioners acting within the scope of their license issued by the Commonwealth.

(33) "Objective medical findings" means information gained through direct observation and testing of the patient applying objective or standardized methods.

(34) "Work" means providing services to another in return for remuneration on a regular and sustained basis in a competitive economy.

(35) "Permanent impairment rating" means percentage of whole body impairment caused by the injury or occupational disease as determined by "Guides to the Evaluation of Permanent Impairment," American Medical Association, latest available edition.

(36) "Permanent disability rating" means the permanent impairment rating selected by an arbitrator or administrative law judge times the factor set forth in the table that appears at KRS 342.730(1)(b)."

HCR 131, A CONCURRENT RESOLUTION creating a Task Force on Public Education to review the status of elementary and secondary education in the Commonwealth.

WHEREAS, the General Assembly adopted the Kentucky Education Reform Act of 1990 in response to the 1989 Kentucky Supreme Court finding that the entire system of elementary and secondary education was unconstitutional; and

WHEREAS, it is the intent of the General Assembly to set high goals and standards at the state level based on the principle that all students can learn and most at high levels, provide flexibility at the school level to accomplish these goals, and hold schools and districts accountable for their achievement; and

WHEREAS, the 1998 General Assembly is considering legislation related to the concerns that have been raised about the clearness of the standards and whether the teaching of basic skills is sufficiently emphasized; the adequacy and appropriateness of the manner in which the goals and academic expectations are measured, including the use of a primarily performance-based system that requires students to apply their skills and to demonstrate their work in writing and mathematics; whether schools alone should be held responsible for student achievement; whether the consequences for schools and districts are fair using the present accountability system; whether the primary program is successful in raising student achievement in the early years; and whether the powers, duties, and responsibilities are assigned appropriately to the state, local boards of education, and school councils; and

WHEREAS, it is necessary to review the Program to Support Educational Excellence in Kentucky to assure that it is achieving the goals of equitable and adequate funding to promote high levels of student achievement, to review whether Kentucky's teachers are receiving adequate compensation for the high expectations set by the General Assembly, to determine whether the funding mechanism adequately meets the needs of rapidly growing school districts, to review the status of school facilities and the method of funding their construction, as well as the funding of all reform initiatives; and

WHEREAS, it is necessary to review the results of changes made in elementary and secondary education governance, including the confirmation of Kentucky Board of Education Board members, an appointed Commissioner of Education, a restructured Department of Education, regional service centers, efforts to eliminate nepotism and political interference, and the creation of an Office of Education Accountability to monitor reform implementation and to investigate allegations of waste, duplication, mismanagement, and political influence; and

WHEREAS, it is critical to review the efforts of higher education as a partner in the endeavor to improve the level of educational accomplishment in the Commonwealth, the efforts of the state's teacher preparation programs to prepare teachers to realize the vision of success at a higher level for all students, to review efforts allowing talented individuals to become teachers through alternative routes, and to review the Education Professional Standards Board, as a teacher-majority independent certification authority; and

WHEREAS, the General Assembly found in 1990 that public education involves shared responsibilities and that state government, local communities, parents, students, and school employees must work together to realize for all students the seven capacities outlined by the Supreme Court; and

WHEREAS, there is not a broad understanding of the elements of reform among the public, parents, local boards of education, education administrators, teachers, and students; and

WHEREAS, it is imperative that the legislative and executive branch of government work together to accomplish this most important analysis; and

WHEREAS, it has been eight years since the passage of the Education Reform Act and it is time to review progress and address any problems that may be identified;

NOW, THEREFORE,

Be it resolved by the House of Representatives of the General Assembly of the Commonwealth of Kentucky, the Senate concurring therein:

Section 1. (1) There is hereby established a Task Force on Public Education to review the implementation of the Kentucky Education Reform Act of 1990 and the current status of elementary and secondary education in the Commonwealth. Its membership shall include:

It shall also review curriculum, governance, and finance elements of elementary and secondary education. The Task Force shall consider the available research, analyze current data regarding student achievement, and gather information from students, parents, educators, professional organizations, employers, and the public in its review.

(3) The Task Force shall be authorized to contract for consultant services and expenses.

Section 2. The Task Force shall report its findings and recommendations to the Governor and the Legislative Research Commission no later than September 1, 1999.

Section 3. Staff services to be utilized in completing this study are estimated to cost $30,000. These staff services shall be provided from the regular Commission budget and are subject to the limitations and other research responsibilities of the Commission.

(2) Attorney's fees for services under this chapter on behalf of an employee shall be subject to the following maximum limits:

(a) Twenty percent (20%) of the award not to exceed ***three*** [~~two~~] thousand ***five hundred*** dollars ***($3,500)*** [~~($2,000)~~] for services performed up to and including the date of a written determination by the arbitrator. This fee shall be paid by the employee from the proceeds of the award or settlement.

(b) Upon an appeal by an employee from a written determination of an arbitrator or an award or order of an administrative law judge, a fee to be fixed by the administrative law judge upon consideration of the extent, quality, and complexity of services not to exceed twenty percent (20%) of the first twenty-five thousand dollars ($25,000) of any increased income benefits awarded, ten percent (10%) of the next fifteen thousand dollars ($15,000) of increased income benefits, and five percent (5%) of the remainder of the additional income benefits awarded and not to exceed in all ten thousand dollars ($10,000). This fee shall be paid by the employee from the proceeds of the award or settlement and shall be in addition to the fee, if any, awarded under paragraph (a) of this subsection.

(c) Upon an appeal by an employer or carrier from a written determination of an arbitrator or an award or order of an administrative law judge, if the employer or carrier does not prevail upon appeal, the administrative law judge shall fix an attorney's fee to be paid by the employer or carrier for the employee's attorney upon consideration of the extent, quality, and complexity of the services rendered not to exceed five thousand dollars ($5,000) per level of appeal. (5) At the commencement of the attorney-client relationship, the attorney shall explain to the employee the methods by which this section provides for the payment of the attorney's fee, and the employee shall select the method in which his attorney's fee is to be paid. His selection and statement that he fully understands the method to be used shall be submitted by his attorney, on a notarized form signed by the employee, at the time the motion for approval of the attorney's fee is submitted. (7) In a claim that has been reopened pursuant to the provisions of this chapter, an attorney's fee may be awarded by the arbitrator or administrative law judge subject to the limits set forth in subsection (2) of this section. In awarding the attorney's fee, the arbitrator or administrative law judge shall consider the factors set forth in subsection (3) of this section. On page 19, after line 27 by adding the following section:

"Section 14. KRS 342.125 is amended to read as follows:

(1) Upon motion by any party or upon an arbitrator's or administrative law judge's own motion, an arbitrator or administrative law judge may reopen and review any award or order on any of the following grounds:

- (a) Fraud;
- (b) Newly-discovered evidence which could not have been discovered with the exercise of due diligence;
- (c) Mistake; and
- (d) Change of disability as shown by objective medical evidence of worsening or improvement of impairment due to a condition caused by the injury since the date of the award or order.

(2) No claim which has been previously dismissed or denied on the merits shall be reopened except upon the grounds set forth in this section.

(3) Except for reopening solely for determination of the compensability of medical expenses, fraud, or conforming the award as set forth in KRS 342.730(1)(c)2., or for reducing a permanent total disability award when an employee returns to work, no claim shall be reopened more than four (4) years following the date of the original award or order granting or denying benefits, or within two (2) years of such award or order, and no party may file a motion to reopen within two (2) years of any previous motion to reopen by the same party.

(4) Reopening and review under this section shall be had upon notice to the parties and in the same manner as provided for an initial proceeding under this chapter. Upon reopening, the arbitrator or administrative law judge may end, diminish, or increase compensation previously awarded, within the maximum and minimum provided in this chapter, or change or revoke a previous order. The arbitrator or administrative law judge shall immediately send all parties a copy of the subsequent order or award. Reopening shall not affect the previous order or award as to any sums already paid thereunder, and any change in the amount of compensation shall be ordered only from the date of filing the motion to reopen. No employer shall suspend benefits during pendency of any reopening procedures except upon order of the arbitrator or administrative law judge.

(5) (a) Upon the application of the affected employee, and a showing of progression of his previously-diagnosed occupational pneumoconiosis resulting from exposure to coal dust and development of respiratory impairment due to that pneumoconiosis and two (2) additional years of employment in the Commonwealth wherein the employee was continuously exposed to the hazards of the disease, the arbitrator or administrative law judge may review an award or order for benefits attributable to coal-related pneumoconiosis under KRS 342.732. An application for review under this subsection shall be made within one (1) year of the date the employee knew or reasonably should have known that a progression of his disease and development or progression of respiratory impairment have occurred. Review under this subsection shall include a review of all evidence admitted in all prior proceedings.

(b) Benefits awarded as a result of a review under this subsection shall be reduced by the amount of retraining incentive benefits or income benefits previously awarded under KRS 342.732. The amount to be deducted shall be subtracted from the total amount awarded, and the remaining amount shall be divided by the number of weeks, for which the award was made, to arrive at the weekly benefit amount which shall be apportioned in accordance with the provisions of KRS 342.316.

(6) In a reopening or review proceeding where there has been additional permanent partial disability awarded, the increase shall not extend the original period, unless the combined prior disability and increased disability exceeds fifty percent (50%), but less than one hundred percent (100%), in which event the awarded period shall not exceed five hundred twenty (520) weeks, from commencement date of the original disability previously awarded. The law in effect on the date of the original injury controls the rights of the parties.

(7) Where an agreement has become an award by approval of the arbitrator or administrative law judge, and a reopening and review of that award is initiated, no statement contained in the agreement, whether as to jurisdiction, liability of the employer, nature and extent of disability, or as to any other matter, shall be considered by the arbitrator or the administrative law judge as an admission against the interests of any party. The parties may raise any issue upon

reopening and review of this type of award which could have been considered upon an original application for benefits.

(8) The time limitation prescribed in this section shall apply to all claims irrespective of when they were incurred, or when the award was entered, or the settlement approved. However, claims decided prior to December 12, 1996, may be reopened within four (4) years of the award or order or within four (4) years of December 12, 1996, whichever is later, provided that the exceptions to reopening established in subsections (1) and (3) of this section shall apply to these claims as well.

(9) ***Notwithstanding the provisions of this chapter to the contrary, an arbitrator or administrative law judge who issued a decision, order, or award on a claim shall not conduct a review or render a decision, order, or award on the same claim that has been reopened for medical purposes authorized in this section, unless the reopening was initiated as a result of the arbitrator's or administrative law judges's own motion.*** "; and

One (1) or more persons shall verify by affidavit the signatures and addresses of the signers of the petition. The county clerk shall make the determination of whether the petition contains enough signatures of qualified voters to suspend the effect of the order or resolution, and immediately shall notify the school board that the petition has been received and that the order or resolution levying the tax will be placed before the voters for approval. The county clerk shall certify to the school board within thirty (30) days of receipt of the petition that the petition is properly presented and in compliance with the provisions of this section. If the county clerk finds the petition to be invalid, it shall state in writing the deficiency of said petition. Written notification that the petition has been declared invalid and the deficiencies thereof shall be sent by certified mail to the person to whom a receipt was given by the county clerk, and shall be published at least one (1) time in a newspaper of general circulation within the county containing the school district levying the tax, or if there be no such newspaper, shall be posted at the courthouse door. If good cause is shown, the county clerk shall permit the petitioners to correct the deficiencies either by securing additional valid signatures or by circulating a new petition, the petition to be submitted to the county clerk within thirty (30) days from the date of the written notification of the deficiencies.

(2) Thereupon, if it has been determined that the petition contains enough valid signatures to suspend the effect of the order or resolution, the county clerk shall submit the question to the voters of the school district at the next regular election or a called common school election, either of which is to be held not less than sixty (60) days from the date of the passage of the order or resolution. If the election is to be held in conjunction with a regular election, the question shall be submitted to the county clerk not later than the second Tuesday in August preceding the regular election. The question shall be so framed that the voter may by his vote answer, "for" or "against." If a majority of the votes cast in a district or combined taxing district upon the question oppose its passage, the order or resolution shall not go into effect in that district or combined taxing district. If a majority of the votes cast in a district or combined taxing district upon the question favor its passage, the order or resolution shall go into effect in that district. If the election is to be held in more than one (1) school district within a county, the votes shall be counted separately. The cost of a called common school election shall be borne by the school district causing the election to be held.

HR 130, A RESOLUTION in support of liver transplantation in the Commonwealth of Kentucky.

WHEREAS, the present system for the allocation and distribution of human organs for transplantation has been designed by the consensus of a great majority of transplant professionals to serve the interests of the vast majority of patients awaiting transplants; and

WHEREAS, the Secretary of the United States Department of Health and Human Services has recently indicated a desire to unilaterally alter this system to the apparent benefit of a small number of transplant centers; and

WHEREAS, the anticipated changes would adversely affect the health and well-being of the citizens of the Commonwealth of Kentucky awaiting liver transplants by denying them lifesaving transplants or forcing them to travel and reside far from home and out-of-state at extraordinary expense, and by denying them the care currently being provided by transplant centers in our Commonwealth;

NOW, THEREFORE,

Be it resolved by the House of Representatives of the General Assembly of the Commonwealth of Kentucky:

Section 1. The House of Representatives of the Commonwealth of Kentucky expresses dismay, and requests the Secretary of the United States Department of Health and Human Services to withhold this action.

Section 2. The House of Representatives affirms its confidence in the allocation system which gives priority to the use of organs donated by citizens of the Commonwealth of Kentucky to provide lifesaving transplants to other citizens of the Commonwealth in need.

Section 3. The House of Representatives of the Commonwealth of Kentucky will consider legislative remedies if needed to prevent the implementation of a system of organ allocation in which the citizens of the Commonwealth of Kentucky would be unfairly disadvantaged.

Section 4. The Clerk of the House of Representatives is hereby directed to transmit a copy of this Resolution to the Honorable Donna Shalala, Secretary, Department of Health and Human Services, 200 Independence Avenue, S.W., Washington, D.C. 20201.

(4) Upon the failure of a person to pay an installment on a fee set forth in a release agreement, the releasing authority shall hold a hearing to determine why the installment has not been paid. (5) The releasing authority shall hold a hearing to determine the ability of the defendant to make the payments; and in making this determination, the releasing authority shall take into account the amount of any fine imposed upon the defendant and any amount the defendant has been ordered to pay in restitution. In counties containing a city of the first class or an urban-county form of government, the releasing authority may waive the payment of the fee in whole or in part for defendants placed under the supervision of the adult misdemeanant probation and work release program, if it finds that any of the factors in subsection (6) of this section exist.

(7) At any time during the pendency of the judgment or order rendered according to the terms of this section, a defendant may petition the releasing authority to modify or vacate its previous judgment or order on the grounds of change of circumstances with regard to the defendant's ability to pay the fee. The releasing authority shall advise the defendant of this right at the time of the rendering of the judgment or order placing the defendant on probation, parole, or other supervised release.

(8) All sums paid by the defendant pursuant to this section shall be paid into the general fund, except as provided in subsection (13) of this section.

(9) When granting a release of any defendant by way of probation, parole, or otherwise, the releasing authority shall make the payment of this fee a condition of release, unless the fee has been waived, reduced, or delayed as provided in this section. Nonpayment shall be grounds for revocation of the release as provided in KRS 533.050.

(10) The releasing authority, if the Department of Corrections petitions the releasing authority to modify the fee, shall consider the petition and may waive the payment of the fee in whole or in part, delay payment of the fee, increase the fee, or deny the petition.

Floor Amendments (Continued)

Floor Amendment No. 4 to **SB 177**, by Representative Gray:

On page 19, after line 27, by inserting the following section:

"Section 14. KRS 342.730 is amended to read as follows:

(1) Except as provided in KRS 342.732, income benefits for disability shall be paid to the employee as follows:

(a) For temporary or permanent total disability, sixty-six and two-thirds percent (66-2/3%) of the employee's average weekly wage but not more than one hundred percent (100%) of the state average weekly wage and not less than twenty percent (20%) of the state average weekly wage as determined in KRS 342.740 during that disability. Nonwork-related impairment and conditions compensable under KRS 342.732 and hearing loss covered in KRS 342.7305 shall not be considered in determining whether the employee is totally disabled for purposes of this subsection.

(b) For permanent partial disability, sixty-six and two-thirds percent (66-2/3%) of the employee's average weekly wage but not more than seventy-five percent (75%) of the state average weekly wage as determined by KRS 342.740, multiplied by the permanent impairment rating caused by the injury or occupational disease as determined by "Guides to the Evaluation of Permanent Impairment," American Medical Association, latest edition available, times the factor set forth in the table that follows:

AMA Impairment	Factor
0 to 5%	0.75
6 to 10%	1.00
11 to 15%	1.25
16 to 20%	1.50
21 to 25%	1.75
26 to 30%	2.00
31 to 35%	2.25
36% and above	2.50

Any temporary total disability period within the maximum period for permanent, partial disability benefits shall extend the maximum period but shall not make payable a weekly benefit exceeding that determined in subsection (1)(a) of this section. Notwithstanding any section of this chapter to the contrary, there shall be no minimum weekly income benefit for permanent partial disability and medical benefits shall be paid for the duration of the disability.

(c) 1. If, due to an injury, an employee does not retain the physical capacity to return to the type of work that the employee performed at the time of injury, the benefit for permanent partial disability shall be one and one-half (1-1/2) times the amount otherwise determined under paragraph (b) of this subsection, but this provision shall not be construed so as to extend the duration of payments.

2. If an employee returns to work at a weekly wage equal to or greater than the average weekly wage at the time of injury, the weekly benefit for permanent partial disability otherwise payable under paragraph (b) of this subsection shall be reduced by one-half (1/2) for each week during which that employment is sustained. During any period of cessation of that employment, temporary or permanent, for any reason, with or without cause, payment of weekly benefits for permanent partial disability during the period of cessation shall be restored to the rate prescribed in paragraph (b) of this subsection.

3. Notwithstanding the provisions of KRS 342.125, a claim may be reopened at any time during the period of permanent partial disability in order to conform the award payments with the requirements of subparagraph 2. of this paragraph.

4. For permanent partial disability, if, in the opinion of the administrative law judge, the "Guides to the Evaluation of Permanent Impairment," American Medical Association, latest edition available, do not adequately address the injured condition of the employee, the administrative law judge shall have the discretion to consider other standardized guidelines, treatises, or other medical evidence in determining disability.

(d) For permanent partial disability, if an employee has a permanent disability rating of fifty percent (50%) or less as a result of a work-related injury, the compensable permanent partial disability period shall be four hundred twenty-five (425) weeks, and if the permanent disability rating is greater than fifty percent (50%), the compensable permanent partial disability period shall be five hundred twenty (520) weeks from the date the impairment or disability exceeding fifty percent (50%) arises. Benefits payable for permanent partial disability shall not exceed ninety-nine percent (99%) of sixty-six and two-thirds percent (66-2/3%) of the employee's average weekly wage as determined under KRS 342.740 and shall not exceed seventy-five percent (75%) of the state average weekly wage, except for benefits payable pursuant to paragraph (c)1. of this subsection, which shall not exceed one hundred percent (100%) of the state average weekly wage, nor shall benefits for permanent partial disability be payable for a period exceeding five hundred twenty (520) weeks, notwithstanding that multiplication of impairment times the factor set forth in paragraph (b) of this subsection would yield a greater percentage of disability.

(e) For permanent partial disability, impairment for nonwork-related disabilities, conditions previously compensated under this chapter, conditions covered by KRS 342.732, and hearing loss covered in KRS 342.7305 shall not be considered in determining the extent of disability or duration of benefits under this chapter.

(2) The period of any income benefits payable under this section on account of any injury shall be reduced by the period of income benefits paid or payable under this chapter on account of a prior injury if income benefits in both cases are for disability of the same member or function, or different parts of the same member or function, and the income benefits payable on account of the subsequent disability in whole or in part would duplicate the income benefits payable on account of the pre-existing disability.

(3) Subject to the limitations contained in subsection (4) of this section, when an employee, who has sustained disability compensable under this chapter, and who has filed, or could have timely filed, a valid claim in his lifetime, dies from causes other than the injury before the expiration of the compensable period specified, portions of the income benefits specified and unpaid at the individual's death, whether or not accrued or due at his death, shall be paid, under an award made before or after the death, for the period specified in this section, to and for the benefit of the persons within the classes at the time of death and in the proportions and upon the conditions specified in this section and in the order named:

(a) To the widow or widower, if there is no child under the age of eighteen (18) or incapable of self-support, benefits at fifty percent (50%) of the rate specified in the award; or

(b) If there are both a widow or widower and such a child or children, to the widow or widower, forty-five percent (45%) of the benefits specified in the award, or forty percent (40%) of those benefits if such a child or children are not living with the widow or widower; and, in addition thereto, fifteen percent (15%) of the benefits specified in the award to each child. Where there are more than two (2) such children, the indemnity benefits payable on account of two (2) children shall be divided among all the children, share and share alike; or

(c) If there is no widow or widower but such a child or children, then to the child or children, fifty percent (50%) of the benefits specified in the award to one (1) child, and fifteen percent (15%) of those benefits to a second child, to be shared equally. If there are more than two (2) such children, the indemnity benefits payable on account of two (2) children shall be divided equally among all the children; or

(d) If there is no survivor in the above classes, then the parent or parents wholly or partly actually dependent for support upon the decedent, or to other wholly or partly actually dependent relatives listed in paragraph (g) of subsection (1) of KRS 342.750, or to both, in proportions that the commissioner provides by administrative regulation.

(e) To the widow or widower upon remarriage, up to two (2) years, benefits as specified in the award and proportioned under paragraphs (a) or (b) of this subsection, if the proportioned benefits remain unpaid, to be paid in a lump sum.

(4) All income benefits payable pursuant to this chapter shall terminate as of the date upon which the employee qualifies for normal old-age Social Security retirement benefits under the United States Social Security Act, 42 U.S.C. secs. 301 to 1397f, or two (2) years after the employee's injury or last exposure, whichever last occurs. In like manner all income benefits payable pursuant to this chapter to spouses and dependents shall terminate when such spouses and dependents

qualify for benefits under the United States Social Security Act by reason of the fact that the worker upon whose earnings entitlement is based would have qualified for normal old-age Social Security retirement benefits.

(5) All income benefits pursuant to this chapter otherwise payable for temporary total and permanent total disability shall be offset by unemployment insurance benefits paid for unemployment during the period of temporary total or permanent total disability.

(6) All income benefits otherwise payable pursuant to this chapter shall be offset by payments made under an exclusively employer-funded disability or sickness and accident plan which extends income benefits for the same disability covered by this chapter, except where the employer-funded plan contains an internal offset provision for workers' compensation benefits which is inconsistent with this provision.

(7) If an employee receiving a permanent total disability award returns to work, that employee shall notify the employer, payment obligor, insurance carrier, or special fund as applicable."; and

(1) ***There is created within the Public Protection and Regulation Cabinet, Office of the Secretary, the Office of Petroleum Storage Tank Environmental Assurance Fund***[~~The commission shall be created within sixty (60) days from April 9, 1990~~].

(2) The ***Office of Petroleum Storage Tank Environmental Assurance Fund***[~~commission~~] shall:

(a) Establish by administrative regulation the policy, guidelines, and procedures to administer the petroleum storage tank environmental assurance fund. In adopting administrative regulations to carry out this section, the ***office***[~~commission~~] may distinguish between types, classes, and ages of petroleum storage tanks. The ***office***[~~commission~~] shall establish a range of amounts to be paid from the fund and shall establish criteria to be met by persons who contract to perform corrective action to be eligible for reimbursement from the fund. Persons who contract with petroleum storage tank owners or operators shall not be paid more than the amount authorized by the ***office***[~~commission~~] for reimbursement from the fund for the performance of corrective action. At a minimum, the ***office***[~~commission~~] shall promulgate administrative regulations that will insure an unobligated balance in the fund adequate to meet financial assurance requirements and corrective action requirements of KRS

224.60-135(2) and (4). If the unobligated balance in the fund is not adequate to meet the requirements of this paragraph, the ***office***[~~commission~~] shall obligate funds necessary to meet these requirements;

(b) Establish by administrative regulation the criteria to be met to be eligible to participate in the fund and receive reimbursement from the fund. The ***office***[~~commission~~] may establish eligibility criteria based upon the financial ability of the petroleum storage tank owner or operator. In promulgating administrative regulations to carry out this section, the ***office***[~~commission~~] may distinguish between types, classes, and ages of petroleum storage tanks and the degree of compliance of the facility with any administrative regulations of the cabinet promulgated pursuant to KRS 224.60-105 or applicable federal regulations;

The amount to be maintained in this account shall be established by the ***office***[~~commission~~]. To be eligible to use this account to demonstrate compliance with financial responsibility requirements of the cabinet or federal regulations, or to receive reimbursement from this account for taking corrective action and for compensating third parties for bodily injury and property damage, the petroleum storage tank owner or operator shall meet the eligibility requirements established by administrative regulation promulgated by the ***office***[~~commission~~];

(d) Establish a small operator assistance account within the fund which may be used by the ***office***[~~commission~~] to make or participate in the making of loans, to purchase or participate in the purchase of the loans, which purchase may be from eligible lenders, or to insure loans made by eligible lenders;

(e) Establish a petroleum storage tank account within the fund to be used to pay the costs of corrective action due to a release from a petroleum storage tank not eligible for reimbursement from the financial responsibility account. This account shall not be used to compensate third parties for bodily injury and property damage. The ***office***[~~commission~~] shall establish a ranking system to be used for the distribution of amounts from this account for the purpose of corrective action. In promulgating administrative regulations to carry out this section, the ***office***[~~commission~~] shall consider the financial ability of the petroleum storage tank owner or operator to perform corrective action and the extent of damage caused by a release into the environment from a petroleum storage tank;

(f) Hear complaints brought before the ***office***[~~commission~~] regarding the payment of claims from the fund in accordance with KRS Chapter 13B;

(g) Establish and maintain necessary offices within this state, appoint employees and agents as necessary, and prescribe their duties and compensation;

(h) Employ, in accordance with the procedures found in KRS 45A.690 to 45A.725 for awarding personal service contracts, a qualified actuary to perform an actuarial study, no less than every two (2) years, that recommends to the ***office***[~~commission~~] an actuarially sound entry level to the fund prior to two (2) years from April 9, 1990. The ***office***[~~commission~~] shall, by administrative regulation, set the entry level for participation in the fund;

(i) Authorize expenditures from the fund to carry out the purpose of KRS 224.60-105 to 224.60-160, including reasonable costs of administering the fund and the procurement of legal services; ***and***

(j) Establish a small operators' tank removal account within the fund to reimburse the reasonable cost of tank system removal for small owners and operators. The account shall not be used when an owner or operator is removing the tank with the intention of replacing or upgrading the tank. In promulgating administrative regulations to carry out this paragraph, the ***office***[~~commission~~] may distinguish among owners and operators based on income, number of tanks, number of facilities, and types and classes of tanks[~~; and~~

Any district which has an unused state allocation after funding its first priority project in a biennium is not eligible for consideration for additional funds from the reallocation account. Any funding received and utilized from the reallocation account by a district shall equally reduce the credit as set forth in this section.

(7) The commission shall promulgate an administrative regulation to provide that all savings to the commission generated over the life of a bond by the local district's refinancing of the bond shall be dedicated to the district's account by the commission. (1) ***(a) As used in this chapter, and Section 6 of this Act, unless the context requires otherwise, "de facto custodian" means a person who has been shown by clear and convincing evidence to have been the primary caregiver for, and financial supporter of, a child who has resided with the person for a period of six (6) months or more if the child is under three (3) years of age and for a period of one (1) year or more if the child is three (3) years of age or older or has been placed by the Department for Social Services. Any period of time after a legal proceeding has been commenced by a parent seeking to regain custody of the child shall not be included in determining whether the child has resided with the person for the required minimum period.***

(b) A person shall not be a de facto custodian until a court determines by clear and convincing evidence that the person meets the definition of de facto custodian established in paragraph (a) of this subsection. Once a court determines that a person meets the definition of de facto custodian, the court shall give the person the same standing in custody matters that is given to each parent under this section and Sections 2, 3, 4, 5, and 6 of this Act.

(2) The court shall determine custody in accordance with the best interests of the child and equal consideration shall be given to each parent ***and to any de facto custodian***. The court shall consider all relevant factors including:

(i) The circumstances under which the child was placed or allowed to remain in the custody of a de facto custodian, including whether the parent now seeking custody was previously prevented from doing so as a result of domestic violence as defined in KRS 403.720 and whether the child was placed with a de facto custodian to allow the parent now seeking custody to seek employment, work, or attend school.

(3)[~~(2)~~] The court shall not consider conduct of a proposed custodian that does not affect his relationship to the child. If domestic violence and abuse is alleged, the court shall determine the extent to which the domestic violence and abuse has affected the child and the child's relationship to both parents.

(4)[~~(3)~~] The abandonment of the family residence by a custodial party shall not be considered where said party was physically harmed or was seriously threatened with physical harm by his or her spouse, when such harm or threat of harm was causally related to the abandonment.

(5)[~~(4)~~] The court may grant joint custody to the child's parents***, or to the child's parents and a de facto custodian,*** if it is in the best interest of the child.

(1) A party to a custody proceeding may move for a temporary custody order. The motion must be supported by an affidavit as provided in KRS 403.350. The court may award temporary custody under the standards of KRS 403.270 after a hearing, or, if there is no objection, solely on the basis of the affidavits.

(2) If a proceeding for dissolution of marriage or legal separation is dismissed, any temporary custody order is vacated unless a parent or the child's custodian moves that the proceeding continue as a custody proceeding and the court finds, after a hearing, that the circumstances of the parents and the best interests of the child require that a custody decree be issued.

(3) If a custody proceeding commenced in the absence of a petition for dissolution of marriage or legal separation under KRS 403.420(1)(a) or (b) is dismissed, any temporary custody order is vacated.

(4) If a court determines by clear and convincing evidence that a person is a de facto custodian, the court shall join that person in the action, as a party needed for just adjudication under Rule 19 of the Kentucky Rules of Civil Procedure.

Section 3. KRS 403.340 is amended to read as follows:

(1) No motion to modify a custody decree shall be made earlier than two (2) years after its date, unless the court permits it to be made on the basis of affidavits that there is reason to believe ***that:***

(a) The child's present environment may endanger seriously his physical, mental, moral, or emotional health***; or***

(b) The custodian appointed under the prior decree has placed the child with a de facto custodian.

(2) If a court of this state has jurisdiction pursuant to the Uniform Child Custody Jurisdiction Act, the court shall not modify a prior custody decree unless it finds, upon the basis of facts that have arisen since the prior decree or that were unknown to the court at the time of entry of the prior decree, that a change has occurred in the circumstances of the child or his custodian, and that the modification is necessary to serve the best interests of the child. In applying these standards, the court shall retain the custodian appointed pursuant to the prior decree unless:

(a) The custodian agrees to the modification;

(b) The child has been integrated into the family of the petitioner with consent of the custodian; or

(c) The child's present environment endangers seriously his physical, mental, moral, or emotional health, and the harm likely to be caused by a change of environment is outweighed by its advantages to him.***; or***

(d) The custodian has placed the child with a de facto custodian.

(3) In determining whether a child's present environment may endanger seriously his physical, mental, moral, or emotional health, the court shall consider all relevant factors, including, but not limited to:

(a) The interaction and interrelationship of the child with his parent or parents, ***his de facto custodian,*** his siblings, and any other person who may significantly affect the child's best interests;

(b) The mental and physical health of all individuals involved;

(c) Repeated or substantial failure, without good cause as specified in KRS 403.240, of either parent to observe visitation, child support, or other provisions of the decree which affect the child, except that modification of custody orders shall not be made solely on the basis of failure to comply with visitation or child support provisions, or on the basis of which parent is more likely to allow visitation or pay child support;

(d) If domestic violence and abuse, as defined in KRS 403.720, is found by the court to exist, the extent to which the domestic violence and abuse has affected the child and the child's relationship to both parents.

(4) Attorney fees and costs shall be assessed against a party seeking modification if the court finds that the modification action is vexatious and constitutes harassment.

Section 4. KRS 403.350 is amended to read as follows:

A party seeking a temporary custody order or modification of a custody decree shall submit together with his moving papers an affidavit setting forth facts supporting the requested order or modification and shall give notice, together with a copy of his affidavit, to other parties to the proceeding, who may file opposing affidavits. ***If a court determines that a child is in the custody of a de facto custodian, the court shall make the de facto custodian a party to the proceeding.*** The court shall deny the motion unless it finds that adequate cause for hearing the motion is established by the affidavits, in which case it shall set a date for hearing on an order to show cause why the requested order or modification should not be granted.

Section 5. KRS 403.420 is amended to read as follows:

(1) A court of this state which is competent to decide child custody matters has jurisdiction to make a child custody determination by initial or modification decree if:

(a) This state is the home state of the child at the time of commencement of the proceeding, or had been the child's home state within six (6) months before commencement of the proceeding and the child is absent from this state because of his removal or retention by a person claiming his custody or for other reasons, and a parent or person acting as parent continues to live in this state; or

(b) It is in the best interest of the child that a court of this state assume jurisdiction because the child and his parents, or the child and at least one (1) contestant, have a significant connection with this state, and there is available in this state substantial evidence concerning the child's present or future care, protection, training, and personal relationships; or

(c) The child is physically present in this state and the child has been abandoned or it is necessary in an emergency to protect the child because he has been subjected to or threatened with mistreatment or abuse or is otherwise neglected or dependent; or

(d) It appears that no other state would have jurisdiction under prerequisites substantially in accordance with paragraphs (a), (b), or (c), or another state has declined to exercise jurisdiction on the ground that this state is the more appropriate forum to determine the custody of the child, and it is in the best interest of the child that this court assume jurisdiction.

(2) Except under paragraphs (c) and (d) of subsection (1) of this section, physical presence in this state of the child, or of the

child and one (1) of the contestants, is not alone sufficient to confer jurisdiction on a court of this state to make a child custody determination.

(3) Physical presence of the child, while desirable, is not a prerequisite for jurisdiction to determine his custody.

(4) A child custody proceeding is commenced in the Circuit Court:

(a) By a parent, by filing a petition:

1. For dissolution or legal separation; or

2. For custody of the child in the county in which he is permanently resident or found; or

(b) By a person other than a parent, by filing a petition for custody of the child in the county in which he is permanently resident or found, but only if he is not in the physical custody of one (1) of his parents*; or*

(c) By a de facto custodian of the child, by filing a petition for custody of the child in the county in which the child is permanently resident or found.

Section 6. KRS 405.020 is amended to read as follows:

(1) The father and mother shall have the joint custody, nurture, and education of their children who are under the age of eighteen (18). If either of the parents dies, the survivor, if suited to the trust, shall have the custody, nurture, and education of the children who are under the age of eighteen (18). The father shall be primarily liable for the nurture and education of his children who are under the age of eighteen (18) and for any unmarried child over the age of eighteen (18) when the child is a full-time high school student, but not beyond completion of the school year during which the child reaches the age of nineteen (19) years.

(2) The father and mother shall have the joint custody, care, and support of their children who have reached the age of eighteen (18) and who are wholly dependent because of permanent physical or mental disability. If either of the parents dies, the survivor, if suited to the trust, shall have the custody, care, and support of such children.

(3) Notwithstanding the provisions of subsections (1) and (2) of this section, a person claiming to be a de facto custodian, as defined in Section 1 of this Act, may petition a court for legal custody of a child. The court shall grant legal custody to the person if the court determines that the person meets the definition of de facto custodian and that the best interests of the child will be served by awarding custody to the de facto custodian.

(4) Notwithstanding the provisions of subsections (1) and (2) of this section, if either parent dies and at the time of death a child is in the custody of a de facto custodian, as defined in Section 1 of this Act, the court shall award custody to the de facto custodian if the court determines that the best interests of the child will be served by that award of custody.

(2) Every application for a license, whether as an auctioneer, apprentice auctioneer, livestock auctioneer, tobacco auctioneer, or auction house operator, shall be submitted on forms prepared by the board. ***Each***[

All licenses shall expire on June thirtieth of each year. In the absence of any reason or condition which might warrant the refusal of the renewing of the license, and upon timely receipt of the written request of the applicant and the annual fee therefor, the board shall issue a new license for each ensuing year.

(4)[~~(b)~~] Beginning with the renewal of licenses expiring on or after June 30, 1993, the board may require as a condition precedent to the renewal of any license, that all licensees complete continuing auction education up to ten (10) hours per year per licensee. The board may impose different continuing auction education requirements, or none, upon different classifications of licensees under this chapter. The continuing auction education requirements provided for in this subsection shall not apply to those individual auctioneers licensed prior to January 1, 1980.

(5)[~~(4)~~] The board shall prepare and deliver to each licensee a license[~~ certificate~~] and pocket card.[~~ The certificate shall be displayed conspicuously at all times in the office of the licensee.~~] The ***license***[~~certificate~~] and pocket card of the apprentice auctioneer shall contain the name and address of ***his or her principal***[~~the~~] auctioneer[~~ under whose supervision he is employed~~].

(6)[~~(5)~~] When any apprentice auctioneer is discharged or terminates[~~ his~~] employment with the auctioneer for any reason, it shall be the immediate duty of the ***principal*** auctioneer to deliver or mail by certified mail, return receipt requested, to the board the license of the apprentice auctioneer. It shall be unlawful for any apprentice auctioneer to perform any of the acts contemplated by this chapter either directly or indirectly, under authority of his ***or her*** license, until the apprentice auctioneer receives a new license bearing ***a new principal auctioneer's***[~~the~~] name and address[~~ of his new employer~~]. No more than one (1) license shall be issued to any apprentice auctioneer for the same period of time.

(7) A licensee may place his or her license in escrow with the board if the licensee does not engage in any auctioneering activity or auction house operations and continues to pay the annual renewal fees during the term of escrow.

(a) For each year the license is in escrow, a licensee shall be exempt from the contribution to the auctioneer's education, research, and recovery fund described in KRS 330.192(1)(b) and the continuing education requirement described in subsection (4) of this section.

(b) To reactivate a license in escrow, the licensee must meet the current year's continuing education requirement described in subsection (4) of this section and pay a reactivation fee of one hundred dollars ($100).

(8)[~~(6)~~] Notice in writing shall be given to the board by each licensee of any change of principal business location or of residence address within ten (10) days of such change. In the event of change of business location address, the board shall issue a new license for the unexpired period. A change of business location without notification to the board within ten (10) days shall automatically suspend or revoke the license of such licensee, as may be ordered in the discretion of the board. (2) In every instance the nonresident shall pay the issuance fee and the annual renewal fee by this chapter. (3) In addition, every nonresident applicant shall file an irrevocable consent that actions may be commenced against the applicant in any court of competent jurisdiction in the Commonwealth, by the service of any summons, process, or pleadings authorized by law on the secretary of the board. The consent shall stipulate and agree that the service of such process, summons, or pleadings on the secretary shall be taken and held in all courts to be as valid and binding as if actual service had been made upon the applicant in Kentucky. Every original applicant for apprentice or[~~ principal~~] auctioneer's license, and every applicant for an auction house operator's license on and after July 15, 1982, shall likewise submit to the board an additional fee of thirty dollars ($30) to be deposited in the auctioneer's education, research, and recovery fund and shall also be subjected thereafter to an annual renewal fee as of the regular renewal date.

(c) In addition to the license fees provided for in KRS 330.070, the board, based upon its own discretion as to need, may assess each licensee upon renewal an amount equal to or less than thirty dollars ($30) per year, or nothing, but not more. Each original applicant shall pay the original amount of thirty dollars ($30), but upon renewal shall pay the same fee as other licensees.

(2) The purposes of the auctioneer's education, research, and recovery fund shall be as follows:

(a) When a licensee has been duly found guilty of violating any one (1) or more of the provisions of KRS 330.110, or any one (1) or more of the administrative regulations duly promulgated by the board, and upon the conclusion of a final order entered by the board or by the courts, if appealed, the board is authorized to pay to the aggrieved person or persons an aggregate amount not to exceed ***fifty***[~~thirty~~] thousand dollars ***($50,000)***[~~($30,000)~~] against any one (1) licensee, provided that the licensee has refused to pay such claim within a period of twenty (20) days of entry of a final order and provided further that the amount or amounts of money in question are certain and liquidated.

(b) The board shall maintain a minimum level of ***five***[~~four~~] hundred thousand dollars ***($500,000)***[~~($400,000)~~] for recovery and guaranty purposes. These funds may be invested and reinvested in the same manner as funds of the State Employees' Retirement System and the interest from said investments shall be deposited to the credit of the research and recovery fund, or, in the discretion of the board, to the agency fund account as set out in KRS 330.050(6). Sufficient liquidity, however, will be maintained so that there will be money available to satisfy any and all claims which may be processed through the board by means of administrative hearing as outlined in this chapter.

(c) The board, in its discretion, may use any funds in excess of the ***five***[~~four~~] hundred thousand dollar ***($500,000)***[~~($400,000)~~] level, regardless of whether it is from the auctioneer's education, research, and recovery fund fees or accrued interest thereon, for any of the following purposes:

1. To carry out the advancement of education and research in the auction field for the benefit of those licensed under the provisions of this chapter and the improvement and making even more efficient the auction industry as such;
2. To underwrite educational seminars, caravans, and other forms of educational projects for the use and benefit generally of auctioneer licensees;
3. To establish an auction chair or courses at Kentucky state institutions of higher learning for the purpose of making such courses available to licensees and the general public who may seek same on a college or university level;

5. To sponsor, contract for, and to underwrite any and all other educational and research projects of a similar nature having to do with the advancement of the auction field in Kentucky;
6. To cooperate with associations of auctioneers and any other groups for the enlightenment and advancement of the auctioneer licensees of Kentucky; and
7. To increase the level of the auctioneer's education, research, and recovery fund above ***five***[~~four~~] hundred thousand dollars ***($500,000)***[~~($400,000)~~];
8. To augment the regular trust and agency account of the board.

(3) (a) In the event that a licensee is found guilty of one (1) or more provisions of KRS 330.110 or of violating one (1) or more of the administrative regulations of the board, and if the amount of the money lost by the aggrieved party or parties is in dispute or cannot be determined accurately, then the amount of damages shall be determined by a Circuit Court in the county where the alleged violation took place, provided that the board has previously determined that a violation of the license laws or of the administrative regulations has occurred and a final order has been entered.

(b) If such an order has been entered and the license rights of the licensee have been finally adjudicated, then the local Circuit Court shall make a finding as to the monetary damages growing out of the aforesaid violation or violations.

(c) When a final order has been entered by the Circuit Court, Court of Appeals, or Supreme Court, and upon certification to the board, the aggrieved party or parties shall be paid such amount or amounts in the aggregate not to exceed ***fifty***[~~thirty~~] thousand dollars ***($50,000)***[~~($30,000)~~] by the board, and the license held by the licensee against whom the claim was made by the aggrieved party shall be suspended at least until such time as the licensee has reimbursed the auctioneer's education, research, and recovery fund for all amounts paid to the aggrieved party due to the violation of the licensee.

(d) When, upon the final order of the court, the board has paid from the auctioneer's education, research and recovery fund any sum to the aggrieved party, the board shall be subrogated to all of the rights of the aggrieved party to the extent of the payment and the aggrieved party shall, to the extent of the payment, assign his right, title, and interest in the judgment to the commission.

(e) Any funds in excess of the ***five***[~~four~~] hundred thousand dollar ***($500,000)***[~~($400,000)~~] level and which are not being currently used, may be invested and reinvested as set forth in subsection (2)(b) of this section, or, in the discretion of the board, may be utilized for any of the purposes enumerated in subsection (2)(c) of this section.

(f) All the claims for monetary damages or relief from the auctioneer's education, research, and recovery fund must be made in writing on a proof of loss form submitted to the board within six (6) months of the act of the auctioneer giving rise to the loss. Failure to file such claims within the six (6) month period shall bar the claim. Additional evidence will be submitted by the claimant if required by the board.

(g) Notwithstanding any other provisions of this chapter, no unreimbursed amount greater than ***fifty***[~~thirty~~] thousand dollars ***($50,000)***[~~($30,000)~~] shall be paid by the board on account of any one (1) licensee, no matter over how long a time, or for how many claims, and no matter what the number of claimants be or the size of such claims, individually or in the aggregate. Should the licensee reimburse the fund for all amounts paid, then future claims timely filed with the board concerning different matters may be received pursuant to this section.

(h) No claims shall be approved under this section for amounts which, in the aggregate, exceed the maximum payable on account of any one (1) licensee in effect at the time of the act or acts of the licensee giving rise to the claims, except to the extent of said maximum. Statutory increases in the maximum set out in this section do not apply retroactively.

(4) All categories of licensees under this chapter are covered under the provisions of this section for the benefit and protection of the public.

(5) This section is not intended to substitute for, circumvent, or duplicate other remedies existing at law or otherwise for claimants or potential claimants, but constitutes a last resort for aggrieved persons who would not, but for the provisions of this section, be able to recover their losses by any other means available. The board shall have full discretion to require that claimants exhaust all other remedies prior to proceeding under this section, including, but not limited to, the remedy of obtaining a judgment by all diligent and appropriate means.

Referral for evaluation may be made to one (1) of the medical schools whenever a medical question is at issue.

(2) The physicians and institutions performing evaluations pursuant to this section shall render reports encompassing their findings and opinions in the form prescribed by the commissioner.[~~The clinical findings and opinions of the designated evaluator shall be afforded presumptive weight by arbitrators and administrative law judges and the burden to overcome such findings and opinions shall fall on the opponent of that evidence. Floor Amendment No. 7 to **SB 177**, by Representative Deskins:

On page 19, after line 27, by inserting the following section:

"Section 14. KRS 342.730 is amended to read as follows:

(1) Except as provided in KRS 342.732, income benefits for disability shall be paid to the employee as follows:

(a) For temporary or permanent total disability, sixty-six and two-thirds percent (66-2/3%) of the employee's average weekly wage but not more than one hundred percent (100%) of the state average weekly wage and not less than twenty percent (20%) of the state average weekly wage as determined in KRS 342.740 during that disability. Nonwork-related impairment and conditions compensable under KRS 342.732 and hearing loss covered in KRS 342.7305 shall not be considered in determining whether the employee is totally disabled for purposes of this subsection.

(b) For permanent partial disability, sixty-six and two-thirds percent (66-2/3%) of the employee's average weekly wage but not more than seventy-five percent (75%) of the state average weekly wage as determined by KRS 342.740, multiplied by the permanent impairment rating caused by the injury or occupational disease as determined by "Guides to the Evaluation of Permanent Impairment," American Medical Association, latest edition available, times the factor set forth in the table that follows:

AMA Impairment	Factor
0 to 5%	0.75
6 to 10%	1.00
11 to 15%	1.25
16 to 20%	1.50
21 to 25%	1.75
26 to 30%	2.00
31 to 35%	2.25

36% and above	2.50

Any temporary total disability period within the maximum period for permanent, partial disability benefits shall extend the maximum period but shall not make payable a weekly benefit exceeding that determined in subsection (1)(a) of this section. Notwithstanding any section of this chapter to the contrary, there shall be no minimum weekly income benefit for permanent partial disability and medical benefits shall be paid for the duration of the disability.

(c) 1. If, due to an injury, an employee does not retain the physical capacity to return to the type of work that the employee performed at the time of injury, the benefit for permanent partial disability shall be one and one-half (1-1/2) times the amount otherwise determined under paragraph (b) of this subsection, but this provision shall not be construed so as to extend the duration of payments.

2. If an employee returns to work at a weekly wage equal to or greater than the average weekly wage at the time of injury, the weekly benefit for permanent partial disability otherwise payable under paragraph (b) of this subsection shall be reduced by one-half (1/2) for each week during which that employment is sustained. During any period of cessation of that employment, temporary or permanent, for any reason, with or without cause, payment of weekly benefits for permanent partial disability during the period of cessation shall be restored to the rate prescribed in paragraph (b) of this subsection.

3. Notwithstanding the provisions of KRS 342.125, a claim may be reopened at any time during the period of permanent partial disability in order to conform the award payments with the requirements of subparagraph 2. of this paragraph.

4. For permanent partial disability, if, in the opinion of the administrative law judge, a permanent disability rating under paragraph (b) of this subsection does not accurately reflect the true disability caused by the injury, the administrative law judge shall have the discretion to increase or decrease the factor to calculate disability by 0.75.

5. For permanent partial disability, if, in the opinion of the administrative law judge, the "Guides to the Evaluation of Permanent Impairment," American Medical Association, latest edition available, do not adequately address the injured condition of the employee, the administrative law judge shall have the discretion to consider other standardized guidelines, treatises, or other medical evidence in determining disability.

(d) For permanent partial disability, if an employee has a permanent disability rating of fifty percent (50%) or less as a result of a work-related injury, the compensable permanent partial disability period shall be four hundred twenty-five (425) weeks, and if the permanent disability rating is greater than fifty percent (50%), the compensable permanent partial disability period shall be five hundred twenty (520) weeks from the date the impairment or disability exceeding fifty percent (50%) arises. Benefits payable for permanent partial disability shall not exceed ninety-nine percent (99%) of sixty-six and two-thirds percent (66-2/3%) of the employee's average weekly wage as determined under KRS 342.740 and shall not exceed seventy-five percent (75%) of the state average weekly wage, except for benefits payable pursuant to paragraph (c)1. of this subsection, which shall not exceed one hundred percent (100%) of the state average weekly wage, nor shall benefits for permanent partial disability be payable for a period exceeding five hundred twenty (520) weeks, notwithstanding that multiplication of impairment times the factor set forth in paragraph (b) of this subsection would yield a greater percentage of disability.

(e) For permanent partial disability, impairment for nonwork-related disabilities, conditions previously compensated under this chapter, conditions covered by KRS 342.732, and hearing loss covered in KRS 342.7305 shall not be considered in determining the extent of disability or duration of benefits under this chapter.

(2) The period of any income benefits payable under this section on account of any injury shall be reduced by the period of income benefits paid or payable under this chapter on account of a prior injury if income benefits in both cases are for disability of the same member or function, or different parts of the same member or function, and the income benefits payable on account of the subsequent disability in whole or in part would duplicate the income benefits payable on account of the pre-existing disability.

(3) Subject to the limitations contained in subsection (4) of this section, when an employee, who has sustained disability compensable under this chapter, and who has filed, or could have timely filed, a valid claim in his lifetime, dies from causes other than the injury before the expiration of the compensable period specified, portions of the income benefits specified and unpaid at the individual's death, whether or not accrued or due at his death, shall be paid, under an award made before or after the death, for the period specified in this section, to and for the benefit of the persons within the classes at the time of death and in the proportions and upon the conditions specified in this section and in the order named:

(a) To the widow or widower, if there is no child under the age of eighteen (18) or incapable of self-support, benefits at fifty percent (50%) of the rate specified in the award; or

(b) If there are both a widow or widower and such a child or children, to the widow or widower, forty-five percent (45%) of the benefits specified in the award, or forty percent (40%) of those benefits if such a child or children are not living with the widow or widower; and, in addition thereto, fifteen percent (15%) of the benefits specified in the award to each child. Where there are more than two (2) such children, the indemnity benefits payable on account of two (2) children shall be divided among all the children, share and share alike; or

(c) If there is no widow or widower but such a child or children, then to the child or children, fifty percent (50%) of the benefits specified in the award to one (1) child, and fifteen percent (15%) of those benefits to a second child, to be shared equally. If there are more than two (2) such children, the indemnity benefits payable on account of two (2) children shall be divided equally among all the children; or

(d) If there is no survivor in the above classes, then the parent or parents wholly or partly actually dependent for support upon the decedent, or to other wholly or partly actually dependent relatives listed in paragraph (g) of subsection (1) of KRS 342.750, or to both, in proportions that the commissioner provides by administrative regulation.

(e) To the widow or widower upon remarriage, up to two (2) years, benefits as specified in the award and proportioned under paragraphs (a) or (b) of this subsection, if the proportioned benefits remain unpaid, to be paid in a lump sum.

(4) All income benefits payable pursuant to this chapter shall terminate as of the date upon which the employee qualifies for normal old-age Social Security retirement benefits under the United States Social Security Act, 42 U.S.C. secs. 301 to 1397f, or two (2) years after the employee's injury or last exposure, whichever last occurs. In like manner all income benefits payable pursuant to this chapter to spouses and dependents shall terminate when such spouses and dependents qualify for benefits under the United States Social Security Act by reason of the fact that the worker upon whose earnings entitlement is based would have qualified for normal old-age Social Security retirement benefits.

(5) All income benefits pursuant to this chapter otherwise payable for temporary total and permanent total disability shall be offset by unemployment insurance benefits paid for unemployment during the period of temporary total or permanent total disability.

(6) All income benefits otherwise payable pursuant to this chapter shall be offset by payments made under an exclusively employer-funded disability or sickness and accident plan which extends income benefits for the same disability covered by this chapter, except where the employer-funded plan contains an internal offset provision for workers' compensation benefits which is inconsistent with this provision.

(7) If an employee receiving a permanent total disability award returns to work, that employee shall notify the employer, payment obligor, insurance carrier, or special fund as applicable."; and

(a) For temporary or permanent total disability, sixty-six and two-thirds percent (66-2/3%) of the employee's average weekly wage but not more than one hundred percent (100%) of the state average weekly wage and not less than twenty percent (20%) of the state average weekly wage as determined in KRS 342.740 during that disability. Nonwork-related impairment and conditions compensable under KRS 342.732 and hearing loss covered in KRS 342.7305 shall not be considered in determining whether the employee is totally disabled for purposes of this subsection.

(b) For permanent partial disability, sixty-six and two-thirds percent (66-2/3%) of the employee's average weekly wage but not more than seventy-five percent (75%) of the state average weekly wage as determined by KRS 342.740, multiplied by the permanent impairment rating caused by the injury or occupational disease as determined by "Guides to the Evaluation of Permanent Impairment," American Medical Association, latest edition available, times the factor set forth in the table that follows:

AMA Impairment	Factor
0 to 5%	0.75
6 to 10%	1.00
11 to 15%	1.25
16 to 20%	1.50
21 to 25%	1.75

26 to 30%	2.00
31 to 35%	2.25
36% and above	2.50

Any temporary total disability period within the maximum period for permanent, partial disability benefits shall extend the maximum period but shall not make payable a weekly benefit exceeding that determined in subsection (1)(a) of this section. Notwithstanding any section of this chapter to the contrary, there shall be no minimum weekly income benefit for permanent partial disability and medical benefits shall be paid for the duration of the disability.

(c) [~~1. If, due to an injury, an employee does not retain the physical capacity to return to the type of work that the employee performed at the time of injury, the benefit for permanent partial disability shall be one and one-half (1-1/2) times the amount otherwise determined under paragraph (b) of this subsection, but this provision shall not be construed so as to extend the duration of payments.~~

~~2. If an employee returns to work at a weekly wage equal to or greater than the average weekly wage at the time of injury, the weekly benefit for permanent partial disability otherwise payable under paragraph (b) of this subsection shall be reduced by one-half (1/2) for each week during which that employment is sustained. During any period of cessation of that employment, temporary or permanent, for any reason, with or without cause, payment of weekly benefits for permanent partial disability during the period of cessation shall be restored to the rate prescribed in paragraph (b) of this subsection.~~

~~3. Notwithstanding the provisions of KRS 342.125, a claim may be reopened at any time during the period of permanent partial disability in order to conform the award payments with the requirements of subparagraph 2. of this paragraph.~~

~~(d)~~]For permanent partial disability, if an employee has a permanent disability rating of fifty percent (50%) or less as a result of a work-related injury, the compensable permanent partial disability period shall be four hundred twenty-five (425) weeks, and if the permanent disability rating is greater than fifty percent (50%), the compensable permanent partial disability period shall be five hundred twenty (520) weeks from the date the impairment or disability exceeding fifty percent (50%) arises. Benefits payable for permanent partial disability shall not exceed ninety-nine percent (99%) of sixty-six and two-thirds percent (66-2/3%) of the employee's average weekly wage as determined under KRS 342.740 and shall not exceed seventy-five percent (75%) of the state average weekly wage, except for benefits payable pursuant to paragraph (c)1. of this subsection, which shall not exceed one hundred percent (100%) of the state average weekly wage, nor shall benefits for permanent partial disability be payable for a period exceeding five hundred twenty (520) weeks, notwithstanding that multiplication of impairment times the factor set forth in paragraph (b) of this subsection would yield a greater percentage of disability.

(d)[~~(e)~~]For permanent partial disability, impairment for nonwork-related disabilities, conditions previously compensated under this chapter, conditions covered by KRS 342.732, and hearing loss covered in KRS 342.7305 shall not be considered in determining the extent of disability or duration of benefits under this chapter.

(2) The period of any income benefits payable under this section on account of any injury shall be reduced by the period of income benefits paid or payable under this chapter on account of a prior injury if income benefits in both cases are for disability of the same member or function, or different parts of the same member or function, and the income benefits payable on account of the subsequent disability in whole or in part would duplicate the income benefits payable on account of the pre-existing disability.

(3) Subject to the limitations contained in subsection (4) of this section, when an employee, who has sustained disability compensable under this chapter, and who has filed, or could have timely filed, a valid claim in his lifetime, dies from causes other than the injury before the expiration of the compensable period specified, portions of the income benefits specified and unpaid at the individual's death, whether or not accrued or due at his death, shall be paid, under an award made before or after the death, for the period specified in this section, to and for the benefit of the persons within the classes at the time of death and in the proportions and upon the conditions specified in this section and in the order named:

(a) To the widow or widower, if there is no child under the age of eighteen (18) or incapable of self-support, benefits at fifty percent (50%) of the rate specified in the award; or

(b) If there are both a widow or widower and such a child or children, to the widow or widower, forty-five percent (45%) of the benefits specified in the award, or forty percent (40%) of those benefits if such a child or children are not living with the widow or widower; and, in addition thereto, fifteen percent (15%) of the benefits specified in the award to each child. Where there are more than two (2) such children, the indemnity benefits payable on account of two (2) children shall be divided among all the children, share and share alike; or

(c) If there is no widow or widower but such a child or children, then to the child or children, fifty percent (50%) of the benefits specified in the award to one (1) child, and fifteen percent (15%) of those benefits to a second child, to be shared equally. If there are more than two (2) such children, the indemnity benefits payable on account of two (2) children shall be divided equally among all the children; or

(d) If there is no survivor in the above classes, then the parent or parents wholly or partly actually dependent for support upon the decedent, or to other wholly or partly actually dependent relatives listed in paragraph (g) of subsection (1) of KRS 342.750, or to both, in proportions that the commissioner provides by administrative regulation.

(e) To the widow or widower upon remarriage, up to two (2) years, benefits as specified in the award and proportioned under paragraphs (a) or (b) of this subsection, if the proportioned benefits remain unpaid, to be paid in a lump sum.

(4) All income benefits payable pursuant to this chapter shall terminate as of the date upon which the employee qualifies for normal old-age Social Security retirement benefits under the United States Social Security Act, 42 U.S.C. secs. 301 to 1397f, or two (2) years after the employee's injury or last exposure, whichever last occurs. In like manner all income benefits payable pursuant to this chapter to spouses and dependents shall terminate when such spouses and dependents qualify for benefits under the United States Social Security Act by reason of the fact that the worker upon whose earnings entitlement is based would have qualified for normal old-age Social Security retirement benefits.

(5) All income benefits pursuant to this chapter otherwise payable for temporary total and permanent total disability shall be offset by unemployment insurance benefits paid for unemployment during the period of temporary total or permanent total disability.

(6) All income benefits otherwise payable pursuant to this chapter shall be offset by payments made under an exclusively employer-funded disability or sickness and accident plan which extends income benefits for the same disability covered by this chapter, except where the employer-funded plan contains an internal offset provision for workers' compensation benefits which is inconsistent with this provision.

(7) If an employee receiving a permanent total disability award returns to work, that employee shall notify the employer, payment obligor, insurance carrier, or special fund as applicable.

Section 15. KRS 342.125 is amended to read as follows:

(1) Upon motion by any party or upon an arbitrator's or administrative law judge's own motion, an arbitrator or administrative law judge may reopen and review any award or order on any of the following grounds:

(a) Fraud;

(b) Newly-discovered evidence which could not have been discovered with the exercise of due diligence;

(c) Mistake; and

(d) Change of disability as shown by objective medical evidence of worsening or improvement of impairment due to a condition caused by the injury since the date of the award or order.

(2) No claim which has been previously dismissed or denied on the merits shall be reopened except upon the grounds set forth in this section.

(3) Except for reopening solely for determination of the compensability of medical expenses, fraud, ~~[or conforming the award as set forth in KRS 342.730(1)(c)2.,]~~ or for reducing a permanent total disability award when an employee returns to work, no claim shall be reopened more than four (4) years following the date of the original award or order granting or denying benefits, or within two (2) years of such award or order, and no party may file a motion to reopen within two (2) years of any previous motion to reopen by the same party.

(4) Reopening and review under this section shall be had upon notice to the parties and in the same manner as provided for an initial proceeding under this chapter. Upon reopening, the arbitrator or administrative law judge may end, diminish, or increase compensation previously awarded, within the maximum and minimum provided in this chapter, or change or revoke a previous order. The arbitrator or administrative law judge shall immediately send all parties a copy of the subsequent order or award. Reopening shall not affect the previous order or award as to any sums already paid thereunder, and any change in the amount of compensation shall be ordered only from the date of filing the motion to reopen. No employer shall suspend benefits during pendency of any reopening procedures except upon order of the arbitrator or administrative law judge.

(5) (a) Upon the application of the affected employee, and a showing of progression of his previously-diagnosed occupational pneumoconiosis resulting from exposure to coal dust and development of respiratory impairment due to that pneumoconiosis and two (2) additional years of employment in the Commonwealth wherein the employee was continuously exposed to the hazards of the disease, the arbitrator or administrative law judge may review an award or order for benefits attributable to coal-related pneumoconiosis under KRS 342.732. An application for review under this subsection shall be made within one (1) year of the date the employee knew or reasonably should have known that a progression of his disease and development or progression of respiratory impairment have occurred. Review under this subsection shall include a review of all evidence admitted in all prior proceedings.

(b) Benefits awarded as a result of a review under this subsection shall be reduced by the amount of retraining incentive benefits or income benefits previously awarded under KRS 342.732. The amount to be deducted shall be subtracted from the total amount awarded, and the remaining amount shall be divided by the number of weeks, for which the award was made, to arrive at the weekly benefit amount which shall be apportioned in accordance with the provisions of KRS 342.316.

(6) In a reopening or review proceeding where there has been additional permanent partial disability awarded, the increase shall not extend the original period, unless the combined prior disability and increased disability exceeds fifty percent (50%), but less than one hundred percent (100%), in which event the awarded period shall not exceed five hundred twenty (520) weeks, from commencement date of the original disability previously awarded. The law in effect on the date of the original injury controls the rights of the parties.

(7) Where an agreement has become an award by approval of the arbitrator or administrative law judge, and a reopening and review of that award is initiated, no statement contained in the agreement, whether as to jurisdiction, liability of the employer, nature and extent of disability, or as to any other matter, shall be considered by the arbitrator or the administrative law judge as an admission against the interests of any party. The parties may raise any issue upon reopening and review of this type of award which could have been considered upon an original application for benefits.

(8) The time limitation prescribed in this section shall apply to all claims irrespective of when they were incurred, or when the award was entered, or the settlement approved. However, claims decided prior to December 12, 1996, may be reopened within four (4) years of the award or order or within four (4) years of December 12, 1996, whichever is later, provided that the exceptions to reopening established in subsections (1) and (3) of this section shall apply to these claims as well.; and

Floor Amendment No. 9 to **SB 177**, by Representative Deskins:

On page 19, after line 27, by adding the following section:

"Section 14. KRS 342.0011 is amended to read as follows:

As used in this chapter, unless the context otherwise requires:

(1) "Injury" means any work-related traumatic event or series of traumatic events, including cumulative trauma, arising out of and in the course of employment which is the proximate cause producing a harmful change in the human organism evidenced by objective medical findings. "Injury" does not include ~~[the effects of the natural aging process, and does not include]~~ any communicable disease unless the risk of contracting the disease is increased by the nature of the employment. "Injury" when used generally, unless the context indicates otherwise, shall include an occupational disease and damage to a prosthetic appliance, but shall not include a psychological, psychiatric, or stress-related change in the human organism, unless it is a direct result of a physical injury.

(2) "Occupational disease" means a disease arising out of and in the course of the employment.

(3) An occupational disease as defined in this chapter shall be deemed to arise out of the employment if there is apparent to the rational mind, upon consideration of all the circumstances, a causal connection between the conditions under which the work is performed and the occupational disease, and which can be seen to have followed as a natural incident to the work as a result of the exposure occasioned by the nature of the employment and which can be fairly traced to the employment as the proximate cause. The occupational disease shall be incidental to the character of the business and not independent of the relationship of employer and employee. An occupational disease need not have been foreseen or expected but, after its contraction, it must appear to be related to a risk connected with the employment and to have flowed from that source as a rational consequence.

(4) "Injurious exposure" shall mean that exposure to occupational hazard which would, independently of any other cause whatsoever, produce or cause the disease for which the claim is made.

(5) "Death" means death resulting from an injury or occupational disease.

(6) "Carrier" means any insurer, or legal representative thereof, authorized to insure the liability of employers under this chapter and includes a self-insurer.

(7) "Self-insurer" is an employer who has been authorized under the provisions of this chapter to carry his own liability on his employees covered by this chapter.

(8) "Department" means the Department of Workers' Claims in the Labor Cabinet.

(9) "Commissioner" means the commissioner of the Department of Workers' Claims.

(10) "Board" means the Workers' Compensation Board.

(11) (a) "Temporary total disability" means the condition of an employee who has not reached maximum medical improvement from an injury and has not reached a level of improvement that would permit a return to

employment;

(b) "Permanent partial disability" means the condition of an employee who, due to an injury, has a permanent disability rating but retains the ability to work; and

(c) "Permanent total disability" means the condition of an employee who, due to an injury, has a permanent disability rating and has a complete and permanent inability to perform any type of work as a result of an injury, except that total disability shall be irrebuttably presumed to exist for an injury that results in:

1. Total and permanent loss of sight in both eyes;
2. Loss of both feet at or above the ankle;
3. Loss of both hands at or above the wrist;
4. Loss of one (1) foot at or above the ankle and the loss of one (1) hand at or above the wrist;
5. Permanent and complete paralysis of both arms, both legs, or one (1) arm and one (1) leg;
6. Incurable insanity or imbecility; or
7. Total loss of hearing.

(12) "Income benefits" means payments made under the provisions of this chapter to the disabled worker or his dependents in case of death, excluding medical and related benefits.

(13) "Medical and related benefits" means payments made for medical, hospital, burial, and other services as provided in this chapter, other than income benefits.

(14) "Compensation" means all payments made under the provisions of this chapter representing the sum of income benefits and medical and related benefits.

(15) "Medical services" means medical, surgical, dental, hospital, nursing, and medical rehabilitation services, medicines, and fittings for artificial or prosthetic devices.

(16) "Person" means any individual, partnership, firm, association, trust, joint venture, corporation, limited liability company, or legal representative thereof.

(17) "Wages" means, in addition to money payments for services rendered, the reasonable value of board, rent, housing, lodging, fuel, or similar advantages received from the employer, and gratuities received in the course of employment from persons other than the employer as evidenced by the employee's federal and state tax returns.

(18) "Agriculture" means the operation of farm premises, including the planting, cultivation, producing, growing, harvesting, and preparation for market of agricultural or horticultural commodities thereon, the raising of livestock for food products and for racing purposes, and poultry thereon, and any work performed as an incident to or in conjunction with the farm operations. It shall not include the commercial processing, packing, drying, storing, or canning of such commodities for market, or making cheese or butter or other dairy products for market.

(19) "Beneficiary" means any person who is entitled to income benefits or medical and related benefits under this chapter.

(20) "United States," when used in a geographic sense, means the several states, the District of Columbia, the Commonwealth of Puerto Rico, the Canal Zone, and the territories of the United States.

(21) "Alien" means a person who is not a citizen, a national, or a resident of the United States or Canada. Any person not a citizen or national of the United States who relinquishes or is about to relinquish his residence in the United States shall be regarded as an alien.

(22) "Insurance carrier" means every insurance carrier or insurance company authorized to do business in the Commonwealth writing workers' compensation insurance coverage and includes the Kentucky Employers Mutual Insurance Authority and every group of self-insurers operating under the provisions of this chapter.

(23) (a) "Severance or processing of coal" means all activities performed in the Commonwealth at underground, auger, and surface mining sites; all activities performed at tipple or processing plants that clean, break, size, or treat coal; and all activities performed at coal loading facilities for trucks, railroads, and barges. Severance or processing of coal shall not include acts performed by a final consumer if the acts are performed at the site of final consumption.

(b) "Engaged in severance or processing of coal" shall include all individuals, partnerships, corporations, joint ventures, associations, or any other business entity in the Commonwealth which has employees on its payroll who perform any of the acts stated in paragraph (a) of this subsection, regardless of whether the acts are performed as owner of the coal or on a contract or fee basis for the actual owner of the coal. A business entity engaged in the severance or processing of coal, including, but not limited to, administrative or selling functions, shall be considered wholly engaged in the severance or processing of coal for the purpose of this chapter. However, a business entity which is engaged in a separate business activity not related to coal, for which a separate premium charge is not made, shall be deemed to be engaged in the severance or processing of coal only to the extent that the number of employees engaged in the severance or processing of coal bears to the total number of employees.

Any employee who is involved in the business of severing or processing of coal and business activities not related to coal shall be prorated based on the time involved in severance or processing of coal bears to his total time.

(24) "Premium" for every group of self-insurers means any and all assessments levied on its members by such group or contributed to it by the members thereof. For special fund assessment purposes, "premium" also includes any and all membership dues, fees, or other payments by members of the group to associations or other entities used for underwriting, claims handling, loss control, premium audit, actuarial, or other services associated with the maintenance or operation of the self-insurance group.

(25) (a) "Premiums received" for policies effective on or after January 1, 1994, for insurance companies means direct written premiums as reported in the annual statement to the Kentucky Department of Insurance by insurance companies, except that "premiums received" includes premiums charged off or deferred, and, on insurance policies or other evidence of coverage with provisions for deductibles, the calculated cost for coverage, including experience modification and premium surcharge or discount, prior to any reduction for deductibles. The rates, factors, and methods used to calculate the cost for coverage under this paragraph for insurance policies or other evidence of coverage with provisions for deductibles shall be the same rates, factors, and methods normally used by the insurance company in Kentucky to calculate the cost for coverage for insurance policies or other evidence of coverage without provisions for deductibles, except that, for insurance policies or other evidence of coverage with provisions for deductibles effective on or after January 1, 1995, the calculated cost for coverage shall not include any schedule rating modification, debits, or credits. The cost for coverage calculated under this paragraph by insurance companies that issue only deductible insurance policies in Kentucky shall be actuarially adequate to cover the entire liability of the employer for compensation under this chapter, including all expenses and allowances normally used to calculate the cost for coverage. For policies with provisions for deductibles with effective dates of May 6, 1993, through December 31, 1993, for which the insurance company did not report premiums and remit special fund assessments based on the calculated cost for coverage prior to the reduction for deductibles, "premiums received" includes the initial premium plus any reimbursements invoiced for losses, expenses, and fees charged under the deductibles. The special fund assessment rates in effect for reimbursements invoiced for losses, expenses, or fees charged under the deductibles shall be those percentages in effect on the effective date of the insurance policy. For policies covering leased employees as defined in KRS 342.615, "premiums received" means premiums calculated using the experience modification factor of each lessee as defined in KRS 342.615 for each leased employee for that portion of the payroll pertaining to the leased employee.

(b) "Direct written premium" for insurance companies means the gross premium written less return premiums and premiums on policies not taken but including policy and membership fees.

(c) "Premium," for policies effective on or after January 1, 1994, for insurance companies means all consideration, whether designated as premium or otherwise, for workers' compensation insurance paid to an insurance company or its representative, including, on insurance policies with provisions for deductibles, the calculated cost for coverage, including experience modification and premium surcharge or discount, prior to any reduction for deductibles. The rates, factors, and methods used to calculate the cost for coverage under this paragraph for insurance policies or other evidence of coverage with provisions for deductibles shall be the same rates, factors, and methods normally used by the insurance company in Kentucky to calculate the cost for coverage for insurance policies or other evidence of coverage without provisions for deductibles, except that, for insurance policies or other evidence of coverage with provisions for deductibles effective on or after January 1, 1995, the calculated cost for coverage shall not include any schedule rating modifications, debits, or credits. The cost for coverage calculated under this paragraph by insurance companies that issue only deductible insurance policies in Kentucky shall be actuarially adequate to cover the entire liability of the employer for compensation under this chapter, including all expenses and allowances normally used to calculate the cost for coverage. For policies with provisions for deductibles with effective dates of May 6, 1993, through December 31, 1993, for which the insurance company did not report premiums and remit special fund assessments based on the calculated cost for coverage prior to the reduction for deductibles, "premium" includes the initial consideration plus any reimbursements invoiced for losses, expenses, or fees charged under the deductibles.

(d) "Return premiums" for insurance companies means amounts returned to insureds due to endorsements, retrospective adjustments, cancellations, dividends, or errors.

(26) "Insurance policy" for an insurance company or group self-insurer means the term of insurance coverage commencing from the date coverage is extended, whether a new policy or a renewal, through its expiration, not to exceed the anniversary date of the renewal for the following year.

(27) "Self-insurance year" for a group self-insurer means the annual period of certification of the group created pursuant to KRS 342.350(4).

(28) "Premium" for each employer carrying his own risk pursuant to KRS 342.340(1) shall be the projected value of the employer's workers' compensation claims for the next calendar year as calculated by the commissioner using generally-

accepted actuarial methods as follows:

(a) The base period shall be the earliest three (3) calendar years of the five (5) calendar years immediately preceding the calendar year for which the calculation is made. The commissioner shall identify each claim of the employer which has an injury date or date of last injurious exposure to the cause of an occupational disease during each one (1) of the three (3) calendar years to be used as the base, and shall assign a value to each claim. The value shall be the total of the indemnity benefits paid to date and projected to be paid, adjusted to current benefit levels, plus the medical benefits paid to date and projected to be paid for the life of the claim, plus the cost of medical and vocational rehabilitation paid to date and projected to be paid. Adjustment to current benefit levels shall be done by multiplying the weekly indemnity benefit for each claim by the number obtained by dividing the statewide average weekly wage which will be in effect for the year for which the premium is being calculated by the statewide average weekly wage in effect during the year in which the injury or date of the last exposure occurred. The total value of the claims using the adjusted weekly benefit shall then be calculated by the commissioner. Values for claims in which awards have been made or settlements reached because of findings of permanent partial or permanent total disability shall be calculated using the mortality and interest discount assumptions used in the latest available statistical plan of the advisory rating organization defined in Subtitle 13 of KRS Chapter 304. The sum of all calculated values shall be computed for all claims in the base period.

(b) The commissioner shall obtain the annual payroll for each of the three (3) years in the base period for each employer carrying his own risk from records of the department and from the records of the Department for Employment Services, Cabinet for Workforce Development. The commissioner shall multiply each of the three (3) years of payroll by the number obtained by dividing the statewide average weekly wage which will be in effect for the year in which the premium is being calculated by the statewide average weekly wage in effect in each of the years of the base period.

(c) The commissioner shall divide the total of the adjusted claim values for the three (3) year base period by the total adjusted payroll for the same three (3) year period. The value so calculated shall be multiplied by 1.25 and shall then be multiplied by the employer's most recent annualized payroll, calculated using records of the department and the Department for Employment Services data which shall be made available for this purpose on a quarterly basis as reported, to obtain the premium for the next calendar year for assessment purposes under KRS 342.122.

(d) For November 1, 1987, through December 31, 1988, premium for each employer carrying his own risk shall be an amount calculated by the board pursuant to the provisions contained in this subsection and such premium shall be provided to each employer carrying his own risk and to the funding commission on or before January 1, 1988. Thereafter, the calculations set forth in this subsection shall be performed annually, at the time each employer applies or renews his application for certification to carry his own risk for the next twelve (12) month period and submits payroll and other data in support of the application. The employer and the funding commission shall be notified at the time of the certification or recertification of the premium calculated by the commissioner, which shall form the employer's basis for assessments pursuant to KRS 342.122 for the calendar year beginning on January 1 following the date of certification or recertification.

(e) If an employer having fewer than five (5) years of doing business in this state applies to carry his own risk and is so certified, his premium for the purposes of KRS 342.122 shall be based on the lesser number of years of experience as may be available including the two (2) most recent years if necessary to create a three (3) year base period. If the employer has less than two (2) years of operation in this state available for the premium calculation, then his premium shall be the greater of the value obtained by the calculation called for in this subsection or the amount of security required by the commissioner pursuant to KRS 342.340(1).

(f) If an employer is certified to carry his own risk after having previously insured the risk, his premium shall be calculated using values obtained from claims incurred while insured for as many of the years of the base period as may be necessary to create a full three (3) year base. After the employer is certified to carry his own risk and has paid all amounts due for assessments upon premiums paid while insured, he shall be assessed only upon the premium calculated under this subsection.

(g) "Premium" for each employer defined in KRS 342.630(2) shall be calculated as set forth in this subsection.

(h) Notwithstanding any other provision of this subsection, the premium of any employer authorized to carry its own risk for purposes of assessments due under this chapter shall be no less than thirty cents ($0.30) per one hundred dollars ($100) of the employer's most recent annualized payroll for employees covered by this chapter.

(29) "SIC code" as used in this chapter means the Standard Industrial Classification Code contained in the latest edition of the Standard Industrial Classification Manual published by the Federal Office of Management and Budget.

(30) "Investment interest" means any pecuniary or beneficial interest in a provider of medical services or treatment under this chapter, other than a provider in which that pecuniary or investment interest is obtained on terms equally available to the public through trading on a registered national securities exchange, such as the New York Stock Exchange or the American Stock Exchange, or on the National Association of Securities Dealers Automated Quotation System.

(31) "Managed health care system" means a health care system that employs gatekeeper providers, performs utilization review, and does medical bill audits.

(32) "Physician" means physicians and surgeons, psychologists, optometrists, dentists, podiatrists, and osteopathic and chiropractic practitioners acting within the scope of their license issued by the Commonwealth.

(33) "Objective medical findings" means information gained through direct observation and testing of the patient applying objective or standardized methods.

(34) "Work" means providing services to another in return for remuneration on a regular and sustained basis in a competitive economy.

(35) "Permanent impairment rating" means percentage of whole body impairment caused by the injury or occupational disease as determined by "Guides to the Evaluation of Permanent Impairment," American Medical Association, latest available edition.

(36) "Permanent disability rating" means the permanent impairment rating selected by an arbitrator or administrative law judge times the factor set forth in the table that appears at KRS 342.730(1)(b).; and

(1) "Injury" means any work-related traumatic event or series of traumatic events, including cumulative trauma, arising out of and in the course of employment which is the proximate cause producing a harmful change in the human organism evidenced by objective medical findings. "Injury" does not include the effects of the natural aging process, and does not include any communicable disease unless the risk of contracting the disease is increased by the nature of the employment. "Injury" when used generally, unless the context indicates otherwise, shall include an occupational disease and damage to a prosthetic appliance, but shall not include a psychological, psychiatric, or stress-related change in the human organism, unless it is a direct result of a physical injury.

(2) "Occupational disease" means a disease arising out of and in the course of the employment.

(3) An occupational disease as defined in this chapter shall be deemed to arise out of the employment if there is apparent to the rational mind, upon consideration of all the circumstances, a causal connection between the conditions under which the work is performed and the occupational disease, and which can be seen to have followed as a natural incident to the work as a result of the exposure occasioned by the nature of the employment and which can be fairly traced to the employment as the proximate cause. The occupational disease shall be incidental to the character of the business and not independent of the relationship of employer and employee. An occupational disease need not have been foreseen or expected but, after its contraction, it must appear to be related to a risk connected with the employment and to have flowed from that source as a rational consequence.

(4) "Injurious exposure" shall mean that exposure to occupational hazard which would, independently of any other cause whatsoever, produce or cause the disease for which the claim is made.

(5) "Death" means death resulting from an injury or occupational disease.

(6) "Carrier" means any insurer, or legal representative thereof, authorized to insure the liability of employers under this chapter and includes a self-insurer.

  (b) "Permanent partial disability" means the condition of an employee who, due to an injury, has a permanent disability rating but retains the ability to ***engage in substantial gainful employment*** ~~[work]~~; and

  (c) "Permanent total disability" means the condition of an employee who, due to an injury, has a permanent disability~~[rating]~~ and has~~[a complete and]~~ permanent inability to perform any type of ***substantial gainful employment*** ~~[work]~~ as a result of an injury, except that total disability shall be irrebuttably presumed to exist for an injury that results in:

    1. Total and permanent loss of sight in both eyes;
    2. Loss of both feet at or above the ankle;
    3. Loss of both hands at or above the wrist;
    4. Loss of one (1) foot at or above the ankle and the loss of one (1) hand at or above the wrist;
    5. Permanent and complete paralysis of both arms, both legs, or one (1) arm and one (1) leg;
    6. Incurable ***psychiatric or psychological disease or disorder as defined by the "Guides to Evaluation of Permanent Impairment," American Medical Association, latest available edition*** ~~[insanity or imbecility]~~; or

(18) "Agriculture" means the operation of farm premises, including the planting, cultivation, producing, growing, harvesting, and preparation for market of agricultural or horticultural commodities thereon, the raising of livestock for food products and for racing purposes, and poultry thereon, and any work performed as an incident to or in conjunction with the farm operations. It shall not include the commercial processing, packing, drying, storing, or canning of such commodities for market, or making cheese or butter or other dairy products for market.

(19) "Beneficiary" means any person who is entitled to income benefits or medical and related benefits under this chapter.

(20) "United States," when used in a geographic sense, means the several states, the District of Columbia, the Commonwealth of Puerto Rico, the Canal Zone, and the territories of the United States.

(21) "Alien" means a person who is not a citizen, a national, or a resident of the United States or Canada. Any person not a citizen or national of the United States who relinquishes or is about to relinquish his residence in the United States shall be regarded as an alien.

(22) "Insurance carrier" means every insurance carrier or insurance company authorized to do business in the Commonwealth writing workers' compensation insurance coverage and includes the Kentucky Employers Mutual Insurance Authority and every group of self-insurers operating under the provisions of this chapter.

(23) (a) "Severance or processing of coal" means all activities performed in the Commonwealth at underground, auger, and surface mining sites; all activities performed at tipple or processing plants that clean, break, size, or treat coal; and all activities performed at coal loading facilities for trucks, railroads, and barges. Severance or

processing of coal shall not include acts performed by a final consumer if the acts are performed at the site of final consumption.

(b) "Engaged in severance or processing of coal" shall include all individuals, partnerships, corporations, joint ventures, associations, or any other business entity in the Commonwealth which has employees on its payroll who perform any of the acts stated in paragraph (a) of this subsection, regardless of whether the acts are performed as owner of the coal or on a contract or fee basis for the actual owner of the coal. A business entity engaged in the severance or processing of coal, including, but not limited to, administrative or selling functions, shall be considered wholly engaged in the severance or processing of coal for the purpose of this chapter. However, a business entity which is engaged in a separate business activity not related to coal, for which a separate premium charge is not made, shall be deemed to be engaged in the severance or processing of coal only to the extent that the number of employees engaged in the severance or processing of coal bears to the total number of employees. Any employee who is involved in the business of severing or processing of coal and business activities not related to coal shall be prorated based on the time involved in severance or processing of coal bears to his total time.

(24) "Premium" for every group of self-insurers means any and all assessments levied on its members by such group or contributed to it by the members thereof. For special fund assessment purposes, "premium" also includes any and all membership dues, fees, or other payments by members of the group to associations or other entities used for underwriting, claims handling, loss control, premium audit, actuarial, or other services associated with the maintenance or operation of the self-insurance group.

The rates, factors, and methods used to calculate the cost for coverage under this paragraph for insurance policies or other evidence of coverage with provisions for deductibles shall be the same rates, factors, and methods normally used by the insurance company in Kentucky to calculate the cost for coverage for insurance policies or other evidence of coverage without provisions for deductibles, except that, for insurance policies or other evidence of coverage with provisions for deductibles effective on or after January 1, 1995, the calculated cost for coverage shall not include any schedule rating modification, debits, or credits. The cost for coverage calculated under this paragraph by insurance companies that issue only deductible insurance policies in Kentucky shall be actuarially adequate to cover the entire liability of the employer for compensation under this chapter, including all expenses and allowances normally used to calculate the cost for coverage. For policies with provisions for deductibles with effective dates of May 6, 1993, through December 31, 1993, for which the insurance company did not report premiums and remit special fund assessments based on the calculated cost for coverage prior to the reduction for deductibles, "premiums received" includes the initial premium plus any reimbursements invoiced for losses, expenses, and fees charged under the deductibles. The special fund assessment rates in effect for reimbursements invoiced for losses, expenses, or fees charged under the deductibles shall be those percentages in effect on the effective date of the insurance policy. For policies covering leased employees as defined in KRS 342.615, "premiums received" means premiums calculated using the experience modification factor of each lessee as defined in KRS 342.615 for each leased employee for that portion of the payroll pertaining to the leased employee.

(b) "Direct written premium" for insurance companies means the gross premium written less return premiums and premiums on policies not taken but including policy and membership fees.

(c) "Premium," for policies effective on or after January 1, 1994, for insurance companies means all consideration, whether designated as premium or otherwise, for workers' compensation insurance paid to an insurance company or its representative, including, on insurance policies with provisions for deductibles, the calculated cost for coverage, including experience modification and premium surcharge or discount, prior to any reduction for deductibles. The rates, factors, and methods used to calculate the cost for coverage under this paragraph for insurance policies or other evidence of coverage with provisions for deductibles shall be the same rates, factors, and methods normally used by the insurance company in Kentucky to calculate the cost for coverage for insurance policies or other evidence of coverage without provisions for deductibles, except that, for insurance policies or other evidence of coverage with provisions for deductibles effective on or after January 1, 1995, the calculated cost for coverage shall not include any schedule rating modifications, debits, or credits. The cost for coverage calculated under this paragraph by insurance companies that issue only deductible insurance policies in Kentucky shall be actuarially adequate to cover the entire liability of the employer for compensation under this chapter, including all expenses and allowances normally used to calculate the cost for coverage. For policies with provisions for deductibles with effective dates of May 6, 1993, through December 31, 1993, for which the insurance company did not report premiums and remit special fund assessments based on the calculated cost for coverage prior to the reduction for deductibles, "premium" includes the initial consideration plus any reimbursements invoiced for losses, expenses, or fees charged under the deductibles.

(d) "Return premiums" for insurance companies means amounts returned to insureds due to endorsements, retrospective adjustments, cancellations, dividends, or errors.

(26) "Insurance policy" for an insurance company or group self-insurer means the term of insurance coverage commencing from the date coverage is extended, whether a new policy or a renewal, through its expiration, not to exceed the anniversary date of the renewal for the following year.

(27) "Self-insurance year" for a group self-insurer means the annual period of certification of the group created pursuant to KRS 342.350(4).

(28) "Premium" for each employer carrying his own risk pursuant to KRS 342.340(1) shall be the projected value of the employer's workers' compensation claims for the next calendar year as calculated by the commissioner using generally-accepted actuarial methods as follows:

(a) The base period shall be the earliest three (3) calendar years of the five (5) calendar years immediately preceding the calendar year for which the calculation is made. The commissioner shall identify each claim of the employer which has an injury date or date of last injurious exposure to the cause of an occupational disease during each one (1) of the three (3) calendar years to be used as the base, and shall assign a value to each claim. The value shall be the total of the indemnity benefits paid to date and projected to be paid, adjusted to current benefit levels, plus the medical benefits paid to date and projected to be paid for the life of the claim, plus the cost of medical and vocational rehabilitation paid to date and projected to be paid. Adjustment to current benefit levels shall be done by multiplying the weekly indemnity benefit for each claim by the number obtained by dividing the statewide average weekly wage which will be in effect for the year for which the premium is being calculated by the statewide average weekly wage in effect during the year in which the injury or date of the last exposure occurred. The total value of the claims using the adjusted weekly benefit shall then be calculated by the commissioner. Values for claims in which awards have been made or settlements reached because of findings of permanent partial or permanent total disability shall be calculated using the mortality and interest discount assumptions used in the latest available statistical plan of the advisory rating organization defined in Subtitle 13 of KRS Chapter 304. The sum of all calculated values shall be computed for all claims in the base period.

(b) The commissioner shall obtain the annual payroll for each of the three (3) years in the base period for each employer carrying his own risk from records of the department and from the records of the Department for Employment Services, Cabinet for Workforce Development. The commissioner shall multiply each of the three (3) years of payroll by the number obtained by dividing the statewide average weekly wage which will be in effect for the year in which the premium is being calculated by the statewide average weekly wage in effect in each of the years of the base period.

(c) The commissioner shall divide the total of the adjusted claim values for the three (3) year base period by the total adjusted payroll for the same three (3) year period. The value so calculated shall be multiplied by 1.25 and shall then be multiplied by the employer's most recent annualized payroll, calculated using records of the department and the Department for Employment Services data which shall be made available for this purpose on a quarterly basis as reported, to obtain the premium for the next calendar year for assessment purposes under KRS 342.122.

(d) For November 1, 1987, through December 31, 1988, premium for each employer carrying his own risk shall be an amount calculated by the board pursuant to the provisions contained in this subsection and such premium shall be provided to each employer carrying his own risk and to the funding commission on or before January 1, 1988. Thereafter, the calculations set forth in this subsection shall be performed annually, at the time each employer applies or renews his application for certification to carry his own risk for the next twelve (12) month period and submits payroll and other data in support of the application. The employer and the funding commission shall be notified at the time of the certification or recertification of the premium calculated by the commissioner, which shall form the employer's basis for assessments pursuant to KRS 342.122 for the calendar year beginning on January 1 following the date of certification or recertification.

(e) If an employer having fewer than five (5) years of doing business in this state applies to carry his own risk and is so certified, his premium for the purposes of KRS 342.122 shall be based on the lesser number of years of experience as may be available including the two (2) most recent years if necessary to create a three (3) year base period. If the employer has less than two (2) years of operation in this state available for the premium calculation, then his premium shall be the greater of the value obtained by the calculation called for in this subsection or the amount of security required by the commissioner pursuant to KRS 342.340(1).

(f) If an employer is certified to carry his own risk after having previously insured the risk, his premium shall be calculated using values obtained from claims incurred while insured for as many of the years of the base period as may be necessary to create a full three (3) year base. After the employer is certified to carry his own risk and has paid all amounts due for assessments upon premiums paid while insured, he shall be assessed only upon the premium calculated under this subsection.

(g) "Premium" for each employer defined in KRS 342.630(2) shall be calculated as set forth in this subsection.

(h) Notwithstanding any other provision of this subsection, the premium of any employer authorized to carry its own risk for purposes of assessments due under this chapter shall be no less than thirty cents ($0.30) per one hundred dollars ($100) of the employer's most recent annualized payroll for employees covered by this chapter.

(29) "SIC code" as used in this chapter means the Standard Industrial Classification Code contained in the latest edition of the Standard Industrial Classification Manual published by the Federal Office of Management and Budget.

(30) "Investment interest" means any pecuniary or beneficial interest in a provider of medical services or treatment under this chapter, other than a provider in which that pecuniary or investment interest is obtained on terms equally available to the public through trading on a registered national securities exchange, such as the New York Stock Exchange or the American Stock Exchange, or on the National Association of Securities Dealers Automated Quotation System.

(31) "Managed health care system" means a health care system that employs gatekeeper providers, performs utilization review, and does medical bill audits.

(32) "Physician" means physicians and surgeons, psychologists, optometrists, dentists, podiatrists, and osteopathic and chiropractic practitioners acting within the scope of their license issued by the Commonwealth.

(35) "Permanent impairment rating" means percentage of whole body impairment caused by the injury or occupational disease as determined by "Guides to the Evaluation of Permanent Impairment," American Medical Association, latest available edition.

(36) "Permanent disability rating" means the permanent impairment rating selected by an arbitrator or administrative law judge times the factor set forth in the table that appears at KRS 342.730(1)(b); and

"Section 14. KRS 342.125 is amended to read as follows:

(1) Upon motion by any party or upon an arbitrator's or administrative law judge's own motion, an arbitrator or administrative law judge may reopen and review any award or order on any of the following grounds:

(a) Fraud;

(b) Newly-discovered evidence which could not have been discovered with the exercise of due diligence;

(c) Mistake; and

(d) Change of disability as shown by objective medical evidence of worsening or improvement of impairment due to a condition caused by the injury since the date of the award or order.

(2) No claim which has been previously dismissed or denied on the merits shall be reopened except upon the grounds set forth in this section.

(3) Except for reopening solely for determination of the compensability of medical expenses~~[,]~~ ***or*** fraud, ~~[or conforming the award as set forth in KRS 342.730(1)(c)2., or for reducing a permanent total disability award when an employee returns to work,]~~ no claim shall be reopened more than ~~[four (4) years]~~ ***five hundred twenty (520) weeks*** following the date ***that*** ~~[of]~~ the original award or order granting or denying benefits ***becomes final***, or ***except in situations involving surgical intervention*** within ***one (1) year*** ~~[two (2) years]~~ of such award or order, and ***, except in situations involving surgical intervention,*** no party may file a motion to reopen within ***one (1) year*** ~~[two (2) years]~~ of any previous motion to reopen by the same party.

(4) Reopening and review under this section shall be had upon notice to the parties and in the same manner as provided for an initial proceeding under this chapter. Upon reopening, the arbitrator or administrative law judge may end, diminish, or increase compensation previously awarded, within the maximum and minimum provided in this chapter, or change or revoke a previous order. The arbitrator or administrative law judge shall immediately send all parties a copy of the subsequent order or award. Reopening shall not affect the previous order or award as to any sums already paid thereunder, and any change in the amount of compensation shall be ordered only from the date of filing the motion to reopen. No employer shall suspend benefits during pendency of any reopening procedures except upon order of the arbitrator or administrative law judge.

(5) (a) Upon the application of the affected employee, and a showing of progression of his previously-diagnosed

occupational pneumoconiosis resulting from exposure to coal dust and development of respiratory impairment due to that pneumoconiosis and two (2) additional years of employment in the Commonwealth wherein the employee was continuously exposed to the hazards of the disease, the arbitrator or administrative law judge may review an award or order for benefits attributable to coal-related pneumoconiosis under KRS 342.732. An application for review under this subsection shall be made within one (1) year of the date the employee knew or reasonably should have known that a progression of his disease and development or progression of respiratory impairment have occurred. Review under this subsection shall include a review of all evidence admitted in all prior proceedings.

(b) Benefits awarded as a result of a review under this subsection shall be reduced by the amount of retraining incentive benefits or income benefits previously awarded under KRS 342.732. The amount to be deducted shall be subtracted from the total amount awarded, and the remaining amount shall be divided by the number of weeks, for which the award was made, to arrive at the weekly benefit amount which shall be apportioned in accordance with the provisions of KRS 342.316.

(6) In a reopening or review proceeding where there has been additional permanent partial disability awarded, the increase shall not extend the original period, unless the combined prior disability and increased disability exceeds fifty percent (50%), but less than one hundred percent (100%), in which event the awarded period shall not exceed five hundred twenty (520) weeks, from commencement date of the original disability previously awarded. The law in effect on the date of the original injury controls the rights of the parties.

(7) Where an agreement has become an award by approval of the arbitrator or administrative law judge, and a reopening and review of that award is initiated, no statement contained in the agreement, whether as to jurisdiction, liability of the employer, nature and extent of disability, or as to any other matter, shall be considered by the arbitrator or the administrative law judge as an admission against the interests of any party. The parties may raise any issue upon reopening and review of this type of award which could have been considered upon an original application for benefits.

(8) The time limitation prescribed in this section shall apply to all claims irrespective of when they were incurred, or when the award was entered, or the settlement approved. However, claims decided prior to ***the effective date of this Act*** ~~[December 12, 1996]~~, may be reopened within ***five hundred twenty (520) weeks*** ~~[four (4) years]~~ of the award or order or within ***five hundred twenty (520) weeks*** ~~[four (4) years]~~ of ***the effective date of this Act*** ~~[December 12, 1996]~~, whichever is later, provided that the exceptions to reopening established in subsections (1) and (3) of this section shall apply to these claims as well.; and

On page 19, after line 27, by adding the following section:

"Section 14. KRS 342.732 is amended to read as follows:

(1) Notwithstanding any other provision of this chapter, income benefits and retraining incentive benefits for occupational pneumoconiosis resulting from exposure to coal dust in the severance or processing of coal shall be paid as follows:

(a) If an employee has a radiographic classification of category ***1/0*** ~~[1/1 or 1/2]~~, based on the latest ILO International Classification of Radiographics, resulting from exposure to coal dust, which is validated by report of X-ray which conforms to the standards for X-rays contained in subsection (3) of KRS 342.316, and respiratory impairment resulting from exposure to coal-mine dust as evidenced by spirometric test values of ~~[fifty-five percent (55%) or more but less than]~~eighty percent (80%) ***or above*** of the predicted normal values contained in the chapter on the respiratory system of the latest edition available of the "Guides to the Evaluation of Permanent Impairment" of the American Medical Association, the employee shall be awarded a one (1) time only retraining incentive benefit which shall be an amount equal to sixty-six and two-thirds percent (66-2/3%) of the employee's average weekly wage as determined by KRS 342.740 but not more than seventy-five percent (75%) of the state average weekly wage, payable semimonthly for a period not to exceed one hundred four (104) weeks. These benefits shall be paid only while the employee is enrolled and actively and successfully participating as a full-time student taking twenty-four (24) or more instruction hours per week in a bona fide training or education program approved under administrative regulations to be promulgated by the commissioner. The employer shall also pay, directly to the institution conducting the training or education program, instruction, tuition, and material costs not to exceed five thousand dollars ($5,000). The benefit shall not be paid for a period in which the employee ceases to participate in the program. In no event shall the benefit be paid to the employee while the employee is working in the mining industry in the severance and processing of coal as defined in KRS 342.0011(23)(a). The period of one hundred four (104) weeks during which this benefit is payable shall begin no later than the one-hundred-eightieth day after the order awarding the benefit becomes final. If an employee completes an approved program of training in less than one hundred four (104) weeks and that employee has accepted a bona fide offer of employment at a location more than fifty (50) miles from the employee's usual residence in the field for which the employee has been trained, the employee shall be paid in a lump sum for relocation the lesser of the sum of three thousand dollars ($3,000) or the amount remaining in unpaid weekly training benefits as provided by this section.

(b) ***If it is determined that an employee has a radiographic classification of category 1/1, 1/2, 2/1, or 2/3, based on the latest ILO International Classification of Radiographic and respiratory impairment resulting from exposure to coal dust as evidenced by spirometric test values of eighty percent (80%) or above of the predicted normal values contained in the chapter on the respiratory system of the latest edition available of the "Guides to the Evaluation of Permanent Impairment" published by the American Medical Association, there shall be an irrebutable presumption that the employee has an occupational disability rating of ten percent (10%) resulting from exposure to coal dust, and the employee shall be awarded an income benefit which shall be an amount equal to sixty-six and two-thirds percent (66 2/3%) of the employee's average weekly wage multiplied by a disability rating of ten percent (10%) but not to exceed seventy-five percent (75%) of the state average weekly wage as determined under KRS 342.740. The award shall be payable for a period not to exceed four hundred twenty-five (425) weeks but in no event shall benefits be paid under this subsection while the employee continues to work in the mining industry in the severance and processing of coal as defined in KRS 342.0011(23)(a).***

(c) If it is determined that an employee has a radiographic classification of category ***1/0,***1/1 ,~~[or]~~ 1/2, ***2/1, 2/2, or 2/3*** based on the latest ILO International Classification of Radiographics and respiratory impairment resulting from exposure to coal dust as evidenced by spirometric test values of ~~[less than]~~ fifty-five percent (55%) ***or more but less than eighty percent (80%)*** of the predicted normal values contained in the chapter on the respiratory system of the latest edition available of the "Guides to the Evaluation of Permanent Impairment" published by the American Medical Association, or category ***3/2 or 3/3*** ~~[2/1, 2/2, or 2/3]~~ coal workers' pneumoconiosis and respiratory impairment evidenced by spirometric test values of ~~[fifty-five percent (55%) or more but less than]~~ eighty percent (80%) ***or more*** of the predicted normal values, there shall be an irrebuttable presumption that the employee has an occupational disability rating of ***twenty-five percent (25%)*** ~~[fifty percent (50%)]~~ resulting from exposure to coal dust, and the employee shall be awarded an income benefit which shall be an amount equal to sixty-six and two-thirds percent (66-2/3%) of the employee's average weekly wage multiplied by the disability rating of ***twenty-five percent (25%)*** ~~[fifty percent (50%)]~~ but not to exceed seventy-five percent (75%) of the state average weekly wage as determined by KRS 342.740. The award shall be payable for a period not to exceed four hundred twenty-five (425) weeks, but in no event shall benefits be paid under this subsection while the employee continues to work in the mining industry in the severance and processing of coal as defined in KRS 342.0011(23)(a).

(d) ~~[(c)]~~ If it is determined that an employee has a radiographic classification of category ***1/0, 1/1,1/2,***2/1, 2/2, or 2/3 coal workers' pneumoconiosis, based on the latest ILO International Classification of Radiographics, and respiratory impairment as evidenced by spirometric test values of less than fifty-five percent (55%) of the predicted normal values contained in the chapter on the respiratory system of the latest edition available of the "Guides to the Evaluation of Permanent Impairment" published by the American Medical Association or category 3/2 or 3/3 pneumoconiosis and respiratory impairment evidenced by spirometric test values of fifty-five percent (55%) or more but less than eighty percent (80%) of the predicted normal values, there shall be an irrebuttable presumption that the employee is ***fifty percent (50%)*** ~~[seventy-five percent (75%)]~~ disabled resulting from exposure to coal dust and the employee shall be awarded income benefits which shall be equal to sixty-six and two-thirds percent (66-2/3%) of the employee's average weekly wage multiplied by the disability rating of ***fifty percent (50%)*** ~~[seventy-five percent (75%)]~~ but not to exceed seventy-five percent (75%) of the state average weekly wage and not less than twenty percent (20%) of the state average weekly wage as determined by KRS 342.740. The award shall be payable for a period not to exceed five hundred twenty (520) weeks. Income benefits awarded under this paragraph shall be payable to the employee during the disability, but in no event shall benefits be paid under this subsection while the employee continues to work in the mining industry in the severance and processing of coal as defined in KRS 342.0011(23)(a).

(e) (d) If it is determined that an employee has radiographic classification of 3/2 or 3/3 occupational pneumoconiosis based on the latest ILO International Classification of Radiographs, and respiratory impairment evidenced by spirometric test values of less than fifty-five percent (55%) of the predicted normal values contained in the latest edition of the "Guides to the Evaluation of Permanent Impairment" of the American Medical Association, or progressive massive fibrosis, based on the latest ILO International Classification of Radiographics, there shall be an irrebuttable presumption that the employee is totally disabled resulting from exposure to coal dust, and the employee shall be awarded income benefits equal to sixty-six and two-thirds percent (66-2/3%) of the employee's average weekly wage but not more than one hundred percent (100%) of the state average weekly wage and not less than twenty percent (20%) of the average weekly wage of the state as determined by KRS 342.740. Income benefits awarded under this paragraph shall be payable to the employee during such disability, but in no event shall benefits be paid under this subsection while the employee continues to work in the mining industry in the severance and processing of coal as defined in KRS 342.0011(23)(a).

(2) The presence of respiratory impairment resulting from exposure to coal dust shall be established by using the largest forced vital capacity (FVC) value or the largest forced expiratory volume in one second (FEV1) value determined from the totality of all such spirometric testing performed in compliance with accepted medical standards.

(3) When valid spirometric tests are not provided and a physician certifies to the administrative law judge or arbitrator that spirometric testing is not medically indicated because of the permanent physical condition of the employee, the administrative law judge or arbitrator shall make his decision on the basis of evidence admitted which establishes the existence of a diagnosis of occupational pneumoconiosis and respiratory impairment due to the occupational pneumoconiosis. The evidence submitted by the employee shall include one (1) or more arterial blood gas studies performed in accordance with accepted medical standards. Income benefits shall not be awarded in the absence of valid spirometric tests if the claimant's PO2 arterial blood gas value is equal to or higher than one (1) standard deviation from the normal value obtained by the formula (103.5 - 0.42X), where X equals the claimant's age at the time of the arterial blood gas study.

(4) In no event shall income benefits awarded under this section be stacked or added to income benefits awarded under KRS 342.730 to extend the period of disability.; and

"Section 14. KRS 342.730 is amended to read as follows:

(1) Except as provided in KRS 342.732, income benefits for disability shall be paid to the employee as follows:

(a) For temporary or permanent total disability, sixty-six and two-thirds percent (66-2/3%) of the employee's average weekly wage but not more than one hundred percent (100%) of the state average weekly wage and not less than twenty percent (20%) of the state average weekly wage as determined in KRS 342.740 during that disability. Nonwork-related impairment and conditions compensable under KRS 342.732 and hearing loss covered in KRS 342.7305 shall not be considered in determining whether the employee is totally disabled for purposes of this subsection.

(b) For permanent partial disability, sixty-six and two-thirds percent (66-2/3%) of the employee's average weekly wage but not more than seventy-five percent (75%) of the state average weekly wage as determined by KRS 342.740, multiplied by the permanent impairment rating caused by the injury or occupational disease as determined by "Guides to the Evaluation of Permanent Impairment," American Medical Association, latest edition available, times the factor set forth in the table that follows:

AMA Impairment	Factor
0 to 5%	0.75
6 to 10%	1.00
11 to 15%	1.25
16 to 20%	1.50
21 to 25%	1.75
26 to 30%	2.00
31 to 35%	2.25
36% and above	2.50

Any temporary total disability period within the maximum period for permanent, partial disability benefits shall extend the maximum period but shall not make payable a weekly benefit exceeding that determined in subsection (1)(a) of this section. Notwithstanding any section of this chapter to the contrary, there shall be no minimum weekly income benefit for permanent partial disability and medical benefits shall be paid for the duration of the disability.

(c) 1. If, due to an injury, an employee does not retain the physical capacity to return to the type of work that the employee performed at the time of injury, the benefit for permanent partial disability shall be one and one-half (1-1/2) times the amount otherwise determined under paragraph (b) of this subsection, but this provision shall not be construed so as to extend the duration of payments.

2. If an employee returns to work at a weekly wage equal to or greater than the average weekly wage at the time of injury, the weekly benefit for permanent partial disability otherwise payable under paragraph (b) of this subsection shall be reduced by one-half (1/2) for each week during which that employment is

sustained. During any period of cessation of that employment, temporary or permanent, for any reason, with or without cause, payment of weekly benefits for permanent partial disability during the period of cessation shall be restored to the rate prescribed in paragraph (b) of this subsection.

3. Notwithstanding the provisions of KRS 342.125, a claim may be reopened at any time during the period of permanent partial disability in order to conform the award payments with the requirements of subparagraph 2. of this paragraph.

(d) For permanent partial disability, if an employee has a permanent disability rating of fifty percent (50%) or less as a result of a work-related injury, the compensable permanent partial disability period shall be four hundred twenty-five (425) weeks, and if the permanent disability rating is greater than fifty percent (50%), the compensable permanent partial disability period shall be five hundred twenty (520) weeks from the date the impairment or disability exceeding fifty percent (50%) arises. Benefits payable for permanent partial disability shall not exceed ninety-nine percent (99%) of sixty-six and two-thirds percent (66-2/3%) of the employee's average weekly wage as determined under KRS 342.740 and shall not exceed seventy-five percent (75%) of the state average weekly wage, except for benefits payable pursuant to paragraph (c)1. of this subsection, which shall not exceed one hundred percent (100%) of the state average weekly wage, nor shall benefits for permanent partial disability be payable for a period exceeding five hundred twenty (520) weeks, notwithstanding that multiplication of impairment times the factor set forth in paragraph (b) of this subsection would yield a greater percentage of disability.

(e) For permanent partial disability, impairment for nonwork-related disabilities, conditions previously compensated under this chapter, conditions covered by KRS 342.732, and hearing loss covered in KRS 342.7305 shall not be considered in determining the extent of disability or duration of benefits under this chapter.

(2) The period of any income benefits payable under this section on account of any injury shall be reduced by the period of income benefits paid or payable under this chapter on account of a prior injury if income benefits in both cases are for disability of the same member or function, or different parts of the same member or function, and the income benefits payable on account of the subsequent disability in whole or in part would duplicate the income benefits payable on account of the pre-existing disability.

(3) ~~[Subject to the limitations contained in subsection (4) of this section, w]~~ ***W***hen an employee, who has sustained disability compensable under this chapter, and who has filed, or could have timely filed, a valid claim in his lifetime, dies from causes other than the injury before the expiration of the compensable period specified, portions of the income benefits specified and unpaid at the individual's death, whether or not accrued or due at his death, shall be paid, under an award made before or after the death, for the period specified in this section, to and for the benefit of the persons within the classes at the time of death and in the proportions and upon the conditions specified in this section and in the order named:

(a) To the widow or widower, if there is no child under the age of eighteen (18) or incapable of self-support, benefits at fifty percent (50%) of the rate specified in the award; or

(b) If there are both a widow or widower and such a child or children, to the widow or widower, forty-five percent (45%) of the benefits specified in the award, or forty percent (40%) of those benefits if such a child or children are not living with the widow or widower; and, in addition thereto, fifteen percent (15%) of the benefits specified in the award to each child. Where there are more than two (2) such children, the indemnity benefits payable on account of two (2) children shall be divided among all the children, share and share alike; or

(c) If there is no widow or widower but such a child or children, then to the child or children, fifty percent (50%) of the benefits specified in the award to one (1) child, and fifteen percent (15%) of those benefits to a second child, to be shared equally. If there are more than two (2) such children, the indemnity benefits payable on account of two (2) children shall be divided equally among all the children; or

(d) If there is no survivor in the above classes, then the parent or parents wholly or partly actually dependent for support upon the decedent, or to other wholly or partly actually dependent relatives listed in paragraph (g) of subsection (1) of KRS 342.750, or to both, in proportions that the commissioner provides by administrative regulation.

(e) To the widow or widower upon remarriage, up to two (2) years, benefits as specified in the award and proportioned under paragraphs (a) or (b) of this subsection, if the proportioned benefits remain unpaid, to be paid in a lump sum.

(4) ~~[All income benefits payable pursuant to this chapter shall terminate as of the date upon which the employee qualifies for normal old age Social Security retirement benefits under the United States Social Security Act, 42 U.S.C. secs. 301 to 1397f, or two (2) years after the employee's injury or last exposure, whichever last occurs. In like manner all income benefits payable pursuant to this chapter to spouses and dependents shall terminate when such spouses and dependents qualify for benefits under the United States Social Security Act by reason of the fact that the worker upon whose earnings entitlement is based would have qualified for normal old age Social Security retirement benefits.~~

~~(5)~~] All income benefits pursuant to this chapter otherwise payable for temporary total and permanent total disability shall be offset by unemployment insurance benefits paid for unemployment during the period of temporary total or permanent total disability.

(5)[~~(6)~~] All income benefits otherwise payable pursuant to this chapter shall be offset by payments made under an exclusively employer-funded disability or sickness and accident plan which extends income benefits for the same disability covered by this chapter, except where the employer-funded plan contains an internal offset provision for workers' compensation benefits which is inconsistent with this provision.

(6)[~~(7)~~] If an employee receiving a permanent total disability award returns to work, that employee shall notify the employer, payment obligor, insurance carrier, or special fund as applicable; and

Section 15. KRS 342.750 is amended to read as follows:

If the injury causes death, income benefits shall be payable in the amount and to or for the benefit of the persons following, subject to the maximum limits specified in subsections (3)[~~ and (4)~~] of this section:

(1) (a) If there is a widow or widower and no children of the deceased, to such widow or widower 50 percent of the average weekly wage of the deceased, during widowhood or widowerhood.

(b) To the widow or widower, if there is a child or children living with the widow or widower, 45 percent of the average weekly wage of the deceased, or 40 percent, if such child is not or such children are not living with a widow or widower, and in addition thereto, 15 percent for each child. Where there are more than two (2) such children, the indemnity benefits payable on account of such children shall be divided among such children, share and share alike.

(c) Two (2) years' indemnity benefits in one (1) lump sum shall be payable to a widow or widower upon remarriage.

(d) To the children, if there is no widow or widower, 50 percent of such wage for one (1) child, and 15 percent for each additional child, divided among such children, share and share alike.

(e) The income benefits payable on account of any child under this section shall cease when he dies, marries, or reaches the age of eighteen (18), or when a child over such age ceases to be physically or mentally incapable of self-support, or if actually dependent ceases to be actually dependent, or, if enrolled as a full-time student in any accredited educational institution, ceases to be so enrolled or reaches the age of 22. A child who originally qualified as a dependent by virtue of being less than 18 years of age may, upon reaching age 18, continue to qualify if he satisfies the tests of being physically or mentally incapable of self-support, actual dependency, or enrollment in an educational institution.

(f) To each parent, if actually dependent, 25 percent.

(g) To the brothers, sisters, grandparents, and grandchildren, if actually dependent, 25 percent to each such dependent. If there should be more than one (1) of such dependents, the total income benefits payable on account of such dependents shall be divided share and share alike.

(h) The income benefits of each beneficiary under paragraphs (f) and (g) above shall be paid until he, if a parent or grandparent, dies, marries, or ceases to be actually dependent, or, if a brother, sister, or grandchild, dies, marries, or reaches the age of eighteen (18) or if over that age ceases to be physically or mentally incapable of self-support, or ceases to be actually dependent.

(i) A person ceases to be actually dependent when his income from all sources exclusive of workers' compensation income benefits is such that, if it had existed at the time as of which the original determination of actual dependency was made, it would not have supported a finding of dependency. In any event, if the present annual income of an actual dependent person including workers' compensation income benefits at any time exceeds the total annual support received by the person from the deceased employee, the workers' compensation benefits shall be reduced so that the total annual income is no greater than such amount of annual support received from the deceased employee. In all cases, a person found to be actually dependent shall be presumed to be no longer actually dependent three (3) years after each time as of which the person was found to be actually dependent. This presumption may be overcome by proof of continued actual dependency as defined in this subsection, but full payments shall not be suspended during the pendency of any proceeding to determine dependency.

(2) Upon the cessation of income benefits under this section to or on account of any person, the income benefits of the remaining persons entitled to income benefits for the unexpired part of the period during which their income benefits are payable shall be that which such persons would have received if they had been the only persons entitled to income benefits at the time of the decedent's death.

(3) For the purposes of this section, the average weekly wage of the employee shall be taken as not more than the average weekly wage of the state as determined in KRS 342.740. In no case shall the aggregate weekly income benefits payable to all beneficiaries under this section exceed the maximum income benefit that was or would have been payable for total disability to the deceased, including benefits to his dependents.

(4) The maximum weekly income benefits payable for all beneficiaries in case of death shall not exceed 75 percent of the

average weekly wage of the deceased as calculated under KRS 342.140, subject to the maximum limits in subsection (3) above. The maximum aggregate limitation shall not operate in case of payment of two (2) years' income benefits to the widow or widower upon remarriage as provided under paragraph (c) of subsection (1) of this section, to prevent the immediate recalculation and payments of benefits to the remaining beneficiaries as provided under subsection (2) of this section, but the weekly income benefits as to such remaining beneficiaries shall not exceed the weekly income benefit that was or would have been payable for total disability to the deceased. The classes of beneficiaries specified in paragraphs (a), (b), and (d) of subsection (1) of this section shall have priority over all other beneficiaries in the apportionment of income benefits. If the provisions of this subsection should prevent payment to other beneficiaries of the income benefits to the full extent otherwise provided for by this section, the gross remaining amount of income benefits payable to such other beneficiaries shall be apportioned by class, proportionate to the interest of each class in the remaining amount. Parents shall be considered to be in one class and those specified in paragraph (f) of subsection (1) in another class.

(5) All relations of dependency referred to in this section shall mean dependency existing at the time of the accident to the employee or at the time his disability from an occupational disease began.

(6) In addition to other benefits as provided by this chapter, if death occurs within four (4) years of the date of injury as a direct result of a work-related injury, a lump-sum payment of twenty-five thousand dollars ($25,000) shall be made to the deceased's estate, from which the cost of burial and cost of transportation of the body to the employee's place of residence shall be paid.

[~~(7) All benefits awarded pursuant to this section, other than those provided in subsection (6) of this section, shall be subject to the limitations contained in KRS 342.730(4).~~]; and

Any person who pays or delivers abandoned property to the department under this chapter is relieved of all liability[~~ to the extent of the value of the property so paid or delivered for any claim~~] which then exists or which thereafter may arise or be made in respect to the property.

(2) Any holder of ***property***[~~deposits or any life insurance company~~] who has paid moneys to the department pursuant to this chapter ***may***[~~shall~~] make payment to any person appearing to such holder to be entitled thereto, and upon proof of such payment and proof that the payee was entitled thereto, the department shall forthwith reimburse the holder or company*, without imposing a fee or other charge. (5) Property that is held in an interest-bearing demand, savings, or time deposit shall, from the time that it is presumed abandoned in accordance with this chapter, be placed by the holder in an interest-bearing account made assignable to the department. The department, through its employees, may examine the records relevant to the establishment and maintenance of an interest bearing account in accordance with KRS 393.280. Upon demand and proper proof by a person appearing entitled to payment of property or portions of property so deposited, the holder may withdraw the property and any accrued interest for payment to the person entitled thereto. (6) Property removed from a safe deposit box or other safekeeping depository is received by the department subject to the holder's right to be reimbursed for the cost of opening and to any valid lien or contract providing for the holder to be reimbursed for unpaid or other charges. The department shall reimburse the holder out of the proceeds remaining after deducting the expense incurred by the department in selling the property.

SECTION 4. A NEW SECTION OF KRS CHAPTER 393 IS CREATED TO READ AS FOLLOWS:

(1) An agreement by an owner, the primary purpose of which is to locate, deliver, recover, or assist in the recovery of property that is presumed abandoned, is void and unenforceable if it was entered into during the period commencing on the date that the property was presumed abandoned and extending to a time that is twenty-four (24) months after the date that the property is paid or delivered to the department. This subsection shall not apply to an owner's agreement with an attorney to file a claim as to identified property or contest the administrator's denial of a claim.

(2) An agreement by an owner, the primary purpose of which is to locate, deliver, recover, or assist in the recovery of property and that is not in violation of subsection (1) of this section, is enforceable only if:

(a) The agreement is in writing;

(b) The agreement provides that the fee or compensation agreed upon is an amount not more than ten percent (10%) of the value of the property collected;

(c) The agreement clearly sets forth the nature of the property and the services to be rendered;

(d) The agreement is signed by the apparent owner; and

(e) The agreement states the value of the property before and after the fee or other compensation has been deducted.

(3) An agreement covered by this section that provides for compensation that is unconscionable is unenforceable except by the owner. An owner who has agreed to pay compensation that is unconscionable, or the administrator on behalf of the owner, may maintain an action to reduce the compensation to a conscionable amount. The court may award reasonable attorney's fees to an owner who prevails in the action.

(4) This section does not preclude an owner from asserting that an agreement covered by this section is invalid on grounds other than unconscionable compensation.

(5) An advertisement, a written communication, or an agreement concerning the location, delivery, recover, or assistance in the recovery of property reported under this chapter shall contain a provision stating that, by law, any contract provision requiring the payment of a fee for finding property that has been held by the administrator for less than twenty-four (24) months is void and not enforceable, and that fees are limited to an amount not more than ten percent (10%) of the value of the property collected.

Section 5. KRS 393.092 is amended to read as follows:

If specific property which is subject to the provisions of KRS 393.060, 393.064, 393.066,[~~, 393.070~~] and 393.090 is held for or owed or distributable to an owner whose last known address is in another state by a holder who is subject to the jurisdiction of that state, the specific property is not presumed abandoned in this state and subject to this chapter if:

(1) It may be claimed as abandoned or escheated under the laws of such other state; and

(2) The laws of such other state make reciprocal provision that similar specific property is not presumed abandoned or

escheatable by such other state when held for or owed or distributable to an owner whose last known address is within this state by a holder who is subject to the jurisdiction of this state.

Section 6. The following KRS sections are repealed:

393.025 Owner of abandoned property loses income or increments accruing thereafter.

A society may, through its laws or rules, limit the scope of beneficiary designations and shall provide that no revocable beneficiary shall have or obtain any vested interest in the proceeds of any certificate until the certificate has become due and payable in conformity with the provisions of the benefit contract.

(2) A society may make provision for the payment of funeral benefits to the extent of the portion of any payment under a certificate as might reasonably appear to be due to any person equitably entitled thereto by reason of having incurred expense occasioned by the burial of the member. The portion so paid shall not exceed the sum of ***ten thousand dollars ($10,000)***[~~five hundred dollars ($500)~~].

(3) If, at the death of any person insured under a benefit contract, there is no lawful beneficiary to whom the proceeds shall be payable, the amount of the benefit, except to the extent that funeral benefits may be paid as provided, shall be payable to the personal representative of the deceased insured. If the owner of the certificate is other than the insured, the proceeds shall be payable to the owner.

(2) As used in this section, unless the context otherwise requires, "historic vehicle" shall mean all motor vehicles twenty-five (25) years old or older, which are used primarily for exhibition in shows, parades, tours, and other special uses, but not for general transportation.

SB 395, AN ACT relating to motor vehicles.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 186.020 is amended to read as follows:

(1) Before the owner of a motor vehicle, other than a motor vehicle engaged in the transportation of passengers for hire operating under a certificate of convenience and necessity, may operate it or permit its operation upon a highway, the owner shall apply for registration in accordance with regulations issued by the cabinet, except that a person who purchases a motor vehicle, or brings a motor vehicle into the Commonwealth from another state shall make application for registration within fifteen (15) days. The bill of sale or assigned title must be in the motor vehicle during this fifteen (15) day period. If the owner of a motor vehicle is an individual and resides in the Commonwealth, the motor vehicle shall be registered with the county clerk of the county in which he resides. If the owner of a motor vehicle does not reside in the Commonwealth, the motor vehicle shall be registered with the county clerk of the county in which the motor vehicle is principally operated. If the owner of a motor vehicle is other than an individual and resides in the Commonwealth, the motor vehicle shall be registered with the county clerk of either county. The application when presented to the county clerk for registration shall be accompanied by:

(a) A bill of sale and a manufacturer's certificate of origin if the application is for the registration of a new motor vehicle;

(b) The owner's registration receipt, if the motor vehicle was last registered in this state;

(c) A bill of sale and the previous registration receipt, if last registered in another state where the law of that state does not require the owner of a motor vehicle to obtain a certificate of title or ownership;

(d) A certificate of title, if last registered in another state where the law of that state requires the owner of a motor vehicle to obtain a certificate of title or ownership;

(e) An affidavit from an officer of a local government saying that the motor vehicle has been abandoned and that the provisions of KRS 82.630 have been complied with, for local governments which elect to use the provisions of KRS 82.600 to 82.640; and

(f) The application from a person who has brought a motor vehicle into the Commonwealth from another state shall be accompanied by proof that the motor vehicle is insured in compliance with KRS 304.39-080.

(2) After that, the owner of any motor vehicle registered under KRS 186.050(1) or (2) shall register his motor vehicle on or before the date on which his certificate of registration expires. If, before operating the motor vehicle in this state, the owner registers it at some later date and pays the fee for the full year, he will be deemed to have complied with the law. Insofar as the owner is concerned, registration with the clerk shall be deemed to be registration with the cabinet.

(3) After that, the owner of any commercial vehicle registered under KRS 186.050(3) to (14) shall register his commercial vehicle on or before April 1 of each year. If, before operating a commercial vehicle in this state, the owner registers it at some later date and pays the required fee, he will be deemed to have complied with the law. Insofar as the owner is concerned, registration with the clerk shall be deemed to be registration with the cabinet.

(4) The application and documents presented therewith, including the sheriff's certificate of inspection, shall be affixed to the Transportation Cabinet copy of the certificate of title or registration and sent to the Transportation Cabinet by the clerk.

(5) At least ***forty-five (45)***~~[thirty (30)]~~ days prior to the expiration of registration of any motor vehicle previously registered in the Commonwealth as provided by KRS 186A.035, the owner of the vehicle shall be notified by mail on the same notice required by KRS 134.805(5) of the date of expiration. In addition, the department shall provide appropriate forms and information to permit renewal of motor vehicle registration to be completed by mail. Any registration renewal by mail shall require payment of an additional two dollar ($2) fee which shall be received by the county clerk. Nonreceipt of the notice herein shall not constitute a defense to any registration related offense.

Section 2. KRS 186A.035 is amended to read as follows:

(1) All motor vehicles, including motorcycles, with a gross vehicular weight of six thousand (6,000) pounds or less, first registered, or for which the registration is renewed in this state on or after January 1, 1983, shall be placed in a system of year-round registration based upon the birth month of the owner, in order to distribute the work of registering motor vehicles as uniformly as practicable throughout the twelve (12) months of the year.

(2) If the owner of a motor vehicle is other than an individual, the month in which the owning entity came into being shall be used for purposes of this section. If a motor vehicle is jointly owned, the owners shall indicate to the county clerk the birth month of one (1) of them to be used for purposes of this section. In addition, if a motor vehicle is jointly owned by a husband and wife, the ownership shall exist as a joint tenancy with right of survivorship, unless the registration expressly states to the contrary and gives an alternative specific status. Upon the death of one (1) of the spouses, the jointly-owned vehicle shall transfer to the surviving spouse free from payment of any state-required transferral fees.

(3) The certificate of registration and license plate issued for a motor vehicle first registered, renewed, or titled in this state on or after January 1, 1983, shall be valid, unless canceled by the cabinet in accordance with KRS Chapter 186 or this chapter, upon payment of the required fee, for a period beginning on the first day of the month of the year in which registration is applied for, and expiring on the last day of the next birth month of the owner following the month during which registration is applied for. Upon the owner's request, and after payment of the proper prorated fee, an owner may obtain a certificate of registration and license plate valid through the last day of his second birth month following the month and year in which he applied for a certificate of registration. Any transaction relating to registration or registration renewal which would cause an unexpired Kentucky motor vehicle license plate to be surrendered shall have that unexpired fee prorated or credited against any additional fee required by a subsequent registration.

(4) After a motor vehicle has been initially placed in the system of year-round registration, the owner shall renew the registration annually during the owner's birth month, by making application to the county clerk and paying the fee required for twelve (12) consecutive months of registration, which shall take effect on the first day of the month succeeding the owner's birth month and shall expire on the last day of the owner's next birth month. The county clerk shall be entitled to a registration fee of two dollars ($2) for each registration, or if the registration exceeds a twelve (12) month period the clerk shall receive a fee of three dollars ($3).

(5) At least forty-five (45) days prior to the expiration of the registration of any motor vehicle previously registered in the Commonwealth as provided by subsection (1) of this section, the owner of the vehicle shall be notified by mail on the same notice required by KRS 134.805(5) of the date of expiration.~~[Any registration renewal or vehicle transfer notice by mail shall require payment of an additional one dollar ($1) fee which shall be received by the county clerk.]~~ Nonreceipt of the notice required by this subsection shall not constitute a defense to any registration related offense.

(6) Any owner who fails to renew the registration of a motor vehicle during the month in which the previous registration expired, shall, if he applies for renewal of the registration in some later month, pay the same fees that would have been required if the registration had been renewed in the month which the previous registration expired.

(7) Fees which must be prorated in carrying out the intent of this section shall be prorated on the basis of twelfths of the annual registration fee. Any vehicle which is registered at any time during a month shall pay the fee required for that whole month plus any additional months of registration purchased consistent with the intent of the section.

(8) The county clerk shall ensure that the certificate of registration issued to an owner displays the month and year in which the registration period begins and the month and year of its expiration, and shall issue to the owner a decal or decals corresponding to the month and year of expiration shown in the certificate of registration which shall be placed upon the corresponding license plate by the owner in the manner required by administrative regulations of the Department of Vehicle Regulation.

Section 3. KRS 186A.105 is amended to read as follows:

(1) Motor vehicle dealers, their agents and county clerks, before equipping a vehicle with a temporary tag, shall print or stamp in waterproof ink, legibly, in the spaces provided on such tag:

(a) The month, day and year the vehicle was delivered to the purchaser;

(b) The month, day and year of expiration of the tag which shall be no more than ***thirty (30)***[~~fifteen (15)~~] days following the date of delivery of the vehicle to the purchaser;

(c) The purchaser's or owner's name;

(d) The year model, make and vehicle identification number of the vehicle sold; and

(e) Either the dealer's name, city of principal place of business and the telephone number, including telephone area code, or the clerk's name, county and telephone number, including area code.

(2) The dealer's employee who executes the temporary tag shall place his signature in the space provided. A dealer who issues, or whose agents issue, temporary tags shall keep a log of each temporary tag obtained and each[~~ such~~] tag issued, showing all information entered by the dealer or dealer's agent on forms supplied by the cabinet, and shall make such log available for inspection by any law enforcement officer upon request. ***The***[~~Such~~] log shall be retained by the dealer for a period of at least two (2) years following the date of issuance of the last dated tags whose issuance is indicated on any individual temporary tag log sheet.

(3) The county clerk who executes the temporary tag shall place his signature in the space provided. A county clerk who issues temporary tags shall keep a log of each temporary tag obtained and each tag issued, showing all information entered by the county clerk on forms supplied by the cabinet, and shall make the log available for inspection by any law enforcement officer upon request. The log shall be retained by the county clerk for a period of at least two (2) years following the date of issuance of the last dated tags whose issuance is indicated on any individual temporary tag log sheet.

Section 4. KRS 186.570 is amended to read as follows:

(1) The cabinet or its agent designated in writing for that purpose may deny any person an operator's license or may suspend the operator's license of any person, or, in the case of a nonresident, withdraw the privilege of operating a motor vehicle in this state, subject to a hearing and with or without receiving a record of conviction of that person of a crime, if the cabinet has reason to believe that:

(a) That person has committed any offenses for the conviction of which mandatory revocation of a license is provided by KRS 186.560.

(b) That person has, by reckless or unlawful operation of a motor vehicle, caused, or contributed to an accident resulting in death or injury or serious property damage.

(c) That person has a mental or physical disability that makes it unsafe for him to drive upon the highways. The Transportation Cabinet shall, by administrative regulations promulgated pursuant to KRS Chapter 13A, establish a medical review board to provide technical assistance in the review of the driving ability of these persons. The board shall consist of licensed medical and rehabilitation specialists.[~~ The non-state government members of the Medical Review Board shall be paid a fee of one hundred dollars ($100) per day plus reasonable expenses for performing this service.~~]

(d) That person is an habitually reckless or negligent driver of a motor vehicle or has committed a serious violation of the motor vehicle laws.

(e) That person has been issued a license without making proper application for it, as provided in KRS 186.412 and administrative regulations promulgated pursuant to KRS Chapter 13A.

(f) A person required by KRS 186.480 to take an examination has been issued a license without first having passed the examination.

(g) That person has been convicted of assault and battery resulting from the operation of a motor vehicle.

(h) That person has failed to appear pursuant to a citation or summons issued by a law enforcement officer of this Commonwealth or any other jurisdiction.

(i) That person has failed to appear pursuant to an order by the court to produce proof of security required by KRS 304.39-010 and a receipt showing that a premium for a minimum policy period of six (6) months has been paid.

(j) That person has failed to provide proof of motor vehicle security pursuant to KRS 186A.040.

(2) The cabinet shall deny any person a license or shall suspend the license of an operator of a motor vehicle upon receiving written notification from the Cabinet for Human Resources that the person has a child support arrearage which equals or exceeds the cumulative amount which would be owed after one (1) year of nonpayment; except that any child support arrearage which exists prior to January 1, 1994, shall not be included in the calculation to determine whether the license of an operator of a motor vehicle shall be denied or suspended. The denial or suspension shall continue until the arrearage has been eliminated, or payments on the child support arrearage are being made in accordance with a court or administrative order. Before the license may be reinstated, proof of elimination of the child support arrearage from the Cabinet for Human Resources shall be received by the Transportation Cabinet as prescribed by administrative regulations promulgated by the Cabinet for Human Resources and the Transportation Cabinet.

(3) The cabinet or its agent designated in writing for that purpose shall provide any person subject to the suspension, revocation, or withdrawal of their driving privileges, under provisions of this section, an informal hearing. Upon determining that the action is warranted, the cabinet shall notify the person in writing by mailing the notice to the person by first class mail to the last known address of the person. The hearing shall be automatically waived if not requested within twenty (20) days after the cabinet mails the notice. The hearing shall be scheduled as early as practical within twenty (20) days after receipt of the request at a time and place designated by the cabinet. An aggrieved party may appeal a decision rendered as a result of an informal hearing, and upon appeal an administrative hearing shall be conducted in accordance with KRS Chapter 13B.

(4) The cabinet may suspend the operator's license of any resident upon receiving notice of the conviction of that person in another state of an offense there which if committed in this state would be grounds for the suspension or revocation of an operator's license. If a person so convicted is not the holder of a Kentucky operator's license, the cabinet shall deny him a license for the same period as if he had possessed a license and license had been suspended. The cabinet may, upon receiving a record of the conviction in this state of a nonresident driver of a motor vehicle of any offense under the motor vehicle laws, forward a notice of that person's conviction to the proper officer in the state of which the convicted person is a resident.

(5) The Transportation Cabinet is forbidden from suspending or revoking an operator's license or assessing points or any other form of penalty against the license holder for speeding violations or speeding convictions from other states. This subsection shall apply only to speeding violations. This section shall not apply to a commercial driver's license.

(6) Each operator's license which has been canceled, suspended, or revoked shall be surrendered to and retained by the cabinet. At the end of the period of cancellation, suspension, or revocation the license may be returned to the licensee after he has complied with all requirements for the issuance or reinstatement of his driving privilege.

(7) Insurance companies issuing motor vehicle policies in the Commonwealth shall be prohibited from raising a policyholder's rates solely because the policyholder's driving privilege has been suspended or denied pursuant to subsection (2) of this section.

Section 5. The following KRS section is repealed:

SB 304, AN ACT relating to dairy compacts.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. A NEW SECTION OF KRS CHAPTER 260 IS CREATED TO READ AS FOLLOWS:

The Southern Dairy Compact is enacted into law and entered into with all other jurisdictions legally joining therein in the form substantially as follows:

ARTICLE I

STATEMENT OF PURPOSE, FINDINGS, AND DECLARATION OF POLICY

Section 1. Statement of purpose, findings, and declaration of policy.

The purpose of this compact is to recognize the interstate character of the southern dairy industry and the prerogative of the states under the United States Constitution to form an interstate commission for the southern region. The mission of the commission is to take such steps as are necessary to assure the continued viability of dairy farming in the South, and to assure consumers of an adequate, local supply of pure and wholesome milk.

The participating states find and declare that the dairy industry is an essential agricultural activity of the South. Dairy farms, and associated suppliers, marketers, processors, and retailers, are an integral component of the region's economy. Their ability to provide a stable, local supply of pure, wholesome milk is a matter of great importance to the health and welfare of the region.

The participating states further find that dairy farms are essential, and they are an integral part of the region's rural communities. The farms preserve land for agricultural purposes and provide needed economic stimuli for rural communities.

By entering into this compact, the participating states affirm that their ability to regulate the price that southern dairy farmers receive for their product is essential to the public interest. Assurance of a fair and equitable price for dairy farmers ensures their ability to provide milk to the market and the vitality of the southern dairy industry, with all the associated benefits.

Recent dramatic price fluctuations, with a pronounced downward trend, threaten the viability and stability of the southern dairy region. Historically, individual state regulatory action had been an effective emergency remedy available to farmers confronting a distressed market. The system of federal orders, implemented by the Agricultural Marketing Agreement Act of 1937, establishes only minimum prices paid to producers for raw milk, without preempting the power of states to regulate milk prices above the minimum levels so established.

In today's regional dairy marketplace, cooperative, rather than individual state action is needed to more effectively address the market disarray. Under our constitutional system, properly authorized states acting cooperatively may exercise more power to regulate interstate commerce than they may assert individually without such authority. For this reason, the participating states invoke their authority to act in common agreement, with the consent of Congress, under the compact clause of the Constitution.

In establishing their constitutional regulatory authority over the region's fluid milk market by this compact, the participating states declare their purpose that this compact neither displace the system of federal orders nor encourage the merging of federal orders. Specific provisions of the compact itself set forth this basic principle.

Designed as a flexible mechanism able to adjust to changes in a regulated marketplace, the compact also contains a contingency provision should the system of federal orders be discontinued. In that event, the interstate commission may regulate the marketplace in lieu of the system of federal orders. This contingent authority does not anticipate such a change, however, and should not be so construed. It is only provided should developments in the market other than establishment of this compact result in discontinuance of the system of federal orders.

ARTICLE II

DEFINITIONS AND RULES OF CONSTRUCTION

Section 2. Definitions.

For the purposes of this compact, and of any supplemental or concurring legislation enacted pursuant thereto, except as may be otherwise required by the context:

(1) "Class I milk" means milk disposed of in fluid form or as a fluid milk product, subject to further definition in accordance with the principles expressed in subsection (b) of Section 3 of this compact.

(2) "Commission" means the Southern Dairy Compact Commission established by this compact.

(3) "Commission marketing order" means regulations adopted by the Commission pursuant to Sections 9 and 10 of this compact in place of a terminated federal marketing order or state dairy regulation. Such order may apply throughout the region or in any part or parts thereof as defined in the regulations of the Commission. Such order may establish minimum prices for any or all classes of milk.

(4) "Compact" means this interstate compact.

(5) "Compact over-order price" means a minimum price required to be paid to producers for Class I milk established by the commission in regulations adopted pursuant to Sections 9 and 10 of this compact, which is above the price established in federal marketing orders or by state farm price regulation in the regulated area. Such price may apply throughout the region or in any part or parts thereof as defined in the regulations of the commission.

(6) "Milk" means the lacteal secretion of cows and includes all skim, butterfat, or other constituents obtained from separation or any other process. The term is used in its broadest sense and may be further defined by the commission for regulatory purposes.

(7) "Partially regulated plant" means a milk plant not located in a regulated area but having Class I distribution within such area. Commission regulations may exempt plants having such distribution or receipts in amounts less than the limits defined therein.

(8) "Participating state" means a state which has become a party to this compact by the enactment of concurring legislation.

(9) "Pool plant" means any milk plant located in a regulated area.

(10) "Region" means the territorial limits of the states which are parties to this compact.

(11) "Regulated area" means any area within the region governed by and defined in regulations establishing a compact over-order price or commission marketing order.

(12) "State dairy regulation" means any state regulation of dairy prices and associated assessments, whether by statute, marketing order, or otherwise.

Section 3. Rules of construction.

(a) This compact shall not be construed to displace existing federal milk marketing orders or state dairy regulation in the region but to supplement them. In the event some or all federal orders in the region are discontinued, the compact shall be construed to provide the commission the option to replace them with one or more commission marketing orders pursuant to this compact.

(b) This compact shall be construed liberally in order to achieve the purposes and intent enunciated in Section 1 of this compact. It is the intent of this compact to establish a basic structure by which the commission may achieve those purposes through the application, adaptation, and development of the regulatory techniques historically associated with milk marketing and to afford the commission broad flexibility to devise regulatory mechanisms to achieve the purposes of this compact. In accordance with this intent, the technical terms which are associated with market order regulation and which have acquired commonly understood general meanings are not defined in this compact, but the commission may further define the terms used in this compact and develop additional concepts and define additional terms as it may find appropriate to achieve its purposes.

ARTICLE III

COMMISSION ESTABLISHED

Section 4. Commission established.

There is hereby created a commission to administer the compact, composed of delegations from each state in the region. The commission shall be known as the Southern Dairy Compact Commission. A delegation shall include not less than three (3) nor more than five (5) persons. Each delegation shall include at least one (1) dairy farmer who is engaged in the production of milk at the time of appointment or reappointment, and one (1) consumer representative. Delegation members shall be residents and voters of, and subject to such confirmation process as is provided for in, the appointing state. Delegation members shall serve no more than three (3) consecutive terms with no single term of more than four (4) years, and be subject to removal for cause. In all other respects, delegation members shall serve in accordance with the laws of the state represented. The compensation, if any, of the members of a state delegation shall be determined and paid by each state, but their expenses shall be paid by the commission.

Section 5. Voting requirements.

All actions taken by the commission, except for the establishment or termination of an over-order price or commission marketing order, and the adoption, amendment, or rescission of the commission's bylaws, shall be by majority vote of the delegations present. Each state delegation shall be entitled to one (1) vote in the conduct of the commission's affairs. Establishment or termination of an over-order price or commission marketing order shall require at least a two-thirds (2/3) vote of the delegations present. The establishment of a regulated area that covers all or part of a participating state shall require also the affirmative vote of that state's delegation. A majority of the delegations from the participating states shall constitute a quorum for the conduct of the commission's business.

Section 6. Administration and management.

(a) The commission shall elect annually from among the members of the participating state delegations a chairperson, a vice-chairperson, and a treasurer. The commission shall appoint an executive director and fix his or her duties and compensation. The executive director shall serve at the pleasure of the commission, and, together with the treasurer, shall be bonded in an amount determined by the commission. The commission may establish through its bylaws an executive committee composed of one (1) member elected by each delegation.

(b) The commission shall adopt bylaws for the conduct of its business by a two-thirds (2/3) vote and shall have the power by the same vote to amend and rescind these bylaws. The commission shall publish its bylaws in convenient form with the appropriate agency or officer in each of the participating states. The bylaws shall provide for appropriate notice to the delegations of all commission meetings and hearings and of the business to be transacted at such meetings or hearings. Notice also shall be given to other agencies or officers of participating states as provided by the laws of those states.

(c) The commission shall file an annual report with the Secretary of Agriculture of the United States, and with each of the participating states by submitting copies to the Governor, both houses of the legislature, and the head of the state department having responsibilities for agriculture.

(d) In addition to the powers and duties elsewhere prescribed in this compact, the commission may engage in all of the following:

(1) Sue and be sued in any state or federal court.

(2) Have a seal and alter the same at pleasure.

(3) Acquire, hold, and dispose of real and personal property by gift, purchase, lease, license, or other similar manner, for its corporate purposes.

(4) Borrow money and issue notes, provide for the rights of the holders thereof, and pledge the revenue of the commission as security therefor, subject to the provisions of Section 18 of this compact.

(5) Appoint such officers, agents, and employees as it may deem necessary, and prescribe their powers, duties, and qualifications.

(6) Create and abolish such offices, employments, and positions as it deems necessary for the purposes of the compact and provide for the removal, term, tenure, compensation, fringe benefits, pension, and retirement rights of its officers and employees.

(7) Retain personal services on a contract basis.

Section 7. Rule-making power.

In addition to the power to promulgate a compact over-order price or commission marketing orders as provided by this compact, the commission is further empowered to make and enforce such additional rules and regulations as it deems necessary to implement any provisions of this compact, or to effectuate in any other respect the purposes of this compact.

ARTICLE IV

POWERS OF THE COMMISSION

Section 8. Powers to promote regulatory uniformity, simplicity, and interstate cooperation.

The commission may:

(1) Investigate or provide for investigations or research projects designed to review the existing laws and regulations of the participating states, to consider their administration and costs, and to measure their impact on the production and marketing of milk and their effects on the shipment of milk and milk products within the region.

(2) Study and recommend to the participating states joint or cooperative programs for the administration of the dairy marketing laws and regulations and prepare estimates of cost savings and benefits of such programs.

(3) Encourage the harmonious relationships between the various elements in the industry for the solution of their material problems. Conduct symposia or conferences designed to improve industry relations, or a better understanding of problems.

(4) Prepare and release periodic reports on activities and results of the commission's efforts to the participating states.

(5) Review the existing marketing system for milk and milk products and recommend changes in the existing structure for assembly and distribution of milk which may assist, improve, or promote more efficient assembly and distribution of milk.

(6) Investigate costs and charges for producing, hauling, handling, processing, distributing, selling, and for all other services, performed with respect to milk.

(7) Examine current economic forces affecting producers, probable trends in production and consumption, the level of dairy farm prices in relation to costs, the financial conditions of dairy farmers, and the need for an emergency order to relieve critical conditions on dairy farms.

Section 9. Equitable farm prices.

(a) The powers granted in this section and Section 10 of this compact shall apply only to the establishment of a compact over-order price, so long as federal milk marketing orders remain in effect in the region. In the event that any or all such orders are terminated, this article authorizes the commission to establish one (1) or more commission marketing orders, as provided in this compact, in the region or parts thereof as defined in the order.

(b) A compact over-order price established pursuant to this section shall apply only to Class I milk. Such compact over-order price shall not exceed one dollar and fifty cents ($1.50) per gallon at Atlanta, Georgia; however, this compact over-order price shall be adjusted upward or downward at other locations in the region to reflect differences in minimum federal order prices. Beginning in 1990, and using that year as a base, the foregoing one dollar and fifty cents ($1.50) per gallon maximum shall be adjusted annually by the rate of change in the Consumer Price Index as reported by the Bureau of Labor Statistics of the United States Department of Labor. For purposes of the pooling and equalization of an over-order price, the value of milk used in other use classifications shall be calculated at the appropriate class price established pursuant to the applicable federal order or state dairy regulation and the value of unregulated milk shall be calculated in relation to the nearest prevailing class price in accordance with and subject to such adjustments as the commission may prescribe in regulations.

(c) A commission marketing order shall apply to all classes and uses of milk.

(d) The commission may establish a compact over-order price for milk to be paid by pool plants and partially regulated plants. The commission also may establish a compact over-order price to be paid by all other handlers receiving milk from producers located in a regulated area. This price shall be established either as a compact over-order price or by one or more commission marketing orders. Whenever such a price has been established by either type of regulation, the legal obligation to pay such price shall be determined solely by the terms and purpose of the regulation without regard to the situs of the transfer of title, possession, or any other factors not related to the purposes of the regulation and this compact. Producer-handlers as defined in an applicable federal market order shall not be subject to a compact over-order price. The commission shall provide for similar treatment of producer-handlers under commission marketing orders.

(e) In determining the price, the commission shall consider the balance between production and consumption of milk and milk products in the regulated area, the costs of production including, but not limited to, the price of feed, the cost of labor including the reasonable value of the producer's own labor and management, machinery expense and interest expense, the prevailing price for milk outside the regulated area, the purchasing power of the public, and the price necessary to yield a reasonable return to the producer and distributor.

(f) When establishing a compact over-order price, the commission shall take such other action as is necessary and feasible to help ensure that the over-order price does not cause or compensate producers so as to generate local production of milk in excess of those quantities necessary to assure consumers of an adequate supply for fluid purposes.

(g) The commission shall whenever possible enter into agreements with state or federal agencies for exchange of information or services for the purpose of reducing regulatory burden and cost of administering the compact. The commission may reimburse other agencies for the reasonable cost of providing these services.

Section 10. Optional provisions for pricing order.

Regulations establishing a compact over-order price or a commission marketing order may contain, but shall not be limited to, any of the following:

(1) Provisions classifying milk in accordance with the form in which or purpose for which it is used, or creating a flat pricing program.

(2) With respect to a commission marketing order only, provisions establishing or providing a method for establishing separate minimum prices for each use classification prescribed by the commission, or a single minimum price for milk purchased from producers or associations of producers.

(3) With respect to an over-order minimum price, provisions establishing or providing a method for establishing such minimum price for Class I milk.

(4) Provisions for establishing either an over-order price or a commission marketing order may make use of any reasonable method for establishing such price or prices including flat pricing and formula pricing. Provision may also be

made for location adjustments, zone differentials, and competitive credits with respect to regulated handlers who market outside the regulated area.

(5) Provisions for the payment to all producers and associations of producers delivering milk to all handlers of uniform prices for all milk so delivered, irrespective of the uses made of such milk by the individual handler to whom it is delivered, or for the payment of producers delivering milk to the same handler of uniform prices for all milk delivered by them.

a. With respect to regulations establishing a compact over-order price, the commission may establish one (1) equalization pool within the regulated area for the sole purpose of equalizing returns to producers throughout the regulated area.

b. With respect to any commission marketing order, as defined in Section 2, subdivision (3), of this compact, which replaces one (1) or more terminated federal orders or state dairy regulation, the marketing area of now separate state or federal orders shall not be merged without the affirmative consent of each state, voting through its delegation, which is partly or wholly included within any such new marketing area.

(6) Provisions requiring persons who bring Class I milk into the regulated area to make compensatory payments with respect to all such milk to the extent necessary to equalize the cost of milk purchased by handlers subject to a compact over-order price or commission marketing order. No such provisions shall discriminate against milk producers outside the regulated area. The provisions for compensatory payments may require payment of the difference between the Class I price required to be paid for such milk in the state of production by a federal milk marketing order or state dairy regulation and the Class I price established by the compact over-order price or commission marketing order.

(7) Provisions specially governing the pricing and pooling of milk handled by partially regulated plants.

(8) Provisions requiring that the account of any person regulated under the compact over-order price shall be adjusted for any payments made to or received by such persons with respect to a producer settlement fund of any federal or state milk marketing order or other state dairy regulation within the regulated area.

(9) Provision requiring the payment by handlers of an assessment to cover the costs of the administration and enforcement of such order pursuant to subsection (a) of Section 18 of Article VII of this compact.

(10) Provisions for reimbursement to participants of the Women, Infants and Children Special Supplemental Food Program of the United States Child Nutrition Act of 1966.

(11) Other provisions and requirements as the commission may find are necessary or appropriate to effectuate the purposes of this compact and to provide for the payment of fair and equitable minimum prices to producers.

ARTICLE V

RULE-MAKING PROCEDURE

Section 11. Rule-making procedure.

Before promulgation of any regulations establishing a compact over-order price or commission marketing order, including any provision with respect to milk supply under subsection (f) of Section 9 of this compact, or amendment thereof, as provided in Article IV of this compact, the commission shall conduct an informal rule-making proceeding to provide interested persons with an opportunity to present data and views. Such rule-making proceeding shall be governed by Section 4 of the Federal Administrative Procedure Act, as amended (5 U.S.C. sec. 553). In addition, the commission shall, to the extent practicable, publish notice of rule-making proceedings in the official register of each participating state. Before the initial adoption of regulations establishing a compact over-order price or a commission marketing order and thereafter before any amendment with regard to prices or assessments, the commission shall hold a public hearing. The commission may commence a rule-making proceeding on its own initiative or may in its sole discretion act upon the petition of any person including individual milk producers, any organization of milk producers or handlers, general farm organizations, consumer or public interest groups, and local, state or federal officials.

Section 12. Findings and referendum.

(a) In addition to the concise general statement of basis and purpose required by section 4(b) of the Federal Administrative Procedure Act, as amended (5 U.S.C. sec. 553 (c)), the commission shall make findings of fact with respect to:

(1) Whether the public interest will be served by the establishment of minimum milk prices to dairy farmers under Article IV of this compact.

(2) What level of prices will assure that producers receive a price sufficient to cover their costs of production and will elicit an adequate supply of milk for the inhabitants of the regulated area and for manufacturing purposes.

(3) Whether the major provisions of the order, other than those fixing minimum milk prices, are in the public interest and are reasonably designed to achieve the purposes of the order.

(4) Whether the terms of the proposed regional order or amendment are approved by producers as provided in

Section 13 of this compact.

Section 13. Producer referendum.

(a) For the purpose of ascertaining whether the issuance or amendment of regulations establishing a compact over-order price or a commission marketing order, including any provision with respect to milk supply under subsection (f) of Section 9 of this compact, is approved by producers, the commission shall conduct a referendum among producers. The referendum shall be held in a timely manner, as determined by regulation of the commission. The terms and conditions of the proposed order or amendment shall be described by the commission in the ballot used in the conduct of the referendum, but the nature, content, or extent of such description shall not be a basis for attacking the legality of the order or any action relating thereto.

(b) An order or amendment shall be deemed approved by producers if the commission determines that it is approved by at least two-thirds (2/3) of the voting producers who, during a representative period determined by the commission, have been engaged in the production of milk the price of which would be regulated under the proposed order or amendment.

(c) For purposes of any referendum, the commission shall consider the approval or disapproval by any cooperative association of producers, qualified under the provisions of the Act of Congress of February 18, 1922, as amended, known as the Capper-Volstead Act, bona fide engaged in marketing milk, or in rendering services for or advancing the interests of producers of such commodity, as the approval or disapproval of the producers who are members or stockholders in, or under contract with, such cooperative association of producers, except as provided in subdivision (1) of this subsection and subject to the provisions of subdivisions (2) through (5) of this subsection.

(1) No cooperative that has been formed to act as a common marketing agency for both cooperatives and individual producers shall be qualified to block vote for either.

(2) Any cooperative that is qualified to block vote shall, before submitting its approval or disapproval in any referendum, give prior written notice to each of its members as to whether and how it intends to cast its vote. The notice shall be given in a timely manner as established, and in the form prescribed, by the commission.

(3) Any producer may obtain a ballot from the commission in order to register approval or disapproval of the proposed order.

(4) A producer who is a member of a cooperative which has provided notice of its intent to approve or not to approve a proposed order, and who obtains a ballot and with such ballot expresses his or her approval or disapproval of the proposed order, shall notify the commission as to the name of the cooperative of which he or she is a member, and the commission shall remove such producer's name from the list certified by such cooperative with its corporate vote.

(5) In order to ensure that all milk producers are informed regarding a proposed order, the commission shall notify all milk producers that an order is being considered and that each producer may register his or her approval or disapproval with the commission either directly or through his or her cooperative.

Section 14. Termination of over-order price or marketing order.

(a) The commission shall terminate any regulations establishing an over-order price or commission marketing order issued under this article whenever it finds that such order or price obstructs or does not tend to effectuate the declared policy of this compact.

(b) The commission shall terminate any regulations establishing an over-order price or a commission marketing order issued under this article whenever it finds that such termination is favored by a majority of the producers who, during a representative period determined by the commission, have been engaged in the production of milk, the price of which is regulated by such order; but such termination shall be effective only if announced on or before such date as may be specified in such marketing agreement or order.

(c) The termination or suspension of any order or provision thereof, shall not be considered an order within the meaning of this article and shall require no hearing, but shall comply with the requirements for informal rule making prescribed by Section 4 of the Federal Administrative Procedure Act, as amended (5 U.S.C. sec. 553).

ARTICLE VI

ENFORCEMENT

Section 15. Records, reports, access to premises.

(a) The commission may by rule and regulation prescribe recordkeeping and reporting requirements for all regulated persons. For purposes of the administration and enforcement of this compact, the commission may examine the books and records of any regulated person relating to his or her milk business and for that purpose, the commission's properly designated officers, employees, or agents shall have full access during normal business hours to the premises and records of all regulated persons.

(b) Information furnished to or acquired by the commission officers, employees, or its agents pursuant to this section shall be confidential and not subject to disclosure except to the extent that the commission deems disclosure to be

necessary in any administrative or judicial proceeding involving the administration or enforcement of this compact, an over-order price, a compact marketing order, or other regulations of the commission. The commission may adopt rules further defining the confidentiality of information pursuant to this section. Nothing in this section shall be deemed to prohibit (i) the issuance of general statements based upon the reports of a number of handlers, which do not identify the information furnished by any person, or (ii) the publication by direction of the commission of the name of any person violating any regulation of the commission, together with a statement of the particular provisions violated by such person.

(c) No officer, employee, or agent of the commission shall intentionally disclose information, by inference or otherwise, that is made confidential pursuant to this section. Any person violating the provisions of this section shall, upon conviction, be subject to a fine of not more than one thousand dollars ($1,000) or to imprisonment for not more than one (1) year, or both, and shall be removed from office. The commission shall refer any allegation of a violation of this section to the appropriate state enforcement authority or United States Attorney.

Section 16. Subpoena, hearings, and judicial review.

(a) The commission is hereby authorized and empowered by its members and its properly designated officers to administer oaths and issue subpoenas throughout all signatory states to compel the attendance of witnesses and the giving of testimony and the production of other evidence.

(b) Any handler subject to an order may file a written petition with the commission stating that any order or any provision of any such order or any obligation imposed in connection therewith is not in accordance with law and praying for a modification thereof or to be exempted therefrom. The handler shall thereupon be given an opportunity for a hearing upon such petition, in accordance with regulations made by the commission. After such hearing, the commission shall make a ruling upon the prayer of such petition which shall be final, if in accordance with law.

(c) The district courts of the United States in any district in which the handler is an inhabitant, or has his or her principal place of business, are hereby vested with jurisdiction to review such ruling, provided a complaint for that purpose is filed within thirty (30) days from the date of the entry of the ruling. Service of process in these proceedings may be had upon the commission by delivering to it a copy of the complaint. If the court determines that the ruling is not in accordance with law, it shall remand such proceedings to the commission with directions either (i) to make such ruling as the court shall determine to be in accordance with law, or (ii) to take such further proceedings as, in its opinion, the law requires. The pendency of proceedings instituted pursuant to this subdivision shall not impede, hinder, or delay the commission from obtaining relief pursuant to Section 17 of this compact. Any proceedings brought pursuant to Section 17 of this compact, except where brought by way of counterclaim in proceedings instituted pursuant to this section, shall abate whenever a final decree has been rendered in proceedings between the same parties, and covering the same subject matter, instituted pursuant to this section.

Section 17. Enforcement with respect to handlers.

(a) Any violation by a handler of the provisions of regulation establishing an over-order price or a commission marketing order, or other regulations adopted pursuant to this compact shall:

(1) Constitute a violation of the laws of each of the signatory states. Such violation shall render the violator subject to a civil penalty in an amount as may be prescribed by the laws of each of the participating states, recoverable in any state or federal court of competent jurisdiction. Each day such violation continues shall constitute a separate violation.

(2) Constitute grounds for the revocation of license or permit to engage in the milk business under the applicable laws of the participating states.

(b) With respect to handlers, the commission shall enforce the provisions of this compact, regulations establishing an over-order price, a commission marketing order, or other regulations adopted hereunder by:

(1) Commencing an action for legal or equitable relief brought in the name of the commission in any state or federal court of competent jurisdiction; or

(2) Referral to the state agency for enforcement by judicial or administrative remedy with the agreement of the appropriate state agency of a participating state.

(c) With respect to handlers, the commission may bring an action for injunction to enforce the provisions of this compact or the order or regulations adopted thereunder without being compelled to allege or prove that an adequate remedy of law does not exist.

ARTICLE VII

FINANCE

Section 18. Finance of start-up and regular costs.

(a) To provide for its start-up costs, the commission may borrow money pursuant to its general power under Section 6, subdivision (d), paragraph 4 of this compact. In order to finance the cost of administration and enforcement of this compact, including payback of start-up costs, the commission may collect an assessment from each handler who purchases

milk from producers within the region. If imposed, this assessment shall be collected on a monthly basis for up to one (1) year from the date the commission convenes, in an amount not to exceed $0.015 per hundred weight of milk purchased from producers during the period of the assessment. The initial assessment may apply to the projected purchases of handlers for the two (2) month period following the date the commission convenes. In addition, if regulations establishing an over-order price or a compact marketing order are adopted, they may include an assessment for the specific purpose of their administration. These regulations shall provide for establishment of a reserve for the commission's ongoing operating expenses.

(b) The commission shall not pledge the credit of any participating state or of the United States. Notes issued by the commission and all other financial obligations incurred by it shall be its sole responsibility, and no participating state or the United States shall be liable therefor.

Section 19. Audit and accounts.

(a) The commission shall keep accurate accounts of all receipts and disbursements, which shall be subject to the audit and accounting procedures established under its rules. In addition, all receipts and disbursements of funds handled by the commission shall be audited yearly by a qualified public accountant, and the report of the audit shall be included in and become part of the annual report of the commission.

(b) The accounts of the commission shall be open at any reasonable time for inspection by duly constituted officers of the participating states and by any persons authorized by the commission.

(c) Nothing contained in this article shall be construed to prevent commission compliance with laws relating to audit or inspection of accounts by or on behalf of any participating state or of the United States.

ARTICLE VIII

No withdrawal shall affect any liability already incurred by or chargeable to a participating state prior to the time of such withdrawal.

Section 22. Severability.

If any part or provision of this compact is adjudged invalid by any court, such judgment shall be confined in its operation to the part or provision directly involved in the controversy in which such judgment shall have been rendered and shall not affect or impair the validity of the remainder of this compact. In the event Congress consents to this compact subject to conditions, said conditions shall not impair the validity of this compact when said conditions are accepted by three (3) or more compacting states. If the owner of property reported in the aggregate makes a valid claim within five (5) years, the holder shall refund the property and deduct the amount refunded from the next report due to the department;

(c) The date when the property became payable, demandable, or returnable, and the date of the last known transaction with the owner with respect to the property if readily available; and

The report shall be made in duplicate; the original shall be retained by the department, and the copy shall be mailed to the sheriff of the county where the property is located or held. It shall be the duty of the sheriff to post for not less than twenty (20) consecutive days this copy on the courthouse door or the courthouse bulletin board, and also to publish the copy pursuant to KRS Chapter 424; except the sheriff shall not be required to publish any item with a fair cash value of one hundred dollars ($100) or less. (4) The person reporting or holding the property or any claimant of it shall always have the right to a judicial determination of his rights under this chapter, and nothing in this chapter shall be construed otherwise. A person making a claim under this chapter after the expiration of the three (3) year period is entitled to receive the securities delivered to the department by the holder, if they still remain in the custody of the department, or the net proceeds received from the sale, and is not entitled to receive any appreciation in the value of the property occurring after the delivery to the department, except in the case of intentional misconduct or malfeasance by the department.

(3) A purchaser of property at a sale conducted by the department pursuant to this chapter takes property free of all claims of the owner or previous holder and of all persons claiming through or under them. "Section 3. KRS 224.50-760 is amended to read as follows:

(1) (a) For purposes of this section and KRS 224.46-580(7), special wastes are those wastes of high volume and low hazard which include but are not limited to mining wastes, utility wastes (fly ash, bottom ash, scrubber sludge), sludge from water treatment facilities and waste water treatment facilities, cement kiln dust, gas and oil drilling muds, and oil production brines. Other wastes may be designated special wastes by the cabinet;

(b) Disposal sites or facilities for special wastes shall be exempt from the provisions of KRS 224.46-520 and the provisions of KRS 224.43-810, 224.43-815, and 224.46-820 to 224.46-870 but may be regulated by the cabinet consistent with the Resource Conservation and Recovery Act of 1976, as amended (Public Law 94-580), and regulations issued pursuant thereto, unless the special waste received is listed or meets the criteria of a hazardous waste in regulations pursuant to KRS 224.46-510(3). If the special waste is a hazardous waste as specified in regulations pursuant to KRS 224.46-510(3), the site or facility shall be required by the cabinet to comply with the provisions of KRS 224.46-520 but shall not be subject to the requirements of KRS 224.40-310(6);

(c) Generators of special wastes shall register with the cabinet and be subject to the provisions of KRS 224.46-510, except for generators of coal mining wastes which shall be regulated pursuant to the provisions of KRS Chapter 350; and

(d) The cabinet shall, when promulgating regulations affecting special waste, recognize special waste as a separate and distinct indivisible category and shall recognize the distinct differences between the category of special wastes and other hazardous wastes and solid wastes as defined in KRS 224.01-010(31)(a) and KRS 109.012(9) due to the fact that special wastes have large volume but low hazardousness. The cabinet's regulations for the generation, transport, recordkeeping, reporting, treatment, storage, and disposal shall reflect those distinct differences. The cabinet's regulations shall recognize and incorporate, where appropriate, and if consistent with the policies of KRS 224.46-510 to 224.46-570, any deadline extensions, studies, and specialized requirements for specific kinds of special wastes that are or may be undertaken at the federal or other levels of government.

(e) It is the intent of the General Assembly that the disposal of sludge by landfarming or composting shall be considered an industrial process. The cabinet shall, when promulgating administrative regulations affecting sludge, treat the disposal of sludge by landfarming or composting as an industrial process.

(2) Generators of waste oil shall be exempt from the provisions of KRS 224.46-510 and 224.46-520 so long as waste oil is not specified as a hazardous waste in regulations pursuant to KRS 224.46-510(3) but may be regulated by the cabinet consistent with the Resource Conservation and Recovery Act of 1976, as amended (Public Law 94-580), and regulations issued pursuant thereto.

(3) For the disposal of wastewater treatment sludge or other special waste, a permit application to establish, operate, or modify a landfarming or composting site or facility shall require immediately the general public notice provided for in subsections (4) and (5) of KRS 224.40-310. If a hearing is requested, no permit to establish, operate, or modify a landfarming or composting site or facility shall be issued prior to a final order of the secretary. The hearing shall be held within the county where the landfarming or composting site or facility is located or proposed. Landfarming or composting shall be considered an industrial process."

(5) "Advertising device" means any billboard, sign, notice, poster, display, or other device intended to attract the attention of operators of motor vehicles on the highways, and shall include a structure erected or used in connection with the display of any device and all lighting or other attachments used in connection therewith. (6) "Highway or highways" as used in KRS 177.830 to 177.890 means limited access highway, interstate highway, federal-aid primary highway, or turnpike as defined in KRS 177.830 to 177.890;

The maps shall be available from the Transportation Cabinet for a fee not to exceed five dollars ($5.00)***;***

(5) The expiration of a student's five (5) year eligibility shall be extended by the authority upon a determination that the student was unable to enroll for or complete an academic term due to any of the following circumstances:

(c) Natural disasters that would render a student unable to attend classes; or

(d) Active duty status for the student in the United States Armed Forces or as an officer in the Commissioned Corps of the United States Public Health Service, or active service by the student in the Peace Corps Act or the Americorps, for up to three (3) years.

(6) An eligible student who is enrolled at a participating institution in a five (5) year undergraduate degree program designated in an administrative regulation promulgated by the council shall be eligible to receive the Commonwealth merit scholarship, or the Commonwealth merit scholarship and the supplemental award for a maximum of ten (10) academic terms. - *(b) Commonwealth merit scholarships and supplemental awards shall not be awarded to any eligible students who are in default on any obligation to the authority under any programs administered by the authority under KRS 164.785 until financial obligations to the authority are satisfied, except that ineligibility may be waived by the authority for cause.*

SECTION 5. A NEW SECTION OF KRS CHAPTER 164 IS CREATED TO READ AS FOLLOWS:

(1) Every eligible student who has graduated from high school and who has earned a Commonwealth merit scholarship, or a Commonwealth merit scholarship and a supplemental award, shall be eligible to receive the Commonwealth merit scholarship, or the Commonwealth merit scholarship and the supplemental award, for a maximum of eight (8) academic terms in an undergraduate or other postsecondary program of study at a participating institution, except as provided in subsection (6) of this section.

(2) To receive the Commonwealth merit scholarship or a Commonwealth merit scholarship and supplemental award, an eligible student shall:

(a) Enroll in and attend a participating institution as a full-time student or a part-time student; and

(b) Maintain eligibility as provided in subsection (3) of this section.

(3) Eligibility for a Commonwealth merit scholarship or a Commonwealth merit scholarship and supplemental award shall terminate upon the earlier of:

(a) The expiration of five (5) years following the student's graduation from high school, except as provided in subsection (5) or (6) of this section; or

(b) The successful completion of an undergraduate or other postsecondary course of study. However, any student who successfully completes the requirements for a degree or certification involving a postsecondary course of study that normally requires less than eight (8) academic terms to complete may continue to receive the benefits of a Commonwealth merit scholarship or a Commonwealth merit scholarship and supplemental award for a cumulative total of eight (8) academic terms if the student enrolls full-time in a four (4) year program.

(4) (a) The maximum award amount shall be determined by the council and shall be adjusted as provided in this subsection. The award amount ultimately determined to be available to an eligible student for an award period shall be disbursed by the authority to the eligible student in two (2) equal installments, with one (1) installment being disbursed in each of the two (2) academic terms during the award period.

(b) The authority shall, by promulgation of administrative regulations, provide for the proportionate reduction of the maximum award amount for an eligible student for any academic term in which the student is enrolled on a part-time basis. Each academic term for which any scholarship or supplemental award funds are accepted by an eligible student shall count as a full academic term, even if the award amount was reduced to reflect the part-time status of the eligible student.

(c) 1. An eligible student who is enrolled full-time in an undergraduate program of study shall receive the maximum award amount for the first award period that the student is enrolled in and attending the program of study. To retain the maximum award for the second award period, an eligible student shall have a 2.5 grade point average at the end of the first award period. To retain the maximum award amount for subsequent award periods, an eligible student shall have a cumulative grade point average of 3.0 or greater at the end of the prior award period.

2. Any eligible student who maintains a cumulative grade point average of less than 3.0 but at least 2.5 at the completion of any award period shall receive a reduction in the maximum award amount equal to fifty percent (50%) of the maximum award amount for the next award period.

3. Any eligible student who maintains a cumulative grade point average of less than 2.5 at the completion of any award period shall lose his or her award for the next award period.

4. Each participating institution shall certify to the authority at the close of each award period the cumulative grade point average of each eligible student enrolled as a full-time or part-time student at the participating institution.

5. Any student who loses eligibility through failure to maintain the required cumulative grade point average may regain eligibility in a subsequent award period upon reestablishing at least a 2.5 cumulative grade point average or its equivalent during a subsequent award period, as certified by the participating institution.

(5) The expiration of a student's five (5) year eligibility shall be extended by the authority upon a determination that the student was unable to enroll for or complete an academic term due to any of the following circumstances:

(a) A serious and extended illness or injury of the student, certified by an attending physician;

(b) The death or serious and extended illness or injury of an immediate family member of the student, certified by an attending physician, which would render the student unable to attend classes;

(c) Natural disasters that would render a student unable to attend classes; or

(d) Active duty status for the student in the United States Armed Forces or as an officer in the Commissioned Corps of the United States Public Health Service, or active service by the student in the Peace Corps Act or

the Americorps, for up to three (3) years.

(6) An eligible student who is enrolled at a participating institution in a five (5) year undergraduate degree program designated in an administrative regulation promulgated by the council shall be eligible to receive the Commonwealth merit scholarship, or the Commonwealth merit scholarship and the supplemental award for a maximum of ten (10) academic terms. The expiration of an eligible student's five (5) year eligibility shall be extended to six (6) years for eligible students meeting the requirements of this subsection.

The list shall identify the high school and shall contain each eligible student's name, social security number, address, grade point average for the academic year, expected or actual graduation date, and highest ACT score. The authority shall notify each eligible student of his or her Commonwealth merit scholarship award earned each academic year. The authority shall determine the final Commonwealth merit scholarship and supplemental award based upon the actual final grade point average and highest ACT score and shall notify each eligible student of the final determination. The authority shall make available a list of eligible students to participating institutions.

(2) Not later than January 30, 1999, and each January 30 thereafter, each Kentucky high school shall submit to the Kentucky Department of Education, which shall transmit to the authority, a compiled list of all eligible students expected to graduate during the academic year. The list shall identify the high school and shall contain each eligible student's name, Social Security number, address, grade point average for the fall academic period of the current academic year, and highest ACT score. The authority shall then calculate each eligible student's projected Commonwealth merit scholarship and supplemental award based on the eligible student's data available to the Authority and shall make available to participating institutions by April 1 of each academic year a comprehensive list of prospective graduates who are eligible students and their projected scholarship and supplemental award amounts. The authority shall notify each prospective high school graduate who is an eligible student of his or her projected Commonwealth merit scholarship and supplemental award amount.

(3) The authority shall provide data access only to participating institutions that have either received an admission application from an eligible student or have been listed by the eligible student on the Free Application For Federal Student Aid.

(4) For each eligible student enrolling in a participating institution after July 1, 1999, the participating institution shall verify to the authority:

(a) The student's initial eligibility for a Commonwealth merit scholarship or Commonwealth scholarship and supplemental award through the comprehensive list compiled by the authority or an alternative source satisfactory to the authority;

(b) The student's highest ACT score attained by the date of graduation from high school;

(c) The eligible student's full-time or part-time enrollment status at the beginning of each academic term; and

(d) The eligible student's cumulative grade point average after the completion of each award period.

(5) Each participating institution shall submit to the authority a report, in a form satisfactory to the authority, of all eligible students enrolled for that academic term. Commonwealth merit scholarships and supplemental awards shall be disbursed by the authority to each eligible student attending a participating institution during the academic term within thirty (30) days after receiving a satisfactory report.

(6) Except as provided in this subsection, the Commonwealth merit scholarship and the supplemental award shall not be reduced.

(a) If the sum of the Commonwealth merit scholarship and the supplemental award plus other student financial assistance from all sources exceeds the eligible student's total cost of education, as defined in 20 U.S.C. sec. 1087ll, need-based financial assistance awards administered by the authority and the participating institution shall be reduced by the amount that all student financial assistance exceeds the total cost of education.

(b) Commonwealth merit scholarships and supplemental awards shall not be awarded to any eligible students who are in default on any obligation to the authority under any programs administered by the authority under KRS 164.785 until financial obligations to the authority are satisfied, except that ineligibility may be waived by the authority for cause.

(7) Notwithstanding the provisions of KRS 164.753, the authority may promulgate administrative regulations for the administration of Commonwealth merit scholarships and supplemental awards under the provisions of Sections 1 to 6, 8, and 9 of this Act.

The Committee Amendment No. 1 to the House Committee Substitute to **SB 21** is as follows:

On page 10, line 6, by deleting "***attends Murray State University***" and inserting in lieu thereof "***attains a 28 or above on the ACT and a 4.0 grade point average for all four (4) years of high school***"; and

On page 10, line 7, after "***Scholar***" by inserting "***in honor of the late Senator Jeff Green of Mayfield, Kentucky, First District***".

The Committee Amendment No. 2 Title to **SB 21** is as follows:

By amending the title to read as follows: "AN ACT relating to education and making an appropriation therefor."

The Committee on Natural Resources and Environment reported **SB 300** with the expression of opinion that the same should pass. Read at length for the first time and ordered placed in the Calendar.

SB 300, AN ACT relating to air quality.

WHEREAS, the United States is signatory to the 1992 United National Framework Convention on Global Climate Change ("FCCC");

WHEREAS, a protocol to expand the scope of the FCCC was negotiated in December 1997 in Kyoto, Japan ("Kyoto Protocol"), requiring the United States to reduce emissions of greenhouse gasses such as carbon dioxide and methane by seven percent (7%) from 1990 emission levels during the period 2008 to 2012, with similar reduction obligations for other major industrial nations;

WHEREAS, developing nations, including China, India, Mexico, Indonesia, and Brazil, are exempt from greenhouse gas emission limitation requirements in the FCCC;

WHEREAS, developing nations refused in the Kyoto negotiations to accept any new commitments for greenhouse gas emission limitations through the Kyoto Protocol or other programs;

WHEREAS, with respect to new commitments under the FCCC, President William J. Clinton pledged on October 22, 1997, that "The United States will not assume binding obligations unless key developing nations meaningfully participate in this effort";

WHEREAS, on July 25, 1997, the United States Senate adopted Senate Resolution No. 98 by a vote of 95-0, expressing the Sense of the Senate that, *inter alia*, "the United States should not be a signatory to any protocol to or other agreement regarding, the Framework Convention on Climate Change...which would require the advice and consent of the Senate to ratification, and which would mandate new commitments to mitigate green house gas emissions for the Developed Country Parties, unless the protocol or other agreement also mandates specific scheduled commitments within the same compliance period to mitigate greenhouse gas emissions for Developing Country Parties;"

WHEREAS, the Kyoto Protocol fails to meet the tests established for acceptance of new climate change commitments by President Clinton and by U.S. Senate Resolution No. 98;

WHEREAS, achieving the emission reductions proposed by the Kyoto Protocol would require more than a 35 percent reduction in projected United States carbon dioxide and other green house gas emissions during the period 2008 - 2012;

WHEREAS, developing countries exempt from emission limitations under the Kyoto Protocol are expected to increase their rates of fossil fuel use over the next two decades, and to surpass the United States and other industrialized countries in total emissions of greenhouse gases;

WHEREAS, increased emissions of greenhouse gases by developing countries would offset any potential environmental benefits associated with emissions reductions achieved by the Unites States and by other industrial nations;

WHEREAS, economic impact studies by the U.S. Government estimate that legally binding requirements for the reduction of U.S. greenhouse gases to 1990 emission levels would result in the loss of more than 900,000 jobs in the United States, sharply increased energy prices, reduced family incomes and wages, and severe losses of output in energy-intensive industries such as aluminum, steel, rubber, chemicals, and utilities;

WHEREAS, the failure to provide for commitments by developing countries in the Kyoto Protocol creates an unfair competitive imbalance between industrial and developing nations, potentially leading to the transfer of jobs and industrial development from the United States to developing countries;

WHEREAS, federal implementation of the Kyoto Protocol, if ratified by the United States Senate, would entail new Congressional legislation whose form and requirements cannot be predicted at this time, but could include national energy taxes or emission control allocation schemes that would preempt state-specific programs intended to reduce emissions of greenhouse gases;

WHEREAS, piecemeal or other uncoordinated state regulatory initiatives intended to reduce emissions of greenhouse gases may be inconsistent with subsequent Congressional determinations concerning the Kyoto Protocol, and with related Federal legislation implementing the Kyoto Protocol;

WHEREAS, individual state responses to the Kyoto Protocol, including development of new regulatory programs intended to reduce greenhouse gas emissions are premature prior to Senate ratification of that Protocol, in its current or amended form, and Congressional enactment of related implementing legislation; and

WHEREAS, there is neither federal or Kentucky statutory authority for new regulatory programs or other efforts intended to reduce greenhouse gas emissions for purposes of complying with or facilitating compliance with the provisions of the Kyoto Protocol;

NOW, THEREFORE,

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. A NEW SECTION OF SUBCHAPTER 20 OF KRS CHAPTER 224 IS CREATED TO READ AS FOLLOWS:

(1) The cabinet shall not promulgate administrative regulations or impose permit conditions on the emission of carbon dioxide, methane, nitrous oxide, hydrofluorocarbons, perfluorocarbons, or sulfur hexafluoride pursuant to the Kyoto Protocol for the purpose of reducing global warming until authorized by the General Assembly or by federal statute. The cabinet may promulgate administrative regulations or impose permit conditions on the emission of carbon dioxide, methane, nitrous oxide, hydrofluorocarbons, perfluorocarbons, or sulfur hexafluoride for any other reason authorized by this chapter or required under federal statute or administrative regulation, as long as the administrative regulations or permit conditions are not promulgated or imposed pursuant to the Kyoto Protocol.

(2) Nothing in this section shall be construed to limit or to impede state, local, or private participation in voluntary initiatives to reduce emissions of greenhouse gases, such as the United States Environmental Protection Agency's Green Lights program and the United States Department of Energy's climate change program.

SECTION 18. A NEW SECTION OF KRS CHAPTER 336A IS CREATED TO READ AS FOLLOWS:

(1) Whenever in accordance with administrative regulations and as may be prescribed by the State Labor Relations Board a petition has been filed:

(a) By a public employee or group of public employees or any labor organization acting in behalf of thirty percent (30%) of the employees who have signed union affiliation cards and the union showing proof of representation:

1. Wish to be represented for collective bargaining by a labor organization as exclusive representative, or

(b) By the public employer alleging that one (1) or more labor organizations has presented to it a claim to be recognized as a representative of the majority of public employees in an appropriate unit;

The board shall investigate the petition, and if it has reasonable cause to believe that a question of representation exists, shall provide for an appropriate hearing upon due notice. If the board finds that there is a question of representation, it shall direct an election by secret ballot to determine whether or by which labor organization the public employees desire to be represented and shall certify the result thereof.

A labor organization which receives the majority of the votes cast in an election shall be certified by the board as exclusive representative of all the public employees in the unit.

(4) Nothing in this or any other law shall be construed to prohibit recognition of a labor organization as the exclusive representative by a public agency by mutual consent.

SECTION 19. A NEW SECTION OF KRS CHAPTER 336A IS CREATED TO READ AS FOLLOWS:

(2) If upon the preponderance of the evidence presented the board is of the opinion that any person named in the charge has engaged in or is engaging in an unfair labor practice, then it shall issue a final order requiring that person to cease and desist from the unfair labor practice, and to take any affirmative action including reinstatement of public employees with or without back pay, as will effectuate the policies of Sections 14 to 25 of this Act. The final order may further require the person to make reports from time to time showing the extent to which he has complied with the order. If upon the preponderance of the evidence presented the board is not of the opinion that the person named in the charge has engaged in or is engaging in the unfair labor practice, then the board shall issue a final order dismissing the complaint. No final order shall issue based upon any unfair labor practice occurring more than six (6) months prior to the filing of the charge with the board, unless the person aggrieved thereby was prevented from filing the charge by reason of service in the Armed Forces, in which event, the six (6) month period shall be computed from the day of his discharge. No final order of the board shall require the reinstatement of any individual who has been suspended or discharged, or the payment of any back pay, if the individual was suspended or discharged for cause.

(3) Until a final order has been appealed, the board at any time, upon reasonable notice and in the manner that it deems proper, may modify or set aside, in whole or in part, any final order made or issued by it.

(4) The board or the charging party may petition for the enforcement of the final order and for appropriate temporary relief or restraining order in the Circuit Court for the county in which the violation occurred.

(2) Upon receipt of a petition to initiate fact finding, the commissioner shall cause an investigation to determine whether or not the parties are deadlocked in their negotiations. During the course of this investigation, the commissioner is empowered to utilize his office in an effort to effectuate a settlement between the parties through mediation and conciliation.

(3) Upon completion of the commissioner's investigation, and if a settlement between the parties has still not been reached, the commissioner shall within five (5) days appoint a qualified and disinterested person as the impartial chairman of a three (3) man panel to function as the fact finders. In addition to the impartial chairman, the other two (2) members of the panel shall be one (1) member named by the labor organization and one (1) by the employer, parties to the deadlocked negotiations.

(4) Upon consultation with the other members of the panel, the impartial chairman shall establish dates and places for public hearings. Whenever feasible, public hearings shall be held within the jurisdiction in which the employer is located. The panel may subpoena witnesses, and a written transcript of the hearing shall be made. Upon completion of the hearings the panel shall, by majority decision, make written findings of fact and recommendations for solution of the dispute. The panel shall cause all of its written findings, recommendations, and opinions to be served on the employer and labor organization (parties) and same shall be released to the public. Expenses incurred by the three (3) man panel in this section shall be paid by the parties involved in the labor dispute.

(5) The commissioner may adopt, promulgate, amend, and rescind the rules and regulations as he deems necessary and administratively feasible not inconsistent with the provisions of Sections 14 to 25 of this Act to carry out his responsibilities over the fact-finding procedures set forth in this section. However, unless the parties agree to extend the time for the hearings, they must be completed with recommendations from the fact-finding panel, within one hundred twenty (120) days from the date the petition to initiate the fact-finding procedure was received by the commissioner.

SECTION 21. A NEW SECTION OF KRS CHAPTER 336A IS CREATED TO READ AS FOLLOWS:

Except as hereinafter provided, when a labor organization has been designated in accordance with the provisions hereof as the exclusive representative of public employees in an appropriate unit, the chief executive officer of the political subdivision, whether elected or appointed, or his designated authorized representative or authorized representatives, shall represent the public employer in collective bargaining with the employee organization.

SECTION 22. A NEW SECTION OF KRS CHAPTER 336A IS CREATED TO READ AS FOLLOWS:

(1) Any agreement reached by the negotiators shall be reduced to writing and shall be executed by both parties.

(2) An agreement between the public employer and a labor organization shall be valid and enforced under its terms when entered into in accordance with the provisions of Sections 14 to 25 of this Act and signed by the chief executive officer of the political subdivision or his representative. No publication thereof shall be required to make it effective. The procedure for the making of an agreement between a political subdivision and a labor organization provided by Sections 14 to 25 of this Act shall be the exclusive method of making a valid agreement for public employees represented by a labor organization.

(3) The board shall appoint employees necessary to carry out the work of the board. All files, records, and documents accumulated by the board shall be kept in offices provided by the board. All decisions shall be made by a majority of the board.

(5) In case of neglect or refusal to obey a subpoena issued to any person, the Circuit Court of the county in which the investigations or the public hearings are taking place, upon application by the board may issue an order requiring the person to appear before the board, any member, or agent, to produce evidence or give testimony about the matter under investigation. A failure to obey a court order may be punished by the court as a contempt.

(5) Measures not taken now to provide care for uninsured children will result in higher human and financial costs due to the development of more severe conditions; and

(6) Eligible children in this Commonwealth should have access to cost-effective, primary health care programs if they or their parents are unable to afford it on their own; and

(7) It is in the interest of the citizens of the Commonwealth for the General Assembly to foster the development of a children's health insurance program designed to provide basic services to eligible children at minimum cost.

SECTION 2. A NEW SECTION OF KRS CHAPTER 205 IS CREATED TO READ AS FOLLOWS:

There is hereby created within the Cabinet for Human Resources the Kentucky Children's Health Insurance Program for the purposes of:

(4) Uninsured children are of particular concern because of their need for preventative and primary care to develop into healthy adulthood; and

(5) Measures not taken now to provide care for uninsured children will result in higher human and financial costs due

to the development of more severe conditions; and

(6) Eligible children in this Commonwealth should have access to cost-effective, primary health care programs if they or their parents are unable to afford it on their own; and

(7) It is in the interest of the citizens of the Commonwealth for the General Assembly to foster the development of a children's health insurance program designed to provide basic services to eligible children at minimum cost.

SECTION 2. A NEW SECTION OF KRS CHAPTER 205 IS CREATED TO READ AS FOLLOWS:

There is hereby created within the Cabinet for Human Resources the Kentucky Children's Health Insurance Program for the purposes of:

(1) Providing health care coverage and other coordinated services to children through the age of eighteen (18) years at or below two hundred percent (200%) of the federal poverty level and who are not otherwise eligible for health insurance coverage through either expansions of Medicaid services under Title XIX of the federal Social Security Act and through the provision of a separate health insurance program under Title XXI of the federal Social Security Act, or a combination of Medicaid program expansions and use of a separate health insurance program; and

(2) Providing Medicaid coverage for children between the ages of fourteen (14) and eighteen (18) years up to one hundred percent (100%) of the federal poverty level.

SECTION 3. A NEW SECTION OF KRS CHAPTER 205 IS CREATED TO READ AS FOLLOWS:

(1) The Cabinet for Human Resources shall prepare a state child health plan meeting the requirements of Title XXI of the federal Social Security Act, for submission to the Secretary of the United States Department of Health and Human Services within such time as will permit the state to receive the maximum amounts of federal matching funds available under Title XXI. The cabinet shall by administrative regulation promulgated in accordance with KRS Chapter 13A, establish the following:

(a) The eligibility criteria for children covered by the Children's Health Insurance Program. However, no person eligible for services under Title XIX of the Social Security Act 42 U.S.C. 1396 to 1396v as amended, shall be eligible for services under the Children's Health Insurance Program except to the extent that Title XIX coverage is expanded by Sections 1 to 7 and Section 8 of this Act;

(b) The schedule of benefits to be covered by the Children's Health Insurance Program, which shall include preventive services, vision services including glasses, and dental services including at least sealants, extractions, and fillings, and which shall be at least equivalent to one (1) of the following:

(d) The level of copayments for services provided under the Children's Health Insurance Program that shall not exceed those allowed by federal law; and

(e) The criteria for health services providers and insurers wishing to contract with the Commonwealth to provide the children's health insurance coverage. However, the cabinet shall provide, in any contracting process for the preventive health insurance program, the opportunity for a public health department to bid on preventive health services to eligible children within the public health department's service area. A public health department shall not be disqualified from bidding because the department does not currently offer all the services required by paragraph (b) of this subsection. The criteria shall be set forth in administrative regulations under KRS Chapter 13A and shall maximize competition among the providers and insurers. The Cabinet for Finance and Administration shall provide oversight over contracting policies and procedures to

assure that the number of applicants for contracts is maximized.

(2) Within twelve (12) months of federal approval of the state's Title XXI child health plan, the Cabinet for Human Resources shall assure that a KCHIP program is available to all eligible children in all regions of the state. (2) The Children's Health Insurance trust fund may receive state appropriations, gifts, and grants, including federal funds. Any unallotted or unencumbered balances in the Children's Health Insurance Program trust fund shall be invested as provided for in KRS 42.500(9). (3) For any violation shown on the chart for which a specific fine is prescribed, the defendant may elect to pay the fine and court costs to the circuit clerk before the date of his trial or to be tried in the normal manner. Payment of the fine and court costs to the clerk shall be considered as a plea of guilty for all purposes.

(4) If the offense charged shows a speed in excess of the speeds shown on the specific fine schedule the defendant shall appear for trial and may not pay the fine to the clerk before the trial date.

(5) Twelve dollars and fifty cents ($12.50) shall be assessed for violations of KRS 189.390 in addition to the penalties set forth in subsections (1) and (2) of this section. Funds collected pursuant to this subsection shall be deposited in the spinal cord and head injury research trust fund, created pursuant to KRS 211.504, within fourteen (14) days after the end of each quarter, to be used for the purposes set forth in KRS 211.502.

(6) ***Ten dollars ($10) shall be assessed for violations of KRS 189.390 in addition to the penalties set forth in subsections (1) and (2) and the additional fee established in subsection (3) of this section. Section 8. KRS 189A.010 is amended to read as follows:

(1) A person shall not operate or be in physical control of a motor vehicle anywhere in this state:
   (a) While the alcohol concentration in his blood or breath is 0.10 or more based on the definition of alcohol concentration in KRS 189A.005;
   (b) While under the influence of alcohol;
   (c) While under the influence of any other substance or combination of substances which impairs one's driving ability;
   (d) While under the combined influence of alcohol and any other substance which impairs one's driving ability; or
   (e) While the alcohol concentration in his blood or breath is 0.02 or more based on the definition of alcohol concentration in KRS 189A.005 if the person is under the age of twenty-one (21).

(2) In any prosecution for a violation of subsection (1)(b) or (d) of this section in which the defendant is charged with having operated or been in physical control of a motor vehicle while under the influence of alcohol, the alcohol concentration in the defendant's blood as determined at the time of making analysis of his blood, or breath shall give rise to the following presumptions:
   (a) If there was an alcohol concentration of less than 0.05 based upon the definition of alcohol concentration in KRS 189A.005, it shall be presumed that the defendant was not under the influence of alcohol; and
   (b) If there was an alcohol concentration of 0.05 or greater but less than 0.10 based upon the definition of alcohol concentration in KRS 189A.005, that fact shall not constitute a presumption that the defendant either was or was not under the influence of alcohol, but that fact may be considered, together with other competent evidence, in determining the guilt or innocence of the defendant.

The provisions of this subsection shall not be construed as limiting the introduction of any other competent evidence bearing upon the questions of whether the defendant was under the influence of alcohol or other substances, in any prosecution for a violation of subsection (1)(b) or (d) of this section.

(3) The fact that any person charged with violation of subsection (1) of this section is legally entitled to use any substance, including alcohol, shall not constitute a defense against any charge of violation of subsection (1) of this section.

(4) Any person who violates the provisions of paragraphs (a), (b), (c) or (d) of subsection (1) of this section shall:

(a) For the first offense within a five (5) year period, be fined not less than two hundred dollars ($200) nor more than five hundred dollars ($500) or be imprisoned in the county jail for not less than forty-eight (48) hours nor more than thirty (30) days or both. Following sentencing, the defendant may apply to the judge for permission to enter a community labor program for not less than forty-eight (48) hours nor more than thirty (30) days in lieu of fine or imprisonment, or both.

(b) For the second offense within a five (5) year period, be fined not less than three hundred fifty dollars ($350) nor more than five hundred dollars ($500) and shall be imprisoned in the county jail for not less than seven (7) days nor more than six (6) months and, in addition to fine and imprisonment, may be sentenced to community labor for not less than ten (10) days nor more than six (6) months.

(c) For a third offense within a five (5) year period, be fined not less than five hundred dollars ($500) nor more than one thousand ($1,000) and shall be imprisoned in the county jail for not less than thirty (30) days nor more than twelve (12) months and may, in addition to fine and imprisonment, be sentenced to community labor for not less than ten (10) days nor more than twelve (12) months.

(d) For a fourth or subsequent offense within a five (5) year period, be guilty of a Class D felony.

(e) For purposes of this subsection, prior offenses shall include all convictions in this state, and any other state, or jurisdiction for operating or being in control of a motor vehicle while under the influence of alcohol or other substances that impair one's driving ability, or any combination of alcohol and such substances, or while having an unlawful alcohol concentration, or driving while intoxicated, but shall not include convictions for violating subsection (1)(e) of this section. A court shall receive as proof of a prior conviction a copy of that conviction, certified by the court ordering the conviction.

(5) Any person who violates the provisions of subsection (1)(e) of this section shall have his driving privilege or operator's license suspended by the court for a period of no less than thirty (30) days but no longer than six (6) months, and the person shall be fined no less than one hundred dollars ($100) and no more than five hundred dollars ($500), or sentenced to twenty (20) hours of community service in lieu of a fine. A person subject to the penalties of this paragraph shall not be subject to the penalties established in subsection (4) of this section or any other penalty established pursuant to KRS Chapter 189A.

(6) If the person is under the age of twenty-one (21) and there was an alcohol concentration of 0.10 or greater based on the definition of alcohol concentration in KRS 189A.005, the person shall be subject to the penalties established pursuant to subsection (4) of this section.

(7) For a second or third offense within a five (5) year period, the minimum sentence of imprisonment or community labor shall not be suspended, probated, or subject to conditional discharge or other form of early release. For a fourth or subsequent offense under this section, the minimum term of imprisonment shall be one hundred twenty (120) days, and this term shall not be suspended, probated, or subject to conditional discharge or other form of early release. For a second or subsequent offense, at least forty-eight (48) hours of the mandatory sentence shall be served consecutively.

(8) When sentencing persons under subsection (4)(a) of this section at least one (1) of the penalties shall be assessed and that penalty shall not be suspended, probated, or subject to conditional discharge or other form of early release.

(9) In determining the five (5) year period under this section, the period shall be measured from the dates on which the offenses occurred for which the judgments of conviction were entered.

(10) Any person who violates the provisions of subsection (1) of this section shall be assessed fifteen dollars ($15) in addition to the fines imposed by subsections (4) and (5) of this section. Funds collected pursuant to this subsection shall be deposited in the traumatic brain injury trust fund, created pursuant to Section 4 of this Act, within fourteen (14) days after the end of each quarter, to be used for the purposes set forth in Sections 1 to 5 of this Act.

Section 9. KRS 186.574 is amended to read as follows:

(1) The Transportation Cabinet shall establish a state traffic school for new drivers and for traffic offenders. The school shall be composed of uniform education and training elements designed to create a lasting influence on new drivers and a corrective influence on traffic offenders. District Courts may in lieu of assessing penalties for traffic offenses, other than for KRS 189A.010, sentence offenders to state traffic school and no other. The Transportation Cabinet shall enroll a person in state traffic school who fails to complete a driver's education course pursuant to KRS 186.410(5).

(2) If a District Court stipulates in its judgment of conviction that a person attend state traffic school, the court shall indicate this in the space provided on the abstract of conviction filed with the Transportation Cabinet. Upon receipt of an abstract, the Transportation Cabinet, or its representative, shall schedule the person to attend state traffic school. Failure of the person to attend and satisfactorily complete state traffic school in compliance with the court order, may be punished as

contempt of the sentencing court.

(3) The Transportation Cabinet shall supervise, operate, and administer state traffic school, and shall promulgate administrative regulations pursuant to KRS Chapter 13A governing facilities, equipment, courses of instruction, instructors, and records of the program. In the event a person sentenced under subsection (1) of this section does not attend or satisfactorily complete state traffic school, the Transportation Cabinet may deny that person a license or suspend the license of that person until he reschedules attendance or completes state traffic school, at which time a denial or suspension shall be rescinded.

(4) Persons participating in the state traffic school as provided in this section shall pay a fee of fifteen dollars ($15) to defray the cost of operating the school, except that if enrollment in state traffic school is to satisfy the requirement of KRS 186.410(4)(c), a fee shall not be assessed. Any funds collected pursuant to KRS 186.535(1) that are dedicated to the road fund for use in the state driver education program may be used for the purposes of state traffic school.

(5) The following procedures shall govern persons attending state traffic school pursuant to this section:

(a) A person convicted of any violation of traffic codes set forth in KRS Chapters 177, 186, or 189, and who is otherwise eligible, may in the sole discretion of the trial judge, be sentenced to attend state traffic school. Upon payment of the fee required by subsection (4) of this section, and upon successful completion of state traffic school, the sentence to state traffic school shall be the person's penalty in lieu of any other penalty, except for the payment of court costs;

(b) Except as provided in KRS 189.990***(28)***[~~(27)~~], a person shall not be eligible to attend state traffic school who has been cited for a violation of KRS Chapters 177, 186, or 189 that has a penalty of mandatory revocation or suspension of an offender's driver's license;

(c) Except as provided in KRS 189.990***(28)***[~~(27)~~], a person shall not be eligible to attend state traffic school for any violation if, at the time of the violation, the person did not have a valid driver's license or the person's driver's license was suspended or revoked by the cabinet;

(d) Except as provided in KRS 189.990***(28)***[~~(27)~~], a person shall not be eligible to attend state traffic school more than once in any two (2) year period, unless the person wants to attend state traffic school to comply with the driver education requirements of KRS 186.410; and

(e) The cabinet shall notify the sentencing court regarding any person who was sentenced to attend state traffic school who was ineligible to attend state traffic school. A court notified by the cabinet pursuant to this paragraph shall return the person's case to an active calendar for a hearing on the matter. The court shall issue a summons for the person to appear and the person shall demonstrate to the court why an alternative sentence should not be imposed.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 216B.086 is amended to read as follows:

(1) The cabinet may revoke a certificate of need, or portion thereof, for failure of the holder of the certificate to implement the project in accordance with timetables and standards for implementation established by administrative regulation of the cabinet; however, for projects involving long-term care beds, the cabinet may revoke any certificate granted which is not implemented within twenty-four (24) months or within any six (6) month reporting interval during which there is not satisfactory progress in meeting the project timetable and shall revoke any certificate granted which is not implemented within thirty-six (36) months except for those projects specified as an exception pursuant to Executive Order 96-129 in which case those projects shall be implemented according to the intervals and timetable set forth in this section, as of the effective date of Medicaid funding in the biennial budget for those projects. The administrative regulation for projects involving long-term care beds shall be based on project completion in twenty-four (24) months and shall specify criteria for measuring implementation of project objectives at six (6) month reporting intervals. If, at any six (6) month reporting period, the certificate holder is able to show good cause as to why a project failed to meet its timetables, an extension of six (6) months may be granted to meet that particular timetable. The burden of proof shall be on the certificate holder. [~~In no case shall~~]An extension ***may*** be granted beyond a total of thirty-six (36) months***, only if the applicant requests that the cabinet grant an additional six (6) month extension beyond the initial thirty-six (36) month completion period and shows good cause. For purposes of this section, there shall be deemed to be "good cause" if the project can be completed within the additional six (6) month period. In no case shall an extension be granted beyond a total of forty-two (42) months***. The holder of the certificate of need shall file with the cabinet the name and business address of all owners, investors, and stockholders in the project whose ownership interest is greater than ten percent (10%). All reports submitted by the certificate holder under this subsection shall be considered a public record in accordance with the Kentucky Open Records Law, KRS 61.870 to 61.884.

(2) The cabinet shall give notice to the holder of the certificate of its initial decision to revoke the certificate of need or portion thereof. The cabinet's initial decision to revoke a certificate of need or portion thereof shall become final after

thirty (30) days unless a hearing is requested. The secretary shall give notice to the holder of the certificate of a decision which has become final under the provisions of this subsection.

(3) The holder of the certificate of need to be revoked may request in writing a public hearing in respect to an initial decision by the cabinet to revoke a certificate of need within thirty (30) days of the date of notice of the initial decision. Failure to request a hearing shall constitute a waiver of any right to reconsideration or judicial appeal of a final cabinet decision to revoke a certificate of need.

(4) The hearing shall be before a person designated by the secretary to be the hearing officer. The hearing shall be no later than thirty (30) days after the request for the hearing is filed.

(5) If a hearing is requested, the secretary shall set a date, time, and place for a public hearing. Reasonable notice of the hearing shall be given to all affected persons in accordance with administrative regulations promulgated by the cabinet.

(6) At the hearing, any party to the proceedings shall have the right to be represented by counsel and to present oral or written arguments and evidence relevant to the revocation of the certificate of need, and may conduct reasonable cross-examination under oath of persons who testify. A full and complete record shall be maintained of the hearing, and all testimony shall be recorded but not be transcribed unless the cabinet's final decision is appealed pursuant to this chapter.

(7) After the issuance of an initial decision to revoke a certificate of need and before a final decision is made, no person shall have ex parte contacts with employees of the cabinet regarding the revocation. If an ex parte contact occurs, it shall be promptly made a part of the record.

(8) If a hearing is requested after notice of the cabinet's initial decision to revoke a certificate of need, the cabinet shall make a final decision within thirty (30) days after the hearing. Any final decision revoking a certificate of need shall be made by the cabinet in writing. The cabinet shall notify the parties to the proceedings of the final decision.

(9) Any final decision of the cabinet to revoke a certificate of need shall be based solely on the record established with regard to the revocation.

(10) Except as provided in subsection (3) of this section, reconsideration pursuant to KRS 216B.090 or judicial appeal pursuant to KRS 216B.115 shall be available with regard to a final decision of the cabinet to revoke a certificate of need.

(b) The nature and identifying number, if any, or description of the property and the amount appearing from the records to be due, except that items of value under one hundred dollars ($100) each may be reported in the aggregate. If the owner of property reported in the aggregate makes a valid claim within five (5) years, the holder shall refund the property and deduct the amount refunded from the next report due to the department;

(c) The date when the property became payable, demandable, or returnable, and the date of the last known transaction with the owner with respect to the property if readily available; and

(b) The name and address of the person holding the property and any necessary information regarding changes of name and address of the holder; and

(c) A statement that, if satisfactory proof of claim is not presented by the owner to the holder by the date specified in the published notice, the property will be placed in the custody of the department to whom all further claims must be directed.

(3) Any person who has made a report of any estate or property presumed abandoned, as required by this chapter, shall, by ***November 1*** [~~January 1~~] of each year, turn over to the department all property so reported; but if the person making the report or the owner of the property shall certify to the department that any or all of the statutory conditions necessary to create a presumption of abandonment no longer exist or never did exist, or shall report the existence of any fact or circumstance which has a substantial tendency to rebut the presumption, then, the person reporting or holding the property shall not be required to turn the property over to the department except on order of court. If a person files an action in court claiming any property which has been reported under the provisions of this chapter, the person reporting or holding the property shall be under no duty while the action is pending to turn the property over to the department, but shall have the duty of notifying the department of the pendency of the action.

(4) The person reporting or holding the property or any claimant of it shall always have the right to a judicial determination of his rights under this chapter, and nothing in this chapter shall be construed otherwise. The Commonwealth may institute an action to recover the property presumed abandoned, whether it has been reported or not, and may include in one (1) petition all the property within the jurisdiction of the court in which the action is brought if the property of different persons is set out in separate paragraphs.

Section 7. KRS 393.140 is amended to read as follows:

(1) Any person claiming an interest in any property paid or surrendered to the state in accordance with KRS 393.020 to 393.050 who was not actually served with notice, and who did not appear, and whose claim was not considered during the action or at the proceedings that resulted in its payment to the state, may, within five (5) years after the judgment, file his claim to the property with the department.

(2) Any person claiming an interest in any estate or property paid or surrendered to the state in accordance with KRS 393.060 to 393.120, that was not subsequently adjudged under the procedure set out in KRS 393.230 to have been actually abandoned, or owned by a decedent who had no heir, distributee, devisee, or other person entitled under the laws of this state relating to wills, descent, and distribution to take the legal or equitable title, may file his claim to it at any time after it was paid to this state.

SECTION 8. A NEW SECTION OF KRS CHAPTER 393 IS CREATED TO READ AS FOLLOWS:

(1) Except as otherwise provided in this section, the department, within three (3) years of the receipt of abandoned property, may sell it to the highest bidder at a public sale at a location in the state which, in the judgment of the department, affords the most favorable market for the property. The department may decline the highest bid and reoffer the property for sale if the department considers the bid to be insufficient. The department need not offer the property for sale if the department considers that the probable cost of sale will exceed the proceeds of the sale. At least three (3) weeks prior to a sale conducted under this section, the department shall publish a notice of the sale in a newspaper of general circulation in the county in which the property is to be sold.

(2) Securities listed on an established stock exchange shall be sold at prices prevailing on the exchange at the time of sale. Other securities may be sold over the counter at prices prevailing at the time of sale or by any reasonable method selected by the department. If securities are sold by the department before the expiration of three (3) years after their delivery to the department, a person making a claim under this chapter before the end of the three (3) year period is entitled to the proceeds of the sale of the securities or the market value of the securities at the time the claim is made, whichever is greater, plus dividends, interest, and other increments thereon up to the time the claim is made, less any deduction for expenses of sale. A person making a claim under this chapter after the expiration of the three (3) year period is entitled to receive the securities delivered to the department by the holder, if they still remain in the custody of the department, or the net proceeds received from the sale, and is not entitled to receive any appreciation in the value of the property occurring after the delivery to the department, except in the case of intentional misconduct or malfeasance by the department.

(3) A purchaser of property at a sale conducted by the department pursuant to this chapter takes property free of all claims of the owner or previous holder and of all persons claiming through or under them. The department shall execute all documents necessary to complete the transfer of ownership.

SB 224, AN ACT relating to economic development.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 154.22-040 is amended to read as follows:

(1) Each year the authority shall under its rural economic development assistance program, on the basis of the final unemployment figures calculated by the Department for Employment Services within the Cabinet for Workforce Development, determine which counties have had a countywide rate of unemployment exceeding the statewide unemployment rate of the Commonwealth in the most recent five (5) consecutive calendar years and shall certify those counties as qualified counties.

(2) The authority shall under its rural economic development assistance program designate those counties that do not meet the provisions of subsection (1) of this section but meet the criteria of counties with exceptional circumstances, and shall certify those counties as qualified counties. Criteria for designating a county with exceptional circumstances shall include:

(a) A sudden increase in county unemployment that is not temporary or seasonal in nature and that results from:

1. Plant closures or significant employee layoffs;

2. Natural disaster that causes the loss of businesses; or

3. Cancellation of major contracts resulting in unemployment.

(b) A county unemployment figure, based on the average of six (6) consecutive months, that is more than two hundred percent (200%) of the state unemployment rate averaged over the same period, using monthly figures as released by the Department for Employment Services within the Cabinet for Workforce Development.

(3) If the authority determines that a county which has previously been certified as a qualified county no longer has an unemployment rate ***that meets the criteria of subsection (2) of this section***[~~above the state average~~], the authority shall decertify that county. The authority shall not finance any facilities in that county and an approved company shall not be eligible for the incentives offered by KRS 154.22-010 to 154.22-070 ***for those counties qualified pursuant to subsection (1) of this section,*** unless the financing agreements required herein are entered into by all parties prior to July 1 of the year following the calendar year in which the authority decertified that county ***and, for those counties qualified pursuant to subsection (2) of this section, unless the financing agreements required herein are entered into by all parties no later than eighteen (18) months following the month of decertification***.

(4)[~~(2)~~] The authority shall establish the procedures and standards for the determination and approval of eligible companies and their economic development projects by the promulgation of administrative regulations in accordance with KRS Chapter 13A. The criteria for approval of eligible companies and economic development projects shall include but not be limited to the creditworthiness of eligible companies; the number of new jobs to be provided by an economic development project to residents of the Commonwealth; and the likelihood of the economic success of the economic development project.

(5)[~~(3)~~] The economic development project shall involve a minimum investment of ***one hundred thousand dollars ($100,000)***[~~five hundred thousand dollars ($500,000)~~] by the eligible company and shall result in the creation by the eligible company, within two (2) years from the date of the final approval authorizing the economic development project, of a minimum of fifteen (15) new full-time jobs at the site of the economic development project for Kentucky residents to be employed by the eligible company and to be held by persons subject to the personal income tax of the Commonwealth. The authority may extend this two (2) year period upon the written application of an eligible company requesting an extension. No economic development project which will result in the replacement of manufacturing facilities existing in the state shall be approved by the authority; however, the authority may approve an economic development project that:

(a) Rehabilitates a manufacturing facility:

1. Which has not been in operation for a period of ninety (90) or more consecutive days; or

2. The title to which is vested in other than the eligible company or an affiliate of the eligible company and that is sold or transferred pursuant to a foreclosure ordered by a court of competent jurisdiction or an order of a bankruptcy court of competent jurisdiction;

(b) Replaces a manufacturing facility existing in the Commonwealth:

1. The title to which shall have been taken under the exercise of the power of eminent domain, or the title to which shall be the subject of a nonappealable judgment granting the authority to exercise the power of eminent domain, in either event to the extent that normal operations cannot be resumed at the facility within twelve (12) months; or

2. Which has been damaged or destroyed by fire or other casualty to the extent that normal operations cannot be resumed at the facility within twelve (12) months; or

(c) Replaces an existing manufacturing facility located in the same qualified county, and the existing manufacturing facility to be replaced cannot be expanded due to the unavailability of real estate at or adjacent to the manufacturing facility to be replaced. Any economic development project satisfying the requirements of this subsection shall only be eligible for inducements to the extent of the expansion, and no inducements shall be available for the equivalent of the manufacturing facility to be replaced. No economic development project otherwise satisfying the requirements of this subsection shall be approved by the authority which results in a lease abandonment or lease termination by the approved company without the consent of the lessor.

(6)[~~(4)~~] With respect to each eligible company making an application to the authority for inducements, and with respect to the economic development project described in the application, the authority shall request materials and make inquiries of the applicant as necessary or appropriate. Upon review of the application and completion of initial inquiries, the authority may, by resolution, give its preliminary approval by designating an eligible company as a preliminarily approved company and authorizing the undertaking of the economic development project. After preliminary approval and completion by the eligible company of its bond, loan, or other financing and review thereof by the authority, the authority may by final approval designate an eligible company to be an approved company.

Section 2. KRS 154.22-050 is amended to read as follows:

The authority may enter into, with any approved company, a financing agreement with respect to its economic development project. Subject to the inclusion of the mandatory provisions set forth below, the terms and provisions of each financing agreement shall be determined by negotiations between the authority and the approved company.

(1) If an eligible company, at the time of submission of its application to the authority to become an approved company, requests the authority in writing to issue bonds on its behalf, then each financing agreement used in connection with the issuance of bonds by the authority shall include the following provisions:

   (a) The term of a financing agreement shall not be less than the last maturity of the bonds issued with respect to the economic development project, except that the financing agreement may terminate upon the earlier redemption of all of the bonds issued with respect to the economic development project and, if the authority owns the economic development project, the authority may grant to the approved company or its affiliate an option to purchase, for the consideration the authority may approve, the economic development project from the authority upon the termination of the financing agreement. Nothing in this subsection shall limit the extension of the term of a financing agreement if there is a refunding of the correlative bonds or otherwise.

   (b) All proceeds of any bonds incurred in connection with the economic development project shall be expended by the approved company within three (3) years from the date of the financing agreement. In the event that all proceeds of bonds incurred in connection with the economic development project are not fully expended within the three (3) year period, the amount of the authorized inducements shall automatically be reduced to and shall not be greater than the amount of proceeds actually expended by the approved company within the three (3) year period.

   (c) The financing agreement shall specify that the annual obligations of the approved company pursuant to KRS 154.22-010 to 154.22-080 shall equal in each year the annual debt service for that year on the bonds issued with respect to the economic development project; and the approved company shall pay such obligation of the financing agreement to the trustee for bonds issued for the benefit of the approved company, at such time and in such amounts sufficient to amortize such bonds.

   (d) 1. In consideration for financing agreement payment, the approved company may be permitted the following during the period of time not to exceed fifteen (15) years from the activation date in which the financing agreement is in effect, which period of time shall commence for purposes of the following upon the date of the financing agreement.

         a. A one hundred percent (100%) credit against the Kentucky income tax that otherwise would be owed in the year, as determined under KRS 141.347, to the Commonwealth by the approved company on the income of the approved company generated by or arising out of the economic development project, the credit not to exceed the total debt service paid under the respective financing agreement; plus

         b. The aggregate assessment withheld by the approved company in each year.

      2. The income tax credited to the approved company referred to herein shall be credited for the fiscal year for which the tax return of the approved company is filed. The approved company shall not be required to pay estimated income tax payments as prescribed in KRS 141.042.

   (e) 1. The financing agreement shall provide that the assessments, when added to the credit for the Kentucky income tax herein granted, shall not exceed the total financing agreement annual payment by the approved company in any year; however, to the extent that financing agreement annual payments exceed credits received and assessments collected in any year, the excess payment may be recouped from excess credits or assessment collections in succeeding years.

      2. If in any fiscal year of the approved company during which the financing agreement is in effect the total of the income tax credit granted to the approved company plus the assessment collected from the wages of the employees equals the annual payment pursuant to the financing agreement, and if all excess payments pursuant to the financing agreement accumulated in prior years have been recouped, the assessment collected from the wages of the employees shall cease for the remainder of that fiscal year of the approved company, and the approved company shall resume normal personal income tax and occupational license fee withholdings from the employees' wages for the remainder of that fiscal year.

      3. If in any fiscal year of the approved company during which the financing agreement is in effect, the total of the income tax credit granted to the approved company plus the assessment collected from the wages of the employees exceeds the annual payment pursuant to the financing agreement, and if all excess payments pursuant to the financing agreement accumulated in prior years have been recouped, the approved company shall pay the excess to the Commonwealth as income tax.

      4. If in any fiscal year of the approved company during which the financing agreement is in effect the assessment collected from the wages of the employees exceeds the annual payment pursuant to the financing agreement, and if all excess payments pursuant to the financing agreement accumulated in prior

years have been recouped, the assessment collected from the wages of the employees shall cease for the remainder of that fiscal year of the approved company, the approved company shall resume normal personal income tax and occupational license fee withholdings from the employees' wages for the remainder of that fiscal year, and the approved company shall remit to the Commonwealth and applicable local jurisdictions their respective shares of the excess assessment collected on the withholding filing date for employees' wages next succeeding the first date when the approved company collected excess assessments.

(f) The financing agreement shall provide in substance that:

1. It may be assigned by the approved company only upon the prior written consent of the authority following the adoption of a resolution by the authority to such effect; and

2. Upon default by the approved company in any obligations under the financing agreement or other documents evidencing, securing, or related to the approved company's obligations, the authority, or any of its assignees, shall have the right, at its option, to declare the financing agreement or other such documents in default; and

a. Accelerate and declare the total of all such payments due by the approved company and sell the economic development project at public, private, or judicial sale;

b. Pursue any remedy provided under the financing agreement or other such documents;

c. Pursue all other remedies available to it under the Kentucky Uniform Commercial Code;

d. Be entitled to the appointment of a receiver by the Circuit Court wherein any part of the economic development project is located; and

e. Pursue any other remedy at law to which it appears entitled.

3. All remedies provided in subsection (1)(f)2. of this section shall be deemed cumulative.

(2) If an eligible company, at the time of submission of its application to the authority to become an approved company, does not request the authority in writing to issue bonds on its behalf, then each financing agreement used in connection with loans or other financing (other than bonds issued by the authority for which subsection (1) of this section shall be used) shall include the following provisions:

(a) The term of a financing agreement, which shall commence on the date of the financing agreement, shall not be longer than:

1. The maturity of any loan or other financing incurred in connection with the economic development project, except that the financing agreement may terminate upon the earlier prepayment of all loans or other financing incurred in connection with the economic development project; or

2. Fifteen (15) years from the activation date.

3. Nothing in this subsection shall limit the extension of the term of a financing agreement if there is a refinancing of the loans or other financing. The authority shall not own an economic development project that is the subject of this form of financing agreement.

(b) All proceeds of any loan or other financing incurred in connection with the economic development project shall be expended by the approved company within three (3) years from the date of the financing agreement. In the event that all proceeds of any loan or other financing incurred in connection with the economic development project are not fully expended within the three (3) year period, the authorized inducements shall automatically be reduced to and shall not be greater than the amount of proceeds actually expended by the approved company within the three (3) year period.

(c) 1. The approved company may be permitted the following during the term of the financing agreement:

a. A one-hundred percent (100%) credit against the Kentucky income tax that otherwise would be owed in the year, as determined under KRS 141.347, to the Commonwealth by the approved company on the income of the approved company generated by or arising out of the economic development project, such credit not to exceed the total debt service paid with respect to the loans or other financing incurred in connection with the economic development project; plus

b. The aggregate assessment withheld by the approved company in each year.

2. The income tax credited to the approved company shall be credited for the fiscal year for which the tax return of the approved company is filed. The approved company shall not be required to pay estimated income tax payments as prescribed in KRS 141.042.

(d) 1. The financing agreement shall provide that the assessments, when added to the credit for the Kentucky income tax as provided in KRS 154.22-060, shall not exceed the total annual debt service payments of the approved company with respect to the loans or other financing incurred in connection with the economic development project in any year; however, to the extent that such annual debt service payments exceed credits received and assessments collected in any year, the excess payment may be recouped from excess credits or assessment collections in succeeding years.

2. If, in any fiscal year of the approved company during which the financing agreement is in effect, the total of the income tax credit granted to the approved company, plus the assessment collected from the wages of the employees, equals the annual debt service payments with respect to the loans or other financing incurred in connection with the economic development project, and if all excess payments with respect to the loans or other financing incurred in connection with the economic development project accumulated in prior years have been recouped, the assessment collected from the wages of the employees shall cease for the remainder of that fiscal year of the approved company and the approved company shall resume normal personal income tax and occupational license fee withholdings from the employees' wages for the remainder of that fiscal year.

3. If in any fiscal year of the approved company during which the financing agreement is in effect the total of the income tax credit granted to the approved company plus the assessment collected from the wages of the employees exceeds the annual payment pursuant to the financing agreement, and if all excess payments pursuant to the financing agreement accumulated in prior years have been recouped, the approved company shall pay the excess to the Commonwealth as income tax.

4. If in any fiscal year of the approved company during which the financing agreement is in effect the assessment collected from the wages of the employees exceeds the annual payment pursuant to the financing agreement, and if all excess payments pursuant to the financing agreement accumulated in prior years have been recouped, the assessment collected from the wages of the employees shall cease for the remainder of that fiscal year of the approved company, the approved company shall resume normal personal income tax and occupational license fee withholdings from the employees' wages for the remainder of that fiscal year, and the approved company shall remit to the Commonwealth and applicable local jurisdictions their respective shares of the excess assessment collected on the withholding filing date for employees wages next succeeding the first date when the approved company collected excess assessments.

(e) The financing agreement shall provide in substance that it may be assigned by the approved company only upon the prior written consent of the authority following the adoption of a resolution by the authority to that effect.

(f) The financing agreement shall provide that an approved company shall require of any lender to the approved company funding the loans or other financing incurred in connection with the economic development project written evidence to be provided to the authority of payments of all annual debt service to such lender. Such evidence shall be provided to the authority within forty-five (45) days after the end of each fiscal year of the financing agreement.

(g) The financing agreement shall provide that if an approved company fails to comply with its respective obligations under the financing agreement, or that the lender to an approved company fails to comply with its requirements set forth in subsection (2)(f) of this section, or is declared in default under the loans or other financing incurred in connection with the economic development project, then the authority, or any of its assignees, shall have the right, at its option, to:

1. Suspend the availability of the income tax credits and job development assessment fees to the approved company;
2. Pursue any remedy provided under the financing agreement, including termination thereof; and
3. Pursue any other remedy at law to which it appears entitled.

(3) All remedies provided in subsection (2)(g) of this section shall be deemed cumulative.

(4) Pursuant to this section, the activation date shall be established by the approved company in the financing agreement at any time in a two (2) year period after the date of final approval of the financing agreement by the authority. To implement the activation date, the approved company shall notify the authority, the Revenue Cabinet, and the approved company's employees of the activation date when the implementation of the inducements authorized in the financing agreement shall occur. If the approved company does not satisfy the minimum investment and minimum employment requirements of KRS 154.22-040***(5)***[~~(3)~~] by the activation date, the approved company shall not be entitled to receive inducements pursuant to this subchapter until the approved company satisfies the requirements; however, the fifteen (15) year period for the term of the financing agreement shall begin from the activation date. Notwithstanding the previous sentence, if the approved company does not satisfy the minimum investment and minimum employment requirements of KRS 154.22-040***(5)***[~~(3)~~] within two (2) years from the date of final approval of the financing agreement, then the approved company shall be ineligible to receive inducements under this subchapter unless an extension is approved by the authority.

(1) The cabinet shall have four (4) separate and distinct functions in administering this chapter:

2. To establish criteria for issuance and denial of certificates of need which shall be limited to the following considerations:

a. Consistency with plans. Each proposal approved by the cabinet shall be consistent with the state health plan, and shall be subject to biennial budget authorizations and limitations, and with consideration given to the proposal's impact on health care costs in the Commonwealth. The state health plan shall contain a need assessment for long-term care beds, which shall be based on a statistically valid analysis of the present and future needs of the state as a whole and counties individually. The need assessment shall be applied uniformly to all areas of the state. The methodology shall be reviewed and updated on an annual basis. The long-term care bed need criteria in the state health plan or as set forth by the appropriate certificate of need authority shall give preference to conversion of personal care beds and acute care beds to nursing facility beds, so long as the state health plan or the appropriate certificate of need authority establishes a need in the affected counties and the proposed conversions are more cost-effective than new construction. The fact that the state health plan shall not address the specific type of proposal being reviewed shall not constitute grounds for disapproval of the proposal;

b. Need and accessibility. The proposal shall meet an identified need in a defined geographic area and be accessible to all residents of the area. A defined geographic area shall be defined as the area the proposal seeks to serve, including its demographics, and shall not be limited to geographical boundaries;

c. Interrelationships and linkages. The proposal shall serve to accomplish appropriate and effective linkages with other services, facilities, and elements of the health care system in the region and state, accompanied by assurance of effort to achieve comprehensive care, proper utilization of services, and efficient functioning of the health care system;

d. Costs, economic feasibility, and resources availability. The proposal, when measured against the cost of alternatives for meeting needs, shall be judged to be an effective and economical use of resources, not only of capital investment, but also ongoing requirements for health manpower and operational financing;

e. Quality of services. The applicant shall be prepared to and capable of undertaking and carrying out the responsibilities involved in the proposal in a manner consistent with appropriate standards and requirements assuring the provision of quality health care services, as established by the cabinet;

f. Hospital-based skilled nursing, intermediate care, and personal care beds shall be considered by the cabinet in determining the need for freestanding long-term care beds.

(b) Conduct public hearings, as requested, in respect to certificate-of-need applications, revocations of certificates of need, and denials, suspensions, modifications, or revocations of licenses.

(3) The cabinet may:

(a) Issue other administrative regulations necessary for the proper administration of this chapter;

(b) Administer oaths, issue subpoenas, subpoenas duces tecum, and all necessary process in proceedings brought before or initiated by the cabinet, and the process shall extend to all parts of the Commonwealth. Service of process in all proceedings brought before or initiated by the cabinet may be made by certified mail, or in the same manner as other process in civil cases, as the cabinet directs;

(c) Establish by promulgation of administrative regulation under KRS Chapter 13A reasonable application fees for certificates of need;

(d) Appoint technical advisory committees as are deemed necessary to administer its functions under the provisions of this chapter;

(e) Establish a mechanism for issuing advisory opinions to prospective applicants for certificates of need regarding the requirements of a certificate of need; and

(f) Establish a mechanism for biennial review of projects for compliance with the terms of the certificate of need.

A full and complete record shall be kept of all hearings, and all testimony shall be reported but need not be transcribed unless the decision is appealed pursuant to this chapter. The cabinet may adopt the hearing officer's findings and recommendations or prepare written findings of fact and state the basis for its decision which shall become part of the record of the proceedings.

SB 376, AN ACT relating to underinsured motorist coverage.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 304.39-320 is amended to read as follows:

(1) As used in this section, "underinsured motorist" means a party with motor vehicle liability insurance coverage in an amount less than a judgment recovered against that party for damages on account of injury due to a motor vehicle accident.

(2) Every insurer shall make available upon request to its insureds underinsured motorist coverage, whereby subject to the terms and conditions of such coverage not inconsistent with this section the insurance company agrees to pay its own insured for such uncompensated damages as he may recover on account of injury due to a motor vehicle accident because the judgment recovered against the owner of the other vehicle exceeds the liability policy limits thereon, to the extent of the underinsurance policy limits on the vehicle of the party recovering.

(3) If an injured person or, in the case of death, the personal representative agrees to settle a claim with a liability insurer and its insured, and the settlement would not fully satisfy the claim for personal injuries or wrongful death so as to create an underinsured motorist claim, then written notice of the proposed settlement must be submitted by certified or registered mail to all underinsured motorist insurers that provide coverage. The underinsured motorist insurer then has a period of thirty (30) days to consider authorization of the settlement or retention of subrogation rights. An injured person, or in the case of death, the personal representative, may agree to settle a claim with a liability insurer and its insured for less than the underinsured motorist's full liability policy limits. If an underinsured motorist insurer authorizes settlement or fails to respond as required by subsection (4) of this section to the settlement request within the thirty (30) day period, the injured party may proceed to execute a full release in favor of the underinsured motorist's liability insurer and its insured and finalize the proposed settlement without prejudice to any underinsured motorist claim.

(4) If an underinsured motorist insurer chooses to preserve its subrogation rights by refusing permission to settle, the underinsured motorist insurer must, within thirty (30) days after receipt of the notice of the proposed settlement, pay to the injured party the amount of the written offer from the underinsured motorist's liability insurer. Thereafter, upon final resolution of the underinsured motorist claim, the underinsured motorist insurer is entitled to seek subrogation against the underinsured motorist and the liability insurer for the amounts paid to the injured party.

(5) The underinsured motorist insurer is entitled to a credit against total damages in the amount of the limits of the underinsured motorist's liability policy in all cases to which this section applies, even if the settlement with the underinsured motorist under subsection (3) of this section or the payment by the underinsured motorist insurer under subsection (4) of this section is for less than the underinsured motorist's full liability policy limits. The term "total damages" as used in this section means the full amount of damages determined to have been sustained by the injured party, regardless of the amount of underinsured motorist coverage. Nothing in this section, including any payment or credit under this subsection, reduces or affects the total amount of underinsured motorist coverage available to the injured party.

The House Committee Substitute to **SB 376** is as follows:

AN ACT relating to underinsured motorist coverage.

(3) If an injured person or, in the case of death, the personal representative agrees to settle a claim with a liability insurer and its insured, and the settlement would not fully satisfy the claim for personal injuries or wrongful death so as to create an underinsured motorist claim, then written notice of the proposed settlement must be submitted by certified or registered mail to all underinsured motorist insurers that provide coverage. The underinsured motorist insurer then has a period of thirty (30) days to consent to the settlement or retention of subrogation rights. An injured person, or in the case of death, the personal representative, may agree to settle a claim with a liability insurer and its insured for less than the underinsured motorist's full liability policy limits. If an underinsured motorist insurer consents to settlement or fails to respond as required by subsection (4) of this section to the settlement request within the thirty (30) day period, the injured party may proceed to execute a full release in favor of the underinsured motorist's liability insurer and its insured and finalize the proposed settlement without prejudice to any underinsured motorist claim.

(4) If an underinsured motorist insurer chooses to preserve its subrogation rights by refusing to consent to settle, the underinsured motorist insurer must, within thirty (30) days after receipt of the notice of the proposed settlement, pay to the injured party the amount of the written offer from the underinsured motorist's liability insurer. Thereafter, upon final resolution of the underinsured motorist claim, the underinsured motorist insurer is entitled to seek subrogation against the underinsured motorist and the liability insurer to the extent of its limits of liability insurance for the amounts paid to the injured party.

(5) The underinsured motorist insurer is entitled to a credit against total damages in the amount of the limits of the underinsured motorist's liability policies in all cases to which this section applies, even if the settlement with the underinsured motorist under subsection (3) of this section or the payment by the underinsured motorist insurer under subsection (4) of this section is for less than the underinsured motorist's full liability policy limits. The term "total damages" as used in this section means the full amount of damages determined to have been sustained by the injured party, regardless of the amount of underinsured motorist coverage. Nothing in this section, including any payment or credit under this subsection, reduces or affects the total amount of underinsured motorist coverage available to the injured party.

- ***(e) The goals of the Commonwealth in obtaining and deploying the most advanced forms of information technology properly include universal access so that segments of society with particular needs, including individuals unable to use visual displays, will not be left out of the information age.***

(2) All programs and activities that are supported in whole or in part by public funds shall be conducted in accordance

with the following principles:

(a) Individuals who are blind or visually impaired shall have the right to full participation in the life of the Commonwealth, including the use of advanced technology that is provided by the state or state-assisted organizations for use by employees, program participants, and members of the general public; and

The Committee on Natural Resources and Environment reported **HR 133, SB 311, SB 313, SB 318,** and **SB 364** with the expression of opinion that the same should pass. Read at length for the first time and ordered placed in the Calendar.

HR 133, A RESOLUTION encouraging cost-free opening of landfills.

WHEREAS, the improper disposal of solid waste increasingly threatens the health, welfare, and quality of life of all Kentuckians; and

WHEREAS, in many of the impoverished areas of the state, the tipping fees and other costs related to the use of county landfills for solid waste disposal are a disincentive for low income individuals to use landfill facilities and they instead turn to illegal dumping; and

WHEREAS, illegal dumping not only threatens the natural beauty of our state but also threatens our ground water quality and poses a serious health hazard to our citizens; and

WHEREAS, the role of government should always be to protect the health and welfare of our citizens; and

WHEREAS, county governments have been given the responsibility to create a solid waste management plan for each county and to designate administration and operation of county landfills;

NOW, THEREFORE,

Be it resolved by the House of Representatives of the General Assembly of the Commonwealth of Kentucky:

Section 1. County governments across the Commonwealth are urged to give consideration to the establishment of county programs or policies which would result in the regular opening of county landfills for private citizens to dispose of household waste at no charge.

Section 2. County governments are encouraged to educate their citizens as to the health and environmental risks associated with illegal dumping and to increase their efforts against illegal dumping within their jurisdictions.

Section 3. The Clerk of the House is directed to send copies of this resolution to all county judge/executives throughout the Commonwealth for dissemination to members of the fiscal court in each county.

Notification received by the cabinet of a threatened release or discharge shall not be deemed a separate incident.

(14) The cabinet shall be the lead agency for hazardous substance, pollutant, or contaminant emergency spill response and, after consultation with other affected federal, state, and local agencies and private organizations, shall establish a contingency plan for undertaking emergency actions in response to the release of a hazardous substance, pollutant, or contaminant. The contingency plan shall:

(a) Provide for efficient, coordinated, and effective action to minimize damage to the air, land, and waters of the Commonwealth caused by the release or threatened release of hazardous substances, pollutants, or contaminants;

(a) Recover from persons liable therefor for the benefit of the hazardous waste management fund, the cabinet's actual and necessary costs expended in response to a threatened release, an environmental emergency, or a release of a hazardous substance that is reportable under this section. Except as provided in paragraph (b) of this subsection, this section is intended solely to recognize the existence of a cause of action on behalf of the cabinet and is not intended to expand or contract the bases of liability, the elements of proof, or the amount of liability of any person;

(b) Notwithstanding paragraph (a) of this subsection, recover its costs incurred in the removal of oil or hazardous substances discharged in violation of Section 311(b)(3) of the Federal Clean Water Act from any person liable therefor under Section 311 of the Federal Clean Water Act subject to limitations of liability and defenses provided in the section. The limitations of liability shall apply to the total of state and federal expenses; and

(c) In every case where action required under this section is not being adequately taken or the identity of the person responsible for the release or threatened release is unknown, the cabinet or its agent may contain, remove, or dispose of the hazardous substance, pollutant, or contaminant or take any other action consistent with this section, including, but not limited to, issuance of an emergency order as provided in KRS 224.10-410 to the person possessing, controlling, or responsible for the release or threatened release as necessary for the protection of the environment and public health, safety, or welfare**.**~~[;]~~

(16) Any duly authorized officer, employee, or agent of the cabinet may upon notice to the owner or occupant enter any property, premises, or place at any time for the purposes of this section, if the entry is necessary to prevent damage to the air, land, or waters of the Commonwealth. Notice to the owner or occupant shall not be required if the delay attendant upon providing it will result in imminent risk to public health or safety.

(17) The cabinet shall prepare and annually update an inventory of all sites in the Commonwealth at which there is or has been an environmental emergency or a release of a hazardous substance, pollutant, or contaminant. In preparing the inventory, the cabinet shall determine, based on information available to the cabinet, the impact of each site on public health and the environment and identify the relative priority for restoration or remedial action. Upon determining that no further restoration or remedial action is necessary, the cabinet shall so designate the site on the inventory. A separate designation of sites where a remedial action involving on-site containment or treatment has been performed and other sites where restoration of the environment has not been achieved shall be maintained. A review of environmental conditions at sites remediated by on-site containment or treatment and other sites where restoration or remediation of the environment is not achieved shall be conducted by the cabinet every five (5) years to determine whether additional action is necessary to protect human health or the environment.

(18) Any person possessing or controlling a hazardous substance, pollutant, or contaminant which is released to the environment, or any person who caused a release to the environment of a hazardous substance, pollutant, or contaminant, shall characterize the extent of the release as necessary to determine the effect of the release on the environment, and shall take actions necessary to correct the effect of the release on the environment. Any person required to take action under this subsection shall have the following options:

(a) Demonstrating that no action is necessary to protect human health, safety, and the environment;

(b) Managing the release in a manner that controls and minimizes the harmful effects of the release and protects human health, safety, and the environment ***by implementing engineering, institutional, land use restrictions, or other controls***;

(c) Restoring the environment through the removal of the hazardous substance, pollutant, or contaminant; or

(d) Any combination of paragraphs (a) to (c) of this subsection.

(19) Unless otherwise required by the cabinet, a person required to characterize the extent of a release and correct the effect of the release on the environment under subsection (18) of this section may take those actions without making the demonstrations to the cabinet required by subsections (18) to (21) of this section, if:

(a) The release is less than the reportable quantity of a hazardous substance, pollutant, or contaminant;

(b) The release is of a pollutant or contaminant for which a reportable quantity has not been established by administrative regulation promulgated pursuant to subsection (2) of this section, if the release does not present an imminent or substantial danger to the public health or welfare; or

(c) The release is authorized by a state or federal permit.

(20) If a person required to take action under subsection (18) of this section demonstrates to the cabinet that, pursuant to subsection (18)(a) of this section, no action is necessary to protect human health, safety, and the environment or, pursuant to subsection (18)(b) of this section, the release will be managed in a manner that controls and minimizes the harmful effects of the release and protects human health, safety, and the environment, the cabinet shall not require restoration of the environment through the removal of the hazardous substance, pollutant, or contaminant pursuant to subsection (18)(c) of this section.

(21) A person required to take action under subsection (18) of this section who does not restore the environment through removal of the hazardous substance, pollutant, or contaminant in accordance with subsection (18)(c) of this section shall demonstrate to the cabinet that the remedy is protective of human health, safety, and the environment, by considering the following factors:

(a) The characteristics of the substance, pollutant, or contaminant, including its toxicity, persistence, environmental fate and transport dynamics, bioaccumulation, biomagnification, and potential for synergistic interaction and with specific reference to the environment into which the substance, pollutant, or contaminant has been released;

(b) The hydrogeologic characteristics of the facility and the surrounding area;

(c) The proximity, quality, and current and future uses of surface water and groundwater;

(d) The potential effects of residual contamination of potentially impacted surface water and groundwater;

(e) The chronic and acute health effects and environmental consequences to terrestrial and aquatic life of exposure to the hazardous substance, pollutant, or contaminant through direct and indirect pathways;

(f) An exposure assessment;~~[and]~~

(g) ***The effectiveness of engineering or institutional controls and binding land use restrictions or limitations governing the future use of the site; and***

(h) All other available information.

(22) A person who submits a proposal to the cabinet pursuant to subsection (18) of this section may request in writing a final determination on the proposal no sooner than thirty (30) days after its submission. When a final determination on the proposal is requested, the cabinet shall make its final determination within sixty (60) working days from the date the request is received by the cabinet. After a final determination has been made, the person requesting the final determination may request a hearing pursuant to the provisions of KRS 224.10-420. Nothing in this subsection shall relieve any person of any obligations imposed by law during an environmental emergency, nor shall it require the cabinet to approve a proposal which would violate this chapter or the administrative regulations promulgated pursuant thereto.

(23) (a) The cabinet shall have a lien against the real and personal property of a person liable for the actual and necessary costs expended in response to a release or threatened release or an environmental emergency. The lien shall be filed with the county clerk of the county in which the property of the person is located.

(b) If a financial institution exempted from liability by subsection (26) of this section conveys the site it has acquired, then the cabinet shall have a lien against the site for the actual and necessary costs expended in response to a release or threatened release or an environmental emergency. The lien shall be filed with the county clerk of the county in which the site is located.

(24) Nothing in this section shall replace the financial and technical assistance available to the Commonwealth pursuant to Section 311 of the Federal Clean Water Act (Public Law 92-500) as amended, but shall be used to provide the Commonwealth with a mechanism for additional response to releases and threatened releases of hazardous substances, pollutants, or contaminants.

(25) Defenses to liability, limitations to liability, and rights to contribution shall be determined in accordance with Sections 107(a) to (d) and 113(f)(1) of the Comprehensive Environmental Response Compensation and Liability Act, as amended, and the Federal Clean Water Act, as amended.

(26) In addition to the defenses and limitations provided in subsection (25) of this section, a financial institution that acquired a site by foreclosure, by receiving an assignment, by deed in lieu of foreclosure, or by otherwise becoming the owner as a result of the enforcement of a mortgage, lien, or other security interest held by the financial institution, shall not be liable under this section with respect to the site, if:

(a) The financial institution served only in an administrative, custodial, financial, or similar capacity with respect to the site before its acquisition;

(b) The financial institution did not control or direct the handling of the material causing the environmental emergency, or control or direct the handling of the hazardous substance, pollutant, or contaminants, at the site before its acquisition;

(c) The financial institution did not participate in the day-to-day management of the site before its acquisition;

(d) The financial institution, at the time it acquired the site, did not know and had no reason to know that a hazardous substance, pollutant, or contaminant was disposed at the site. For purposes of this paragraph, the financial institution shall have undertaken, at the time of acquisition, all appropriate inquiries into the previous ownership and uses of the property consistent with good commercial or customary practice in an effort to minimize liability. What actions constitute all appropriate inquiries shall be determined by taking into account any specialized knowledge or experience on the part of the financial institution, the relationship of the market value of the site to the value of the site if uncontaminated, commonly known or reasonably ascertainable information about the site, the obviousness of the presence or likely presence of contamination at the site, the ability to detect the contamination by appropriate inspection, and any other relevant factor;

(e) The financial institution, when it undertakes actions to protect or preserve the value of the site, undertakes those actions in accordance with this chapter and the administrative regulations adopted pursuant thereto;

(f) The financial institution, its employees, agents, and contractors did not cause or contribute to an environmental emergency, or to a release or threatened release of a hazardous substance, pollutant, or contaminant; and

(g) The financial institution complies with the release notification requirements of subsection (9) of this section.

(27) In addition to the defenses and limitations provided in subsection (25) of this section, a financial institution serving as a fiduciary with respect to an estate or trust, the assets of which contain a site, shall not be liable under this section with respect to the site if:

(a) The financial institution served only in an administrative, custodial, financial, or similar capacity with respect to the site before it became a fiduciary;

(b) The financial institution did not control or direct the handling of the material causing the environmental emergency, or control or direct the handling of the hazardous substance, pollutant, or contaminants, at the site before it became a fiduciary;

(c) The financial institution did not participate in the day-to-day management of the site before it became a fiduciary;

(d) The financial institution, at the time it became a fiduciary, did not know and had no reason to know that a hazardous substance, pollutant, or contaminant was disposed at the site. For purposes of this paragraph, the financial institution shall have undertaken, at the time it became a fiduciary, all appropriate inquiries into the previous ownership and uses of the property consistent with good commercial or customary practice in an effort to minimize liability. What actions constitute all appropriate inquiries shall be determined by taking into account any specialized knowledge or experience on the part of the financial institution, the relationship of the market value of the site to the value of the site if uncontaminated, commonly known or reasonably ascertainable information about the site, the obviousness of the presence or likely presence of contamination at the site, the ability to detect the contamination by appropriate inspection, and any other relevant factor;

(e) The financial institution, when it undertakes actions to protect or preserve the value of the site, undertakes those actions in accordance with this chapter and the administrative regulations adopted pursuant thereto;

(f) The financial institution, its employees, agents, and contractors did not cause or contribute to an environmental emergency, or to a release or threatened release of a hazardous substance, pollutant, or contaminant; and

(g) The financial institution complies with the release notification requirements of subsection (9) of this section.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 189.270 is amended to read as follows:

(1) [~~(a)~~]The department may ***issue***[~~promulgate administrative regulations, pursuant to KRS Chapter 13A, to govern the issuance of~~] permits for the operation of motor vehicles, manufactured homes, recreational vehicles, ***boats, or any other vehicle transporting a nondivisible load***[~~vehicles transporting microwave satellite television antennae, and vehicles transporting boats or farm equipment~~], whose gross weight including load, height, width, or length exceeds the limits prescribed by this chapter or which in other respects fail to comply with the requirements of this chapter. Permits may be issued by the department for stated periods, special purposes, and unusual conditions, and upon terms in the interest of public safety and the preservation of the highways as the department may require.

(2) Except as provided in subsection (7) of this section, the department may, at the request of an applicant, issue a

single-trip permit regardless of the type of vehicle or equipment being transported that exceeds the weight or dimension limits established by this chapter if the load being transported is a nondivisible load. A single-trip permit shall cost sixty dollars ($60) for each overweight or overdimensional permit requested.

(3) Except as provided in subsection (7) of this section, the department may, at the request of an applicant, issue an annual permit regardless of the type of vehicle or equipment being transported that exceeds the weight or dimension limits established by this chapter if the load being transported is a nondivisible load. The vehicle shall not exceed sixteen (16) feet in width exclusive of usual and ordinary overhang, one hundred twenty (120) feet in length including a towing vehicle and trailer combination, thirteen (13) feet six (6) inches in height, or one hundred twenty thousand (120,000) pounds. Except as provided in subsections (4) and (7) of this section, an annual permit for loads less than fourteen (14) feet in width shall cost two hundred fifty dollars ($250). An annual permit for loads exceeding fourteen (14) feet in width shall cost five hundred dollars ($500).

(4) An annual permit to transport farm equipment less than fourteen (14) feet in width shall cost eighty dollars ($80). An annual permit to transport farm equipment that exceeds fourteen (14) feet in width from a dealership to a farm or from a farm to a dealership shall cost one hundred fifty dollars ($150).

(5) Permits issued under this section shall be for nondivisible loads and shall be valid statewide; however, the department may, as a condition of issuing an annual or single-trip permit, limit the overweight or overdimensional vehicle to specified routes, exclude certain highways, or even cancel an applicant's permit if an unreasonable risk of accident or an unreasonable impedance of the flow of traffic would result from the presence of the overweight or overdimensional vehicle. A person who applies for, and accepts, a permit issued under this section is acknowledging that the Kentucky Transportation Cabinet is not guaranteeing safe passage of vehicles by issuing the permit. A person who applies for, and accepts, a permit issued under this section agrees to measure all clearances of highway structures, both laterally and vertically, prior to passage of the person's vehicles along the routes specified in the permit. A person who applies for, and accepts, a permit issued under this section is classified as a bare licensee whose duty is to assume sole risk involved in using Kentucky's highways without warranty of accuracy.

(6) The department shall promulgate administrative regulations under KRS Chapter 13A to establish requirements for escort vehicles, safety markings, and other safety restrictions governing the operation of an overweight or overdimensional vehicle. The department shall provide each applicant for an annual or single-trip permit issued under this section a copy of all restrictions associated with the overweight or overdimensional permit at no charge to the applicant. The department shall be prohibited from raising the permit fee established in subsections (2) and (3) of this section by levying additional fees for an overweight or overdimensional permit through the administrative regulation process.

(8)[~~(d)~~] The department may require the applicant to give bond, with approved surety, to indemnify the state or counties against damage to highways or bridges resulting from use by the applicant. The operation of[~~ motor~~] vehicles[~~, manufactured homes, and recreational vehicles~~] in accordance with the terms of the permit *issued under this section*

Movement of boats in excess of sixty-five (65) feet in length and twelve (12) feet in width shall be preceded by notification to the Department of Vehicle Regulation, Division of Motor Carriers of any trip to be made under the permit. The department may, no later than eighteen (18) hours after the receipt of notice, prohibit the trip if, because of temporary or special conditions, an unreasonable risk of accident or unreasonable impedance of the flow of traffic would be created.~~

~~(5) Upon the issuance of an annual permit for the operation of a motor vehicle or vehicle described in subsection (4) of this section, the department shall provide each applicant free of charge a publication which contains a description of the administrative regulations that are applicable to the operation of the motor vehicle or vehicle including escort vehicles, safety markings, and other applicable restrictions. The department shall update the publication within thirty (30) days of any change in an administrative regulation that pertains to the operation of a motor vehicle or vehicle described in subsection (4) of this section.~~

~~1. An annual overlength permit may be issued for a towing vehicle and trailer combination which does not exceed one hundred twenty-five (125) feet in overall length. Restrictions may be placed on routes and the permit use limited if unreasonable risk of accident or unreasonable impedance of traffic flow could be created. An annual permit to transport poles or pipe which are fifty-five (55) feet or less in length shall cost one hundred dollars ($100). An annual permit to transport poles or pipe which are more than fifty-five (55) feet in length shall cost three hundred fifty dollars ($350). AN ACT relating to elementary and secondary education.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. A NEW SECTION OF KRS CHAPTER 158 IS CREATED TO READ AS FOLLOWS:

(1) The General Assembly finds the following:

- *(a) Judicial decisions concerning religion, free speech, and public education are widely misunderstood and misapplied;*
- *(b) Confusion surrounding these decisions has caused some to be less accommodating of the religious liberty and free speech rights of students than permitted under the First Amendment to the United States Constitution;*
- *(c) Confusion surrounding these decisions has resulted in needless conflicts and litigation;*
- *(d) The Supreme Court of the United States has ruled that the establishment clause of the First Amendment to the United States Constitution requires that public schools neither advance or inhibit religion. Public schools should be neutral in matters of faith and should treat religion with fairness and respect;*
- *(e) Neutrality to religion does not require hostility to religion. The establishment clause does not prohibit reasonable accommodation of religion, nor does the clause prohibit appropriate teaching about religion;*
- *(f) Accommodation of religion is required by the free speech and free exercise clauses of the First Amendment to the United States Constitution; and*
- *(g) Setting forth the religious liberty rights of students in a statute would assist students and parents in the enforcement of the religious liberty rights of students and would provide impetus to efforts in public schools to accommodate religious belief in feasible cases.*

(2) The purpose of Sections 1 to 7 of this Act is to create a safe harbor for schools desiring to avoid litigation and to allow the free speech and religious liberty rights of students to the extent permissible under the establishment clause.

SECTION 2. A NEW SECTION OF KRS CHAPTER 158 IS CREATED TO READ AS FOLLOWS:

As used in Sections 1 to 7 this Act, unless the context requires otherwise:

(1) "Establishment clause" means the portion of the First Amendment to the United States Constitution that forbids laws respecting an establishment of religion;

(2) "Free exercise clause" means the portion of the First Amendment to the United States Constitution that forbids laws prohibiting the free exercise of religion;

(3) "Free speech clause" means the portion of the First Amendment to the United States Constitution that forbids laws abridging the freedom of speech;

(4) "Public school" means any school that is operated by the state, a political subdivision of the state, or a governmental agency within the state; and

(5) "Student" means an individual attending a public school.

SECTION 3. A NEW SECTION OF KRS CHAPTER 158 IS CREATED TO READ AS FOLLOWS:

(1) A student shall have the right to carry out an activity described in any of paragraphs (a) to (d) of subsection (2) of this section, if the student does not:

- *(a) Infringe on the rights of the school to:*
  - *1. Maintain order and discipline;*
  - *2. Prevent disruption of the educational process; and*
  - *3. Determine educational curriculum and assignments;*
- *(b) Harass other persons or coerce other persons to participate in the activity; or*
- *(c) Otherwise infringe on the rights of other persons.*

(2) Subject to the provisions of subsection (1) of this section, a student shall be permitted to voluntarily:

(a) Pray in a public school, vocally or silently, alone or with other students to the same extent and under the same circumstances as a student is permitted to vocally or silently reflect, meditate, or speak on nonreligious matters alone or with other students in the public school;

(b) Express religious viewpoints in a public school to the same extent and under the same circumstances as a student is permitted to express viewpoints on nonreligious topics or subjects in the school;

(c) Speak to and attempt to discuss religious viewpoints with other students in a public school to the same extent and under the same circumstances as a student is permitted to speak to and attempt to share nonreligious viewpoints with other students. However, any student may demand that this speech or these attempts to share religious viewpoints not be directed at him or her;

(d) Distribute religious literature in a public school, subject to reasonable time, place, and manner restrictions to the same extent and under the same circumstances as a student is permitted to distribute literature on nonreligious topics or subjects in the school; and

(e) Be absent, in accordance with attendance policy, from a public school to observe religious holidays and participate in other religious practices to the same extent and under the same circumstances as a student is permitted to be absent from a public school for nonreligious purposes.

(3) No action may be maintained under Sections 1 to 7 of this Act unless the student has exhausted the following administrative remedies;

(a) The student or the student's parent or guardian shall state his or her complaint to the school's principal. The principal shall investigate and take appropriate action to ensure the rights of the student are resolved within seven (7) days of the date of the complaint;

(b) If the concerns are not resolved, then the student or the student's parent or guardian shall make a complaint in writing to the superintendent with the specific facts of the alleged violation;

(c) The superintendent shall investigate and take appropriate action to ensure that the rights of the student are resolved within thirty (30) days of the date of the written complaint; and

(d) Only after the superintendent's investigation and action, may a student or the student's parent or legal guardian pursue any other legal action.

SECTION 4. A NEW SECTION OF KRS CHAPTER 158 IS CREATED TO READ AS FOLLOWS:

(1) Nothing in Sections 1 to 7 of this Act shall be construed to affect, interpret, or in any way address the establishment clause.

(2) The specification of religious liberty or free speech rights in Sections 1 to 7 of this Act shall not be construed to exclude or limit religious liberty or free speech rights otherwise protected by federal, state, or local law.

Repairs made under warranty shall be made at no charge to the consumer.

SECTION 4. A NEW SECTION OF KRS CHAPTER 151B IS CREATED TO READ AS FOLLOWS:

(1) If, after a reasonable attempt to repair, the nonconformity is not repaired, the manufacturer shall carry out, at the option of the consumer, the requirements under paragraph (a) or (b) of this subsection.

(a) To provide for refunds, at the request of the consumer, the manufacturer shall do one (1) of the following:

1. Accept return of the assistive device and refund to the consumer and to any holder of a perfected security interest in the consumer's assistive device, as the interest may appear, the full purchase price including any finance charge paid by the consumer at the point of sale, plus collateral costs, less a reasonable allowance for use, except that in the case of hearing aids, the manufacturer's invoice price shall be refunded; or
